

HUMANITY'S HOPE AND FRIEND.

PAINÉ'S CELERY COMPOUND the Great Health-giving Prescription.

The Weak and Run Down Secure Wonderful Vitality From the Great Medicine in the Summer Time.

Painé's Celery Compound is the greatest and most wonderful medical prescription of the age. That able, noble and christian physician, Professor E. Phelps, M. D., D. L. D., gave it to the world for the curing of those terrible diseases that are so common and prevalent in our modern life. Nervousness, sleeplessness, prostration, dyspepsia, constipation, rheumatism, neuralgia, headache, kidney and liver troubles and blood diseases, are banished forever by the use of Dr. Phelps' Painé's Celery Compound.

In summer time, when strength fails—when that tired, listless feeling is experienced from day to day—when the digestive

organs are not doing their work properly—when constipation is poisoning the blood—when disease with iron hand has taken possession of the body—then it is that Painé's Celery Compound shows its marvelous health-giving powers.

Thousands who have met with failures and disappointments in the use of the common medicines of the day, and who at last found health, strength and happiness in Painé's Celery Compound, have given strong testimony for the belief of all sick men and women.

Mrs. J. J. Dawson, 906 Sanguinet street, Montreal, writes as follows: "Having suffered for ten years with

general debility, dyspepsia and indigestion, that made life almost a continued misery, and having used a great many medicines without any satisfactory results, I was induced to try your Painé's Celery Compound. The first bottle I used seemed to strike at the very root of my trouble. Thus encouraged, I used two bottles more, with the result that I am cured of all my troubles. Your medicine has done for me what the doctors could not accomplish. Now I can eat well and enjoy my food, something that formerly was impossible. I cheerfully recommend your Painé's Celery Compound to all who suffer as I did; it certainly is the best medicine in the world."

BEGGING EASIER THAN WORK

At Least That's Why One Man Sold Out a Street Stand.

I once got a rather curious confession from a professional beggar, which if true, and I believe it was, opened my eyes to the reckless ways in which American beggars are made. "I had been keeping a sidewalk stand for years," said he. "I worked hard and earned from \$3 to \$4 a week. On that I lived. One night when I started to go home by the Mission street cars I found that my pocket had been picked. It was too far to walk, so I decided to borrow a nickel. The first man to whom I told my story gave me a quarter without hesitation. All the way home I thought it over. A quarter was as much as I made clear at my stand many a day. It all ended by my selling out and going to begging, always telling my first story. I have done pretty well since then and like the business."

One day I met him in Union square. "How's business?" I asked. He was leaning against a tree, deeply intent on some figures in a book. He slipped the book into his pocket and began to whine. "Never mind your regular story," I said, "I know it. Answer my question like a man, and you may add a dollar to your bank account."

After a little preliminary skirmishing he waxed confidential.

"I make it a rule," he said, "never to walk less than 100 blocks each day. It is a very poor block that doesn't average 2 1/2 cents. Two blocks will more often net me 10 cents." He consulted the book. "Yes, the average of the last six months is \$5 a day—that is, just 5 cents a block. I have been on this beat nearly a year now, and I have my regular customers. Excuse me a minute."

He passed through the fog to the other side of the street and touched his hat to an elderly acquaintance of mine who was coming down the broad steps of the Pacific Union club. In a moment he returned with a bright new quarter in his hand.

"I told him my wife was better today," he said, smiling pleasantly, "and that she prayed for him night and day. Well, so long! Your dollar passes the limit today—and business is over."

Can you blame him? Five dollars a day is the wages of a first class mechanic. Why should not begging become a profession when people are such easy game?—Overland Monthly.

FACTS ABOUT HEALTH

It is Easy to Keep Well if We Know How—Some of the Conditions Necessary to Perfect Health.

The importance of maintaining good health is easily understood, and it is really a simple matter if we take a correct view of the conditions required. In perfect health the stomach promptly digests food, and thus prepares nourishment. The blood is employed to carry this nourishment to the organs, nerves, muscles and tissues which need it. The first great essential for good health, therefore, is pure, rich blood. Now it is certainly a fact that no medicine has such a record of cures as Hood's Sarsaparilla. It is literally true that there are hundreds of people alive and well today who would have been in their graves had they not taken Hood's Sarsaparilla. It is depended upon as a family medicine and general regulator of the system by tens of thousands of people. This is because Hood's Sarsaparilla makes the blood pure. This is the secret of its great success. Keep your system in good health by keeping your blood pure with Hood's Sarsaparilla, which absolutely cures when other medicines fail to do any good whatever.

Hood's Pills are the only pills to take with Hood's Sarsaparilla.
