

Handful of Pilgrims Gather At Garden Tomb In Jerusalem

By WILTON WYNN
JERUSALEM (AP)—A handful of Easter pilgrims gathered in front of the Garden Tomb just outside the walls of Old Jerusalem Sunday for a sunrise service marking Christ's resurrection. Some say this is the tomb from which Jesus emerged on the first Easter morning. It is situated inside the ancient garden with its own cistern and wine press, indicating it was once the property of a rich man like Joseph of Arimathea who provided Christ's burial place. The climate of the Latin services in the old city came Sunday morning when Latin patriarch Alberto Gori walked over the flag-stoned streets from his seat deep inside the old city to the Holy Sepulchre to celebrate Easter mass.

In Israel, the weeklong passover neared its end. On Mount Zion in the Israeli part of Jerusalem a passover prayer service today will mark the end of the observance. At Israel's new port of Elath, a special service will be held. It will feature chanting of the Song of the Sea commemorating the miracle of the parting of the Red Sea during the exodus of the Jews from Egypt.

HONORED GUESTS

Consuls from Roman Catholic countries—preceded by liveried dragonmen beating silver tipped batons on the pavement—walked in procession and sat as honored guests at the service. In the wintup of Easter week observances, a sunrise service was held also outside the Church of Scotland in the Israeli sector of Jerusalem. Approximately 100 Christian pilgrims crossed from Israel into the old city to spend Easter. They included clergymen, members of the consular corps and some visitors. As they entered the old city other pilgrims were trickling back into Israel through the Mandelbaum Gate. About 400 crossed on Good Friday and planned to return Sunday night and today.

CITY QUIET

Despite Middle East tensions, Jerusalem was quiet during Easter week and pilgrims enjoyed Easter devotions in peace. The crises of the last few months have inhibited the flow of foreign tourists into Jerusalem to some extent, but all in all it was the best Easter Arab Jerusalem has known in at least two years. Last year the hotels were almost empty. This year was one of the rare occasions when both the Western and Oriental Easter fall on the same date and the influx of Oriental pilgrims jammed Jerusalem hotels to capacity. The tourist bureau estimated 5,000 foreign visitors were in Jerusalem Easter Sunday. More than 2,000 were UN Emergency Force troops from the Gaza Strip, allowed to enter the country without visas and wearing their own uniforms.

SPECIAL ARRANGEMENTS

Because so many Christian groups observed Easter in the same church of the Holy Sepulchre, special arrangements were made. The Holy Sepulchre church was reserved for the Holy Sepulchre church. The Holy Sepulchre church was reserved for the Holy Sepulchre church.

U. S. Agrees To Ease Bars On Allied Trade With Red China

WASHINGTON (AP)—The United States, bowing to British and Japanese pressure, has agreed to an easing of allied restrictions on trade with Red China. However, the ban on all U.S. trade with Red China will stand.

This was disclosed by the state department Saturday in a statement which said an American proposal on revising the trade control system has been presented to the embassies of 14 allied countries here.

Both Britain and Japan long have urged that the U.S. agree to an increase in allied trade with the Chinese communists. Britain particularly has advocated that the embargo on goods to Red China be reduced to the same level as that applied to Russia and its European satellites.

The U.S. proposal constitutes the first major gain for the British and Japanese demands although the whole matter is still subject to negotiation among the 15 countries participating in the system.

The statement disclosed that the U.S. intends to make no

DARNLEY SCHOOL
The following is the report for the month of March for Darnley School.
Grade X. 1. Dale Pickering and Roger Cousins, 2. Dorothy Connick.
Grade IX. 1. John Cousins, 2. Doris Connick, 3. Robert Cousins.
Grade VIII. 1. Mildred Thompson, 2. Margaret Pickering, 3. Marion Pickering.
Grade VII. 1. Wendell Mountain, 2. George Mountain.
Grade VI. 1. Wayne Bearsto, 2. Boyd Crozier, 3. Phyllis Crozier.
Highest average Mildred Thompson and Wendell Mountain 90 per cent.
Margaret B. Cousins, Principal.
Grade V. 1. Faye Bearsto, 2. Marjorie Campbell, 3. Kathleen MacKay.
Grade IV. 1. Earle Adams, 2. Gordon Crozier, 3. Earle Hickey.
Grade III. Sr. 1. Barbara Hickey, 2. Carol Hickey, 3. Paul Harding.
Grade III Jr. 1. Dorothy Mountain, 2. Edward Campbell, 3. William MacKay.
Teacher, Alma C. Adams.

VICTORIA NEWS

Mrs. E. H. Wright has returned to her home in Victoria, after spending several months in Charlottetown. It is always a great pleasure to welcome old friends back to the community again. The friends and relatives of Mr. Edward Boswell are sorry to learn of his serious illness. He was transferred by plane Tuesday from the P.E.I. Hospital to the Victoria Hospital, Halifax, where it is hoped he can be treated successfully. He is the eldest son of Mrs. and Mrs. Keith Boswell, Victoria. Mrs. Health MacQuarrie, returned last week by plane to Wellesley, Mass., after spending a ten day vacation at her home here. She is a mathematics teacher at Wellesley College.

