SUNDAY IN SCOTLAND.

(The Presbyterian Review)
According to the British exchanges, Scotland is rapidly ceasing to be a Sabbath-keeping country, taking Aberdeen as an example. In that city on a certain Sunday lately there were 354 shops open, and on another Sunday 372 bicycles passed along the Deaside road within an hour, while as many as 300 or 400 young men have been seen playing football near the Bay of Nigg on the Lord's day. This is certainly a serious condition of affairs, and it is well that the churches are being aroused to a sense of their duty.

MR. ANGELL'S OPINION.

(1st.) The "Monroe Doctrine," which in our judgment [so far as it applies to anything not adjacent to our boundaries] is humbug No. 1.

(2d.) That we must build and maintain on the Atlantic and Pacific Oceans two great navies to sustain the "Monroe Doctrine," which is humbug No. 2.

And (3d.) That to defend our Pacific coast we must annex the Sandwich Islands [2000 miles away], which is humbug No. 3.

We trust the American people will have the good sense to estimate these three humbugs at their true value.

We know perfectly well that it is proper that we should have a moderate army and navy.

But we also know that General Sherman was right when he said, "War is hell," and that those who are striving to get us into difficulty with foreign nations are enemies to civilization, humanity, religion, and the highest interests not only of our own country but of the whole human race.

It is a poor way to promote peace on earth to be constantly shaking our fist at other nations.

Geo. T. ANGELL.

SOMETIMES YOU THINK.

Sometimes we are led to believe that merchants make claims for their goods that they cannot substantiate. Our claims for Christy's Hats are big, we admit, but we guarantee to back them up with hats that will give satisfaction; hats that do not fade or turn green in a few months.

Sometimes We Know

that we buy our carpets direct from the manufacturers, there are others that don't. We know that our Carpet Department is the best place on Prince Edward Island for to buy Carpets, we keep the best grades, we show the largest assortment, and we know that our prices are the lowest.

Sometimes the People

know that we lead the trade in readymade clothing. Never have competitors been able to get near us; and just now we are offering a new thing in this line, that will simply knock the wind clean out of all competition, namely, **Fit Reform**. Those goods are as well made as custom work, in fact, each and every garment is tailor made, and cut in the very latest New York styles. The prices are much lower than getting it made to order.
