WALLS OF NEW CHURCH RISING

The walls are rising for the new church of the Holy Redeemer in the area between Spring Park Road and Upper Queen Street. The building will feature a new style of church architecture with the main building being round. The altar as the focal point of the Roman Catholic service will be in the centre of the main auditorium. Architect is Alfred J. Hennessey.

New Council Chambers Are Opened At Borden

BORDEN — For the first time the regular monthly meeting of the Borden Town Council was held last night in the new council chambers located on the main floor of the Town Hall.

The matter of providing adequate furnishings for the chambers was discussed and as a result Councillor William MacIver was appointed to purchase the required items.

Coun. Jay was also given the go-ahead to purchase two spotlights for the fire department and also a number of portable lights for use inside the fire trucks and for illumination at the scene of fires.

Following lengthy discussion on the advisability of purchasing a larger tank for the hose truck, it was decided to put this matter over until a later meeting for further consideration. The present tank has a 500-gallon capacity.

Following the presentation of the police report, council gave approval to grant Cnst. William Crane a brief vacation.

Present for the meeting were Mayor Gilbert Bell, Councillors J. G. Fleming, Everett MacKenna, Reginald MacAleer, William MacIvor and J. J. MacIsaac.

Norboro Native Dies In Sackville

The death of Mrs. William Allen occurred at Sackville Memorial Hospital on Friday, Sept. 6, 1963, She was in her 90th year.

Mrs. Allen was the former Frances Sharpe of Norboro, P.E.I. and was married to the late Capt. Bill Allen, captain of the ice boat, that some years ago plied between Cape Tormentine and Port Borden and had made her home for many years at Cape Tormentine.

Surviving are one son Ray of Cape Tormentine, three daughters Ola, Mrs. Mel. Fillmore, Sackville; Vida, Mrs. Tucker of Halifax, and Mary, Mrs. Hicks of Sackville; also one sister, Mrs. Hettie Webster of Charlottetown and one brother, George Sharpe, of Borden.

Funeral service was held Sunday, Sept. 8 at Cape Tormentine United Church, with interment in Bayfield cemetery.

Jaycees Hear Sen. Phillips

SUMMERSIDE — Senator Orville Phillips was guest speaker at the first meeting of the Summerside Junior Chamber of Commerce in the 1963-64 term last night and spoke on the organization of the government of Canada.

The meeting was held at Small's Birch Hill tourist home at Reid's Corner and was chaired by David Darby.

Following Senator Phillips remarks plans for the coming term were discussed.

Prospective members at the meeting were Fred Hyndman, Ray Clark and Alfred Groom.

SEED POTATO

(Continued from page one)

"If a poisonous chemical is used for burning down the crop, extreme caution should be exercised in its use, as it is extremely poisonous to live stock and humans," Mr. Ramsay added.

Summary of field inspection for the 1963 crop year:

Variety	Foundation	Certified	Acres Passed	Acres Rejected	Total Acres Entered

Senior Housing Project Okayed For Kensington

A site close to the Roman Catholic and United Churches in Kensington, has been chosen by the Senior Citizens Housing Corporation and Central Mortgage and Housing as the location for a senior citizens housing project.

Raising of money to purchase the site is being handled by a committee comprising chairman Alan Murphy, Fred Semple, Bruce O'Connor, William Burns, Everett Champion and Keith Harrington. Secretary of the committee is Helen Profitt.

It was learned this morning that construction will begin this fall and that eight to 12 units will be provided. The site, however, is large enough to provide for expansion if necessary.

The project will serve the area encompassed by the Kensington Regional High School district. The need for accommodation is being surveyed by church groups and welfare agencies.

A further meeting to complete details of the project will be held next week between directors of the building corporation and the local committee.

Welfare and Labor Minister Henry Wedge said last week that the corporation will be announcing its winter building program in a few weeks. Senior citizens housing units are proposed for Summerside, Wellington O'Leary and Alberton.

COUNCIL NAMES

(Continued from page one)

much work on the subject, should be approved.

REJECT LAND TRADE

In an unanimous decision the Council turned down a request from municipal Affairs Minister J. D. Stewart that the city deed land to the province the 65-acre Farquharson farm in exchange for the 51.6 acres of land the provincial government was deeding the city for the new incinerator site. It was pointed out that no such suggestion had been made at any meeting with provincial authorities, and that both Sherwood and Parkdale were to have use of the site.

In other business transacted the council approved:

That a general assessment board to assume the duties and functions of the city assessors for and in preparation for the assessment year of 1962 be constituted and appointed, its personnel to be J. P. Coombs, John Littner, and E. F. Sellar.

That Norman W. Lowther and Alfred J. Hennessey be appointed members of the Board of Appeals from civic rates and assessments for the year 1963.

That the sub-division owned by Mrs. Elmer MacNeill on Nassau Street as shown on plan be approved.