STUDENTS PLAN URANIUM TOWN

For seven months, students from many countries attending Cornell University in Ithaca, N.Y., worked on planning the town of Elliot Lake, the new uranium centre on Blind River, Ont. Their master plan has been packaged and is now in the hands of the provincial government authorities who are considering the aspects that the students have recommended. In planning for a town of 30,000—one of the world's first completely pre-designed communities—the students considered such things as sewage disposal, location of houses for maximum sunlight, recreation centres, churches, protection in case of forest fire or war, division of married and single groups, schools, shopping centres, tourist motels and trailer camps. Here, Cornell students of architecture are considering the parkland facilities of their model town on a huge relief map of the entire area.

DAILY MARKET QUOTATIONS

SUMMARY

By THE CANADIAN PRESS
New York: Market higher; Industrials in demand.
Montreal: Industrials firmer; trading active.
Toronto: Market closed.

MONTREAL STOCKS

MONTREAL (CP)—The Montreal and Canadian stock exchanges closed irregularly higher Monday with industrial price movements ranging from more than two points.

In papers, Fraser at 29 1/2 and Powell River at 43 each gained 1/2, while Consolidated Paper at 26 1/2 pushed up 1/2 and Abitibi at 3 1/2 dropped an equal fraction. In an otherwise steady steel section, Algoma dropped a point to 124 and National Steel Car lost 1/4 at 12 1/2. Inter-Provincial Pipe Lines formed 1/2 at 59 1/2 and Trans-Mountain advanced a point to 123. Hudson Bay was low in papers, dropping 2 1/2 to 83 while Aluminum added 1 1/2 at 131 1/2. International Pipe showed the only movement in refining oils with a two-point increase to 52. In miscellaneous trading, WebB and Knapp tacked on 15 cents at 4.00 while General Dynamics was up 2 1/4 at 55.

Mines and oils were stronger. East Mining at 34 1/2 and Canadian Devonian at 8.00 each advanced 10 cents while Copper Range at 100 lost an equal amount. Provo at 34 1/2 and Faraday at 3.10 each added 15 cents while Canada Metal lost 15 cents at 5.10. Pacific Petroleum moved ahead 1 1/2 to 26 1/2 and Canadian Atlantic at 5.10 was up 15 cents.

GRAIN

WINNIPEG (CP)—Liberal offerings sent all grains lower Monday on the Winnipeg Grain Exchange. The downward trend was caused in part by declining tendencies on United States markets prompted by announcement of a lower support price for American wheat. All barley and rye contracts hit new seasonal lows, while other grains also dipped. Export interest was limited due to the extended Easter holidays in the United Kingdom and some European points.

Weekend export wheat loadings included: Switzerland 375,000 bushels, United Kingdom 150,000, Belgium 20,000 and West Germany 20,000.

Closing prices: Oats: May 1/2 lower 71; July 1/2 lower 70 1/2; Oct 1/2 lower 70 1/2. Barley: May 3/4 lower 87 1/2; July 3/4 lower 86 1/2; Oct 3/4 lower 86 1/2. Rye: May 1/2 lower 2.77; July 1/2 lower 2.70; Oct 1/2 lower 2.66 1/2. Wheat: May 1/2 lower 1.06 1/2; July 1/2 lower 1.05 1/2; Oct 1/2 lower 1.05.

Prices for class two wheat for export to countries outside IWA: 1 Nor 1.66; 2 1.63; 3 1.56; 4 1.48; 5 1.36; 6 1.32; 7 durum 2.36; 8 2.37; 9 2.35; IWA and domestic prices: 1 Nor 1.66; 2 1.63; 3 1.56; 4 1.48; 5 1.36; 6 1.32; 7 domestic durum 1.98 2 1.97; 3 1.95.

New Company Interested In N. S. Coal Mine

HALIFAX (CP)—A new company is interested in opening a coal mine in Nova Scotia's Pictou county. Premier Stanfield announced Saturday. It will be headed by Henry R. Thompson, operator of the Drummond mine at Westville and will be financed by him and other Pictou county associates. The premier said "It should be understood that the work being proposed is a pilot study and whether or not a large mining operation develops will depend upon the answers found to a number of questions as the mine proceeds." The new Pictou operation would which would not be of a high quality, he said. It may mean some readjustment of coal orders by the Nova Scotia Power Commission because the capacity of its Trenton power plant—the only known potential customer—cannot be increased immediately. The Nova Scotia government has given the same assurances of increased area power capacity to Mr. Thompson as it did to the Dominion Steel and Coal Corporation, the premier said. In its recent negotiations with Dosco, the government assured additional capacity of 30,000 kilowatts at the Trenton plant if Dosco opened a mine in the area with 1,000 tons daily output. These assurances were over the above present expansion work now being undertaken and which will give the Trenton plant an extra 20,000 kilowatts over its present capacity.

