MR. FRANCIS STANLEY, fishery warden, exhibited a splendid specimen of a trout at our office this forenoon. It was caught at Morell yesterday, and weighed exactly 4 lbs 1 ounce. Mr. Stanley informs us that he intends having it skinned and stuffed. We learn that the services in the Gospel Army Hall have been well attended this week. On Thursday evening Staff-Capt. Herbert and Rev. J. M. McLeod delivered addresses on the subject of temperance, and both were attentively listened to. At 8 o'clock to-morrow evening Mr. Whitman will read the testimonials received by Staff-Capt. Herbert.

The Gospel Army services to-morrow will be as follows: Prayer meeting at 7 a. m.; Consecration meeting at 9 a. m.; Revival meeting, 4 p. m., on which occasion Staff-Capt. Herbert will say a few words on the subject of repentance and restitution; evening services at 8 p. m.; subject "Christ's compassion for sinners." All are invited. We are informed that Jackson, the cooper, who cut his throat with a razor last Monday afternoon, is not satisfied with the result of that afternoon's work, and has since made several unsuccessful attempts to finish the job. He has to be closely watched night and day. When he is sufficiently recovered he will doubtless be removed to the lunatic asylum. We are informed that it is likely something will, after all, be done this summer in the matter of waterworks for Charlottetown. This will be good news for laborers and tradesmen; for the construction of waterworks will afford employment at good wages. It will also be good news for merchants and dealers who are paying unduly large insurance premiums. We hope the information is correct. On Sunday morning last, about 3 o'clock two lobster fishermen, who had been discharged and paid off the evening previous—stole a boat from the Portland Packing Co's. factory at St. Peter's Island, and set sail for Picou, which port they reached between 3 and 4 o'clock on Monday afternoon. After giving the boat in charge of the Station Agent, at the landing, informing him that they would call for it again in a few days, the men started off by train for Halifax. Mr. Rolfe, the manager of the factory, came to the city on Monday and telegraphed a description of both the men and the stolen boat to Halifax and Pictou, and also gave a description of Princess of Ryan, purser of the steamer, at Pictou Wales. When the steamer arrived at Pictou on Wednesday, Mr. Ryan saw a boat lying at anchor and immediately recognized it as the one stolen from the factory at St. Peter's Island. He informed the station agent of the state of affairs, and the boat was turned over to him, and brought to the city in the Princess of Wales last evening. The Halifax Chief of Police is on the track of the fishermen.

TELEGRAPHIC NEWS.

[SPECIAL DESPATCHES TO THE EXAMINER.]

Sudden Deaths.

HALIFAX, June 26. Several sudden deaths are reported from various parts of the Province: Joseph Hemmel was killed on the railway track at Sydney. A drunken Indian was cut in two by the train near St. John. Joseph Eagles, of Annapolis, was washed overboard from the brigantine Myrtle and drowned. Thomas Beach, of Leithes Cove, C. B., dropped dead when getting ready to go to the polls to vote. Richmond Dickie, a farmer, of Cornwallis, N. S., was so worried by his valuable horse being ruined by a barbed wire fence that he sent a bullet through his left breast and died. He leaves a wife and five children.

Home Rule.

LONDON, June 26. Imperial Parliament was prorogued and dissolved yesterday. Mr. Gladstone made a great speech at Manchester. His reception was indiscribably enthusiastic. Mr. Parnell spoke at Portsmouth. He said the separation idea was perfectly ridiculous. Mr. Gladstone's scheme was fully adequate to protect the minority. A separate parliament for Ulster would leave 400,000 Protestants in other parts of Ireland unprotected. The Irish people would cheerfully accept Mr. Gladstone's proposals as final.

An Important Decision.

HALIFAX, June 26. A cablegram announces that in the case of the Windsor and Annapolis Railway vs. the Dominion Government, the Privy Council has given a decision in favor of the Railway for \$130,000 damages and interest. This decision is the result of ex-Premier Mackenzie's bungling, in transferring the Windsor branch to the Western Counties Railway.

Large Cargoes.

HALIFAX, June 26. The steamer Uluda, which sailed for London yesterday, took 22,000 cases of lobsters and 54,000 bushels of grain as cargo. The steamer Worcester takes two and a half tons of fresh salmon and eight hundred barrels mackerel from Port Hawkesbury to Boston.

Relieving the Sufferers.

OTTAWA, June 26. The Dominion Government has sent \$5,000, and the Ontario Provincial Government \$1,500, to the Vancouver sufferers.

Crops in the Northwest.

WINNIPEG, June 26. There is an excellent outlook for the crops all over the Northwest this season.

The Exports for May.

OTTAWA, June 26. The exports for May are \$1,316,000 in excess of May last year.

Enfranchising the Indians.

OTTAWA, June 26. Three bands of the Northwest Indians are to be enfranchised.

Telegraphic Rates—A Reduction.

On and after July 1st the Anglo American Telegraph Co's rates to Sackville will be reduced to 25 cents for ten words, and 2 cents for each additional, making the rate to New Brunswick, Nova Scotia and Ontario, 50 cents for 10 words and 3 cents each for additional words. Rates to the United States and other places are thus reduced—25 cents for ten words and 1 cent for each additional word. Rates to Newfoundland will be \$1.25 for ten words, and 11 cents for each additional word. We hope that, as a result of the reduction, the Company will have a large increase of business. THE Pictou News says that a few days ago, Miss Lizzie Bowers, hailing from Halifax, and employed at the Bay View Lobster Factory, was poisoned from eating food which she thought was mushroom. It was a very severe case, and it was with much difficulty her life was saved. Dr. McKenzie was summoned, and when he arrived she was almost beyond recovery, her jaws being almost locked, requiring some effort to get her mouth open. She is now almost recovered. A SUPERSTITIOUS subscriber who found a spider in his paper, wants to know if it is considered a bad omen. Nothing of the kind. The spider was merely looking over the columns of the paper to see what merchants were not advertising, so that it could spin its web across his store door and be free from disturbance.

In aid of the new Presbyterian Church, at head of St. Peter's Bay. Tea to be held on the grounds of Mr. McCallum—a choice spot, looking out on the most beautiful sheet of water in the Maritime Provinces. Everything will be done to make it a most pleasant day for visitors. A Vigilance Committee will see to it that no one is interrupted in the lawful pursuit of enjoyment, and nothing will be allowed out of harmony with the traditions of Church Teas of the orthodox fashion.
