The State of Texas. The entire living population of the globe, 1,400,000,000 people, divided into families of five persons each, could be located in Texas, each family with a house on a half-acre lot, and there would still remain 70,000,000 vacant family lots.

We've heard of a woman who said she'd walk five miles to get a bottle of Dr. Pierce's favorite prescription if she couldn't get it without. The woman had tried it. And it's a medicine which makes itself felt in toning up the system and correcting irregularities as soon as its use is begun. Go to your Drug Store, pay a dollar, get a bottle and try it—try a second, a third if necessary. Before the third one's been taken you'll know that there's a remedy to help you. Then you'll keep on and a cure'll come. But if you shouldn't feel the help, be sure to be disappointed in results—you'll find a guarantee printed on the bottle wrapper that'll get your money back for you.

How many women are there who'd rather have the money than health? And "Favor it Prescription" produces health. Wonder is that there's a woman willing to suffer when there's a guaranteed remedy in the nearest drug store.

Dr. Pierce's Pellets regulate the Stomach, Liver and Bowels. Mild and effective.

The cod pursues the herring from the banks of Newfoundland to the southern coasts of Spain; and the sperm whale drives vast armies of herrings from the arctic regions.

PROBABLY in March, more than any other month in the year, are the ravages of cold in the head and catarrh most severely felt. Do not neglect either for an instant, but apply Nasal Balm, a time-tried, never-failing cure. Easy to use, pleasant and agreeable. Try it. Sold by all dealers or sent by mail, post paid, or receipt of price—50c and \$1 a bottle. Fulford & Co., Brockville, Ont.

The carrier pigeon has been brought in a bag a distance of one hundred miles from home, and having been let off, has returned in a straight line to the place whence it was removed.

DIPHTHERIA has often been cured with Johnson's Anodyne Liniment, when Doctors gave it up.

The recently discovered deposits of asphaltum in California are said to be the most extensive in the world.

A FRIEND in need is Johnson's Anodyne Liniment: more families should know it, and use it.

WHICH, of course, alters the case.—"Does your pastor permit himself to make jokes in the pulpit?" said one lady to another. "Oh, yes," was the answer in an apologetic tone; but they are never very good ones.—Washington Star.

"I COULD not get my coat on, but Johnson's Anodyne Liniment cured my rheumatic pains."

In possession of the Cuddy family, in Wintertop, Maine, is a bear's cord made of the sinews of a whale. It is fully as old as the Constitution of the United States, having been owned by four generations of the family.

IN THE months of March, April, and May, the blood should be purified and the system strengthened, so that it be able to withstand the debilitating effects of the changing weather and resist the attack of disease. The most reliable medicine to take to bring about the desired result is Eatey's Iron Tonic. For sale by all druggists.

Mrs. Hiskey: "How is your son getting along in college?" Mrs. Dickey: "He is getting ahead rapidly." (And then was more truth than she dreamed of in her statement.)—Puck.

ESTEY'S Emulsion of Cod Liver Oil is pleasant to take as milk. The peculiar manner in which it is made renders it acceptable to the most sensitive stomach. For Coughs, Colds, Consumption, delicate Children, Whooping Cough and all wasting diseases there is no remedy to equal it.

Boggs: "That watch has been a mighty good investment. Foggy—How so? Boggs: "I never let any one have it who did not get 12 per cent a month out of it."

FOR Scalds or burns use Philoderma. The devils' money cannot buy anything that the Christian ought to have.

MOTHERS should use Philoderma on their infant, as its soothing and healing properties render it invaluable for chafing. Druggists sell it—25c.

ALL through the Province, the rapid increase of La Grippe is causing great alarm. A report was received here to-day, that the development of the disease, which perhaps than any other.

Wm. Hanley, of New York City, died in terrible agony after a sickness of only four days. His tongue swelled to such an extent as to make it impossible for him to swallow or close his jaws. The report is causing the people in this community to enquire into the noted Grippe Cure recently published in so many papers.

In Cape Breton the disease has spread very rapidly and with fatal results. Dr. J. McKillop, of L'Anse-au-Loup, writes, Feb. 17th, that the medicine referred to has been tried in that district, and with such success that all those residing in the neighborhood are obtaining a supply, believing it to be the only remedy affording relief and effecting a certain cure.

He finished his letter by asking for a large quantity of the medicine, with a view to the Indian Root Pills, to supply the demands of the community for the relief of the grippe.

Forty-five per cent of the water consumed or drawn for domestic purposes in London is wasted.