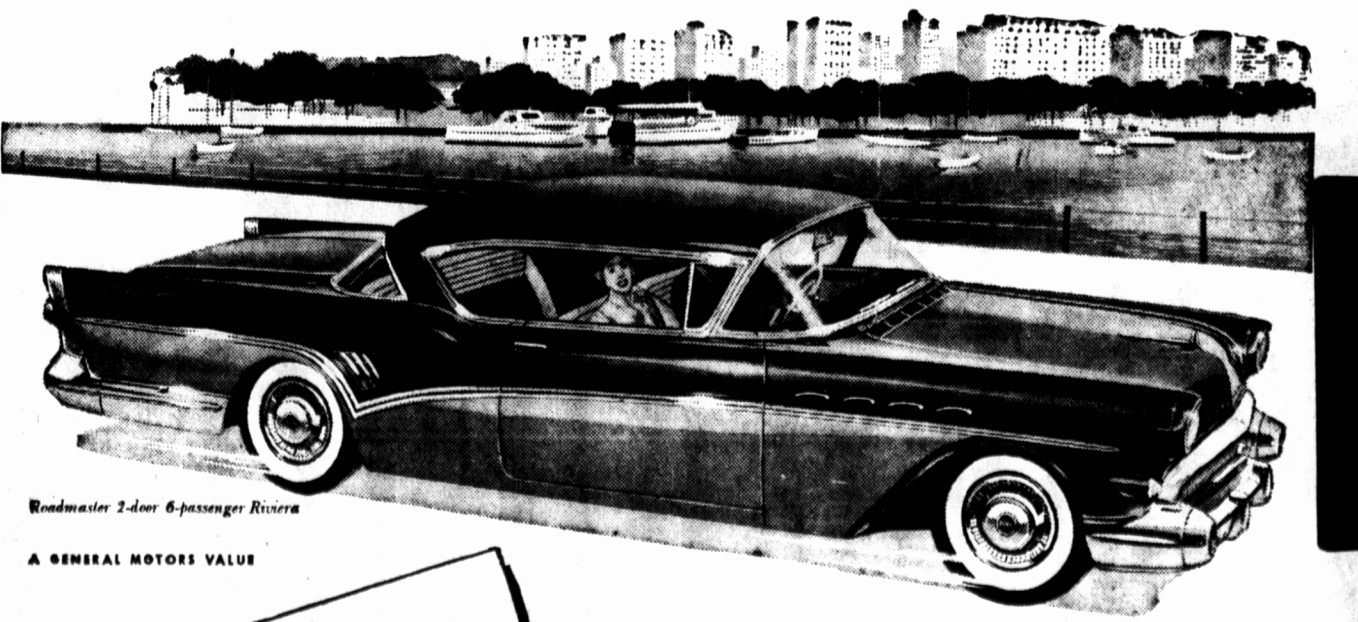

NEW YORK STOCKS

NEW YORK (AP)—The stock market moved ahead with fairly brisk turnover Monday. Industrials and specialties were the pace-makers. Rails and utilities did little, ending the day slightly behind on average. For key stocks the range of advances was from fractions to a point or so. But selected issues here and there did far better, making gains of 4 points or more. The Associated Press average of 60 stocks rose 30 cents to \$179.10. Canadian stocks moving upward included Aluminum Ltd., ahead 1 1/2 on sales of 2,000 shares. Walker-Gooderham 1/2 and Dome Mines 1/4. Lower were International Nickel, down one on 3,300 shares, Hudson Bay Mining 3/4.

LONG-LEGGED BIRD

Cranes, largest type of wading birds, are found in most parts of the world except Malaysia.

Don't settle for less... when Buick has so much more to offer!

Between Buick and ordinary cars there's a world of difference... in driving performance, in luxurious features, in style that's miles ahead. And you can discover that difference in a matter of moments. One glance—one relaxing sigh—one gentle touch of your toe will bring to you the big thrill that Buick offers everyone. One hill—one road—one sweeping curve will ignite an exhilaration that can't be expressed in words. And it's all Buick... it's all Buick's big difference. But look at it another way. Between Buick's prices and ordinary cars there's a difference of only pennies a week! Yes, it's literally true that if you can afford any new car, you can buy a Buick. And whether you choose the 250 horsepower SPECIAL, in any of its several models, or prefer the extra luxury of the 300 horsepower CENTURY, SUPER or ROADMASTER, they're all Buicks and they come equipped with that special Buick feeling! See your Buick dealer and ask about Buick's features... Dynaflow,* Million-Dollar Ride, and all. Do it soon or, better still... do it today! *New Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on CENTURY, SUPER and ROADMASTER—optional at modest extra cost on the SPECIAL.

The BIG Deal is BUICK

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM.
