DOCTOR HOOFLAND'S CELEBRATED

GERMAN BITTERS,

prepared by DR. C. M. JACKSON,

German Medicine Store,

No. 120 Arch St., one door below Sixth Philada.

Their power over the above diseases is not excelled, if equalled, by any other preparation in the United States, as the cures attest, in many cases after skilful physicians had failed.

These Bitters are worthy the attention of Invalids. Possessing great virtues in the rectification of the liver and lesser glands, exercising the most searching power in weakness and affections of the digestive organs, they are withal safe, certain, and pleasant.

Testimony from Maine.

CAPT. DANIEL ABBOTT, Brooklyn, Maine, July 16, 1855, says: "I was taken with a fever sore age, last April, upon my passage from Havanna to Charleston, S. C. At the latter place I took medicine and procured a physician, but for ten days could obtain no relief, no sleep or appetite. At last taking up a newspaper having your advertisement of 'Hoofland's German Bitters' in it, I sent for some immediately, this was about 10 o'clock, at 11 o'clock I took the first dose, and another at 6 o'clock. The effect was so rapid on me, that I had a good appetite for supper, and rested well that night, and the next day found me a well man. I have not been without your medicine since, having been sailing between Baltimore, Charleston and the West India Islands ever since. I have now given up going to sea, and reside in this place, where you should have an agency, as you could sell large quantities of it."

JOS. B. HALL & Co., Presque Isle, Aroostook Co., Maine, April 24, 1854, say: "We herewith send you a certificate of a cure performed by the use of *only one bottle* of the German Bitters, we think Mr. Clark to be a man of veracity, and have no doubt of the truth of his story."

Messrs. JOS. B. HALL & Co.—Gentlemen—In answer to your inquiries, I will state that my daughter, aged about 16 years, had been complaining of a pain in her side, for six or seven years, and about the first January last, was taken down and confined to her bed. The pain in her side was very severe, besides being troubled with pains between her shoulders and in her breast. From reading a number of cures performed by "Hoofland's German Bitters" I was induced to try it in her case, and sent to your store and purchased *one bottle*. She had taken it but a few days when she began to improve, and now, after taking *only one* bottle, she is enjoying better health than she has for years. She feels no pain in her side or in any part of her body, and attributes her cure *entirely* to the German Bitters. WILLIAM CLARK,

Salmon Brook, Aroostook Co., Me.

You should bear in mind that these Bitters are ENTIRELY VEGETABLE, thereby possessing advantages over most of the preparations recommended for similar diseases.

For sale by respectable dealers and storekeepers generally.

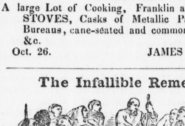
The Infallible Remedy!



HOLLOWAY'S PILLS.

ERYSIPELAS OF EIGHT YEARS' DURATION CURED.

Copy of a Letter from Geo. Sinclair, Esq., of Paris, Canada, dated the 18th July, 1854.

To Professor Holloway.

Sir,—I feel a pleasure and a pride in bearing witness to the wonderful benefit I have derived by the use of your inestimable Ointment and Pills. For eight years I suffered unceasingly from attacks of erysipelas; large purple blotches came all over my body; in addition to the unpleasant feeling of itching and burning, which affected me both night and day, rendering life a misery to me, as well as to all around,—no severe was the attack. I used several reputed remedies without deriving the least cessation to my misery. At last, I determined to try your Ointment and Pills; after taking them for a few weeks, a visible improvement took place, and I foe considerably better;—in three months, by continuing with your medicines, I was completely cured, and now enjoy the best of health. The truth of this statement is well known here, hence there is no necessity for me to request secrecy.

I am, Sir, yours respectfully,
(Signed) GEO. SINCLAIR.

ULCERS IN THE LEG,—REMARKABLE CURE.

Copy of a Letter from Mr. Edward Tomkinson, of Cape Breton, Nova Scotia, dated the 4th May, 1854.

To Professor Holloway.

Sir,—My sister, Miss Jane Tomkinson, suffered for a great number of years from a bad leg; in which there were several deeply seated and old wounds, defying the skill of some of the most eminent of the medical faculty, a variety of remedies were also used unsuccessfully; and it seemed to me that there was not any thing capable of mitigating the agonies she endured. At length, she had recourse to your Ointment and Pills, and after using them for about five weeks she was completely cured, by what other means had failed to afford her the slightest relief. I have no objection to these facts being published, if you feel disposed to make them known.

I remain, Sir, your most obedient servant.
(Signed) EDWD. TOMKINSON.