TENDERS ACCEPTED

That the tender of Douglas Bros. and Jones for the construction of new sewers in the Newland Crescent area at unit prices making a total of $4,615.50 be accepted.

That the tender of J. A. Likely and Sons for the supplying to the city with 575 ft of 15-inch pipe at a price of $611.51 and 1,600 ft of 12-inch pipe at a price of $1100.32 be accepted.

Finance chairman Hyndman was commended by council members when he showed that the city held a top rating in financial circles. He noted that in the sale of bonds during the past four months City of Charlottetown 5½'s stood at 99.146, while issues of 5½'s for the provinces of Ontario and Nova Scotia were quoted at 98¼ and the Province of New Brunswick at 96⅜.

He reported that in the eight months period tax receipts were up $140,000 over the same period last year.

Councillor Hyndman specifically noted that the education tax showed a $11,000 increase and that there was a boost of $18,000 in the collection of arrears.

Councillor MacNeill had a word of commendation for the Chief of Police and the department as a whole in his Police report. The month of August was the busiest ever experienced.

He drew the councils attention to the fact that 14 persons were convicted of drunken or Impaired driving and 50 for speeding. There were $740 paid for meter violations.

STREET WORK DELAYED

Councillor MacRae reported that weather had delayed 'topping' some of the streets but the program was two-thirds completed and should the weather hold could be completed this week.

The sidewalk program was about completed.

Reporting for the public property committee, Councillor Gormley reported the 'slab' for the new incinerator had been completed and the erection of the "teepee" would get underway in two or three weeks time.

He requested a meeting of the council to consider further the compulsory garbage collection proposal before consideration be given by the tender committee to make an award.

PARK BREASTWORK

The question of the breastwork at Victoria Park was brought up by His Worship Mayor A. Walton Gaudet and he suggested no help could be expected from Ottawa on this project. He thought perhaps the province might bear half the cost which he estimated in the vicinity of $300,000. At present, however, City Engineer Norman Stewart was preparing specifications and he felt these should be completed before making representations.

His Worship also inquired from Councillor Gormley about plans for the renovation of the council chambers. Councillor Gormley said he hoped to have plans ready for submission to council not later than November.

City Comptroller John Butler reported to the council that work on demolishing the old Legion Home was now progressing. The council felt that this area should be prepared for parking as soon as possible. It was also announced that the Roehford street site for the proposed new provincial building had been made available as a temporary parking site for the city by the provincial government.

Councillor Arsenault reported for the water and sewage committee in which he said consideration was being given the request of the Village of Sherwood for a connecting sewer outlet. Negotiations would continue, he said.

Councillors Wright and Gillis brought the council up-to-date on fire and light committee activities. Councillor Wright reported "little new". But Councillor Gillis stated that the program of installing new lights was complete and efforts would be pressed, through Maritime Electric Co. Ltd., to have the older lights cleaned.

Councillor Gormely felt something should be done to "brighten up' the Grafton-Queen Street corner, and Councillor Gillis promised to look into the matter.

Mayor Gaudet told the council he had received material from the Charlottetown Board of Trade relative to the city's potential for attracting new industries. He felt consideration for the production of an industrial brochure should await the submission to the council of the master boning plan and other relative subjects.

Applications for the position of rink manager and the operation of the concession at the Forum had been submitted to Councillor MacNeill and his committee for consideration, it was reported.

QUERIES ARRESTS

During a discussion on the Police report, Councillor Gillis queried the chairman on the practice followed by City Police in arresting and holding persons having open bottles of liquor in their possession. In order to get the release of such persons it was necessary to have the authorization of the city magistrate in person. The practice followed outside the city boundaries was that person not considered in a state of intoxication were ordered to appear in court next day.

Chief of Police Sterns Webster stated that 90 per cent of those arrested were in a state of intoxication and warranted their being held.

Councillor MacNeill promised to look into the matter, but felt sure the police exercised every discretion in making arrests.

ACCEPT STUDENTS

COPENHAGEN, Denmark (Reuters) — Two Communist Chinese nuclear scientists will study for one year at the Danish Institute for Theoretical Physics founded by the late Nobel prize-winner Niels Bohr, an institute official said Friday. Professor Aage Bohr, leader of the institute and son of its founder, said the two Chinese scientists will work on "purely scientific research" of an "open, non-classified nature" and with no connection to military purposes.

Car Ditched In Chase, S'side Man Fined $75

SUMMERSIDE — A Summerside resident, Roy Joseph Bernard, was fined $75 and costs or 30 days for speeding by Magistrate R. S. Hinton, QC, in town police court yesterday morning.

Sgt. Harry MacKay of the police department testified that a police vehicle had chased the Bernard-driven car at speeds of up to 80 miles per hour in the eastern section of town at approximately 4:30 a.m. Sunday.