THE foremost medicine of the day Burdock Blood Bitters, is a purely vegetable compound possessing perfect regulating powers over all the organs of the system and controlling their secretions. It so purifies the blood that it cures all blood-borne and diseases from a common pimple to the worst scrofulous sore, and this combined with its unrivaled regulating, cleansing and purifying influences on the secretions of the liver, kidneys, bowels and skin, render it unequalled for all diseases of the skin. From one to two bottles will cure boils, pimples, blotches, nettle rash, scurf, freckles, and all the simple forms of skin disease. From two to four bottles will cure salt rheum or eczema, shingles, erysipelas, ulcers, abscesses, running sores, and all skin eruptions. It is noticeable that this suffers from skin diseases are nearly always aggravated by intolerable itching, but this quickly subsides on the removal of the disease by B. B. B. Passing on to graver yet prevalent diseases such as scrofulous swellings, humors and scrofula, we have the undoubted proof that from three to six bottles used internally and by outward application (dissolved if the skin is broken) to the affected parts will effect a cure. The great mission of B. B. B. is to regulate the liver, kidneys, bowels and blood, to correct acidity and wrong action of the stomach and to open the sluiceways of the system to carry off the clogged and impure secretions, allowing nature thus to aid recovery and remove without fail bad blood, liver complaint, biliousness, dyspepsia, sick headache, dizziness, rheumatism, and every species of disease arising from disorder of the liver, kidneys, bowels, stomach and blood. We guarantee every bottle of B. B. B. Should any person be dissatisfied after using the first bottle we will refund the money on application, personally or by letter. We will also be glad to send testimonials and information proving the effects of B. B. B. in the above-named diseases, on application to T. McLELLAN & Co., Toronto, Ont.

Pointers To Advertisers.

Advertise and you always may. Advertising expertly prepared and typographically artistic is the rule of the day. That's why the advertising columns are read as eagerly and thoroughly now-days as the reading pages are. In some cases more so.

NEEDED BY ADVERTISERS.—Patience (Patients)—Patience is just as necessary to success in advertising as in medicine.

No great results have ever been attained without it.

It took more than a day to build Rome, and more than a week to create a world-wide demand for any medicine.

Many advertisers expect to harvest the results of advertising before they have planted the seed.

Broke, Broke, Broke. By the sad way sands of the sea, Is the man who failed to advertise, As he surely ought to be.

Flush, fish, flush. At the Normandy-by-the-Sea We find the judicious advertiser Up to his neck in glee.

Ah! well for the merchant man, Whom the market may be. If he puts his faith to printers' ink—Of wealth and fame the key.

A Ruined Garden.

All my roses are dead in my Garden—What shall I do?

Winds in the r. h. without it or pardon, Came there and it-w.

All my singing birds are dead in their bushes—What's the matter with them?

Robins and Hoops & blackbirds and thrushes Dead with a sick wings.

Oh, my Garden's ruffled and flowerless, Waste row and row and a row; Oh, my Garden's barren and bar-bareless, Through all the year.

Oh, my dead bird's each in his nest there, So cold and stark; What was the horrible death that pressed there When skies were dark?

What shall I do for my roses' sweetness The summer round—For all my Garden's divine completeness Of scent and sound?

I will leave my Garden for winds to harry? Where once was perfume and the wild brier marry And get thy incense.

But I will go to a friend men know not—A far, still land. Where no birds could find where roses blow not, And no trees stand—

Where no fruit grows, where no spring makes it, But row on row, Heavy, and red, a pregnant with quiet The poppies blow.

And there shall I be made whole of sorrow, Have no more care—No bitter thought of the coming morrow, Or days that were.

—Poems of Philip Bourke Marston.

CARD.

DEAR SIR,—As there seems to be another endeavor on the part of some persons to drive Dr. Baynes into a corner and from the Island, I think it time for his friends to again come to his rescue and publish the benefits he has conferred upon the sick, so that others may know where to apply for like benefits. My care was of long standing, the result of a weak circulation, and baffled the combined skill of half a dozen Island doctors. I am pleased to bear testimony that, if it had not been for the skill of Dr. Baynes, I would today be helpless. Before applying to him I was unable to sew or perform my necessary household work. After the first week's treatment I saw a change, and have steadily improved, till now I can perform my duties as well as ever. Yours, &c. H. W. C. GALBRAITH, Ch'town 18th March.

Morley's Testimony, The Rose of Paradise, Virginia of Virginia, Mr. Naydian's Family Circle, The Battle of the Swash, A Brother to Dragons, Picked Up in the Streets, Mr. and Mrs. Morton, Letters from Hell, etc., etc.

REMEMBER—All at SEVEN CENTS and worth thirty.

N. B.—Our garrulous and envious friend of the Ply-by-night order seems anxious to provoke a quarrel. Time is too precious to pay him any attention. His pastime seems to be waiting around, pimping and copying. We do not consider it necessary to be continually informing the public that trade is rushing, nor do we consider it necessary to insult any portion of the community by advertising them as dead beats, as he has done. He may continue to snarl; no further notice will be taken of him. The name we give was known to our establishment long before he crept here.