A BAD BREAST CURED WHEN AT DEATH'S DOOR!

Copy of a Letter from Mr. Henry Malden, of Three Rivers, Canada West, dated July 9th, 1854.

To Professor Holloway.

Sir,—My wife suffered most severely after the birth of our last child with a bad breast. There were several holes in it one as large as a hand; all the devices and stratagems I tried would not heal them, but it assumed an aspect more frightful than before, and horrible to behold. As a last resource I tried your Ointment and Pills, which she persevered with for seven weeks, at the expiration of that time her breast was almost well; by continuing with your remedies for two more weeks, she was entirely cured, and we offer you our united thanks for the cure effected.

I am, Sir, yours truly,
(Signed) HENRY MALDEN.

DR DE ROOS, from long practical experience in the most celebrated institutions of this country and the continent, has had, perhaps, unusual opportunities of observing the peculiarities relating to the physiology, pathology, and general treatment of the disorders referred to in the above work, and having devoted his studies almost exclusively to this class of diseases, he is enabled confidently to undertake their removal in as short a time as is consistent with safety.]

RUSSIA.

A letter from St. Petersburg says:—"The new recruitment has thrown the country into great terror. It is doubtful if 400,000 men capable of service can be found. The towns and districts furnishing the recruits will be obliged to provide them with fur cloaks, which is a heavy burden, owing to the present high prices of furs."

A letter from Odessa, of the 23d ult., says:—"The Russian army having been encouraged by the arrival of fresh reinforcements, does not think of quitting the Crimea.

Admiral Birch, Governor of Nicolaieff, and Admiral-in-chief of the Black Sea fleet and ports, is dismissed. Vice-admiral Metlin is appointed in his stead, with the additional command of the flotilla on the Danube.

There is a numerous party at St. Petersburg which deplores the war, and condemns the memory of the late Czar, for having wilfully generated the strife from which all ranks in Russia suffer deplorably, and pray that the present Czar may sacrifice vanities to solid realities. Each day the pressure is more acutely felt, and prospects become darker, whilst hitherto not a single alleviation in the career of military disasters has intervened to flatter national honour, or compensate for enormous losses.

In a private letter from Odessa, of the 22d ult., we read—"Since Kinburn has fallen into the power of the allies the communications kept up between Nicolaieff, Otchakoff, and Odessa by means of clippers have entirely ceased. Our official lists shows, that in September and October until the surrender of Kinburn ten vessels freighted with wheat, and five without lading, left Nicolaieff for Kherson, and 35 sea-going vessels, with seven river craft, left Kherson for Nicolaieff and Otchakoff laden with salt, timber, and coals."

St. Petersburg advices state that discoveries had lately been made of extensive peculations in several departments, and many persons occupying high positions were in disgrace. The dismissal of the Governor of Nicolaieff, which is said to have taken place, may possibly have had a connexion with these circumstances.

The Paris correspondent of the *Times*, writing on Tuesday, Nov. 6, says:—"A rumour was afloat last night that another attempt had been made on the Emperor's life. There was, however, no truth in it. The incident which gave rise to the report is the following:—about five o'clock last evening, one of the carriages of the court proceeded to the Lyons railway terminus to meet the Emperor on his return from Fontainebleau. The carriage was proceeded by an out-rider, or piqueur. On passing through the Faubourg St. Antoine the horse he rode began suddenly to rear, and at the moment, a pistol dropped from one of the holsters; it exploded as it fell on the pavement, and the bullet wounded in the arm a man who was standing near. The moment the Emperor arrived, he was informed of the accident, and without loss of time sent his chief surgeon, who extracted the ball, and who gave the wounded man 200f. for his immediate wants, independent of further assistance which will be given him. The Emperor felt much affected at the unfortunate accident, which gave rise to the rumour I have noticed, and which circulated in the neighbourhood. This, I am assured, is the real fact of the matter."

Accounts from Cuba to the 1st represent that new fears of an invasion of filibusteros had been excited, and that General de la Concha had made preparations for resisting it. He had also decided that the names of all workmen leaving for or arriving from the United States should be taken down. A mutual assurance company for the slaves had been established with permission of the Governor. A Madrid letter says:— A committee of the Cortes proposes the adoption of the bill for establishing a general credit bank in Spain. The privilege of establishing the bank is conceded to Messrs. de Kervegen, Millaud, and Co. Amongst other things, the bank is to make advances to the Government on security of the taxes to the amount of 100,000,000 reals, at four per cent. per annum.
