Toronto Stocks

TORONTO (CP)—Base metals ended at a record index high on the Toronto stock exchange Thursday. Emphasis was on coppers. Producers have expressed the belief that a price increase for the metal is on the way and earnings on copper production are expected to show improvement.

Seniors spearheaded the base metals advance. Hudson Bay was at a high of 65 with a gain of 1½. Best gains in juniors went to Copper Cliff, up 35 at $2.70 on 103,000 shares. Quebec Nickel, up 22 at $2.68, and United Keno Hill. Chromium lost an early advantage and was off 25 at $3.00.

Uraniums went ahead at the start and managed to hold most of their ground. Norpax won considerable attention, trading 1,337,000 shares and jumping 19 cents to 52. Gains up to 29 cents went to Lorado, Black Bay, Pardee, Bicroft, Chimo and Gulch Mines. Losses were mostly small. Beaucage dropped 20 at $3.15.

Western oils joined the upward movement, trading moderately with few features. Price changes went to around 25 cents at the most. Best of the gainers were Peruvian, Security, Merrill Pete General Pete A and Calvan. On the downside were Canadian Oil Lands, Mid-Western Gas, Southland and Liberal Pete.

In an improved golds group, Hollinger added a fraction with support in the juniors from Preston East Dome, Thompson-Lund and Anglo-Rouyn.

Index gains: golds .91 to 86.03, base metals 1.32 to 208.34 and western oils .62 to 114.82.

G.M. Earnings Record Peak

NEW YORK, (AP)—General Motors Corp., the world's largest manufacturing company, announced Wednesday that unprecedented business volume in the second quarter of this year sent sales and earnings to record peaks.

Sales and earnings for the first half of the year also reached new highs, the company said.

President Harlow H. Curtice and chairman Alfred P. Sloan Jr. noted that sales in the first half —up 29 per cent compared with a year ago—were substantially greater than sales for any full year prior to 1950.

GM said that U. S. and Canadian factory sales of cars and trucks for the first six months exceeded 2,400,000 units, a gain of 32 per cent compared with last year.

Buy Less On Instalments

OTTAWA (CP) — Canadians bought less goods on the instalment plan in the first three months of the year than in the corresponding period of 1954, the bureau of statistics reported Wednesday. Cast and charge account sales increased.

Canadians owed $751,200,000 on instalment and charge accounts at the end of March this year, an increase of 3.1 per cent over the March, 1954, total of $728,400,000.