The chase had ended, he said, when Bernard had lost control of the vehicle when he attempted to turn off Granville Street on to the Sherbrooke Road and went into the ditch.

Bernard said the car was his buddy's and said he didn't realize he was going that fast. Asked why he went faster when the police started chasing him he said it was as if something impelled him to do so.

In handing down the sentence Magistrate Hinton said "when you are driving so fast that you cannot keep your car on the road, it's really more than speeding, it's reckless driving."

Two persons, charged with being found in an unlawful state of drunkenness, were each fined $20 and costs.

For travelling 40 miles per hour on Water Street, William Lee Paynter, 22, was fined $10 and costs.

Clarence Arsenault and Joseph Francis Arsenault were each fined $5 and costs for screeching their tires.

Charged with impaired driving, Vernon Fulton Diamond failed to appear and his case was adjourned to a later date.

Kensington Area Is Planning For Next Year's Centennial

KENSINGTON — In preparation for centennial year, the Town of Kensington and area is in the progress of forming a group of committees to make plans for the celebration of the gala event.

A major, central committee will be composed of a chairman, co-chairman, secretary, treasurer and members who will also act on the various sub-committees dealing with the actual events to take place during the year.

The central committee is to handle all matters of correspondence all financial matters and will co-ordinate the action of the sub-committees.

The sub-committees will come under such headings as sports, community activities, special projects, agriculture, children's events, religious activities and education. There will also be an advisory group who will help the central committee whenever possible.

Boyd Beairsto has been named as chairman of the committee and Mrs. R. W. Auld is the secretary.

The group will have their next meeting Sept. 28 at the Kensington fire hall.

India, Pakistan Trade Charges Over Espionage

NEW DELHI (Reuters)—India and Pakistan have demanded the recall of air advisers and other diplomats from their respective countries amid joint allegations of espionage activities.

Prime Minister Nehru told India's lower house of Parliament Monday there is a "fairly wide conspiracy for espionage" being carried on and an Indian Air Force officer would face trial for giving classified papers to a Pakistani diplomat.

Pakistan has been asked to withdraw its air adviser, his assistant and two other Pakistan embassy employees in New Delhi.

Nehru attacked Pakistan's espionage charge, made Sunday night against India's air attache in Karachi and three other Indian officials as a "retaliatory action."

Tar Pot Blaze Is Quelled

SUMMERSIDE — Town firemen were called to Queen's Wharf early last evening when a tar pot, being used by Schurman's Ltd., went aflame. At the time the company was in the process of covering the roof of the new fish plant being erected on the wharf.

The firemen remained on the scene for approximately 45 minutes, using chemical and foam to extinguish the flaming pot.

Bluenose Traffic Shows Increase

YARMOUTH, N.S. (CP) — The CNR ferry Bluenose carried more passengers and vehicles between here and Bar Harbor, Me., in August than in the same month last year.

The ship carried 30,944 passengers and 9-163 vehicles last month. This was an increase of 1,291 passengers and 298 vehicles over August, 1962.

The biggest movement of traffic last month was from Yarmouth.

FALSE TEETH
That Loosen
Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder, on your plates. Hold false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor breath". Get FASTEETH at drug counters everywhere.

POPE SAY MASS IN COMMUNIST VILLAGE

Pope Paul VI meets children and adults as he leaves after saying mass in Trinity Church in the Communist village of Genzano, Italy. The mass was attended by the all-Communist municipal council, including the mayor. The village is near the papal summer palace at Cantel Gandolfo, where the Pope has been staying for the past several weeks. (AP Wirephoto)

TWO-DAY MARRIAGE ENDS

LOS ANGELES (AP) — Actress Marie McDonald's fifth husband has obtained an annulment of their marriage, which he claimed lasted only two day Edward P. Callahan, 42, a lawyer and stockbroker, contended in Superior Court Wenesday that Miss McDonald, 40, falsely told him before they married that she would give up her career for a home and children and would marry him in a Roman Catholic church.

Story of a young man on the way up

(or The shortest distance between two Grandmas is TCA!)

Even a four-year-old fellow who "travels" regularly by space ship to Mars and the Moon gets dreamy about the prospect of a real 9-mile-a-minute giant jet ride to see his Grandma. And with good reason—he remembers the thrill of TCA DC-8 jet flight when he went to see his other grandmother last year! 'Course it wasn't all A-O.K. For instance, the food was so good on the airplane, he had no cause for complaint...and his father hardly talked to him all during the flight (the big, comfortable, tilt-backable seats invite sleep)...in fact the trip is so short—no matter where you go—a guy has no time to get into trouble! (If you could see his mother's face, you'd know why she was smiling!)

Next time you go Somewhere special, go TCA ...luxurious First Class—or thrifty Economy Class. (They'll spoil you beautifully there, too!)

Economy Return Fares to a Few "Somewheres".
