LOCAL AND OTHER ITEMS

Dot to the Front.

The P. E. I. mare Dot won the 2.30 race at Lawrence, Mass., in straight heats, defeating ten others in 2.24¼, 2.25¼, 2.23¼.

P. E. Island Oysters.

Oyster fishing began in Richmond Bay on Saturday. Lovers of the bivalve in St. John are just now enjoying the pleasures of anticipation.

Seals at Victoria.

Another batch of Victoria sealing schooners has been heard from with over 9,000 skins on board. Those owners who talk about asking the British Government to buy out their outfit appear to have been somewhat previous in their despair.

Cricket.

The cricket match at the Park on Saturday afternoon, Militiamen vs. Allcomers, was a very interesting game. The Militiamen batted first and put together 69 runs. When time was called the Allcomers had 72 runs and three wickets to fall.

Police Court.

At the Police Court this morning an assault case was dismissed; the case of a horse running at large was disposed of for $2 or 8 days, fine to be imposed next offence, and the boy Waugh, for the larceny of a fence rail, not appearing, a warrant was issued for his arrest.

Marine News.

The schr. Blagota, Capt. McWade, arrived here from New York this morning with a cargo of 1,300 casks of kerosene oil for Rattenbury Bros.

The steamship Bonavista, Fraser, master arrived from Montreal to-day with a general cargo, and will sail this evening for St. John's, Nfld.

J. D. Macleod & Co.

We call attention to the advertisement in to-day's issue of the old and well-known firm of J. D. McLeod & Co. They have sold out their old stock and will begin business again in Dodd's brick building, Queen Street, with an entirely new stock of groceries, which they will sell at the lowest possible prices. We bespeak for them a long continued patronage.

The South Carolina Liquor Law.

The Tillman liquor law in South Carolina is not meeting with the success that was anticipated. There is a prodigious amount of illicit traffic. The net revenue to the state, which was estimated at not less than $500,000 a year, it is now stated may not this year exceed $125,000. Meanwhile, it remains a fact that the most temperate countries of Europe and the world have no liquor law.

In Memory of Hamilton Fish.

The flag at the United States Consulate is placed at half-mast for ten days as a tribute of respect to the memory of Hon. Hamilton Fish, who died on the 7th of this month at Garrisons, New York State. He filled the office of Secretary of State for eight years and held other positions of great responsibility and trust in the service of the nation and his native state.

The Opening Play.

The ladies and gentlmen who under Mr. Pope's management so successfully presented the play "Esmeralda," have kindly consented to open the Masonic Temple Opera House on the 25th and 26th of October. The drama chosen for the opening night is adopted by Mrs. Burton Harrison, of which the Critic in its theatrical notes says: "Of all the pretty plays which have been seen on the boards of the Madison Square Theatre, a Russian Honeymoon is the prettiest."

In Short Metre.

To-day another summons was issued for stealing fruit.

It is rumored that one of our amateur oarsmen was capsized while sculling on the harbor yesterday afternoon.

The executive committee of the Y. M. C. A., will meet in the secretary's office, this evening at 8 o'clock. A full attendance is requested.

Brighton Boy, owned by Mr. Barrett Henderson, of North River, was inadvertently omitted from the list of entries for the 2-year-old race, published in Saturday's paper.

An alarm of fire was rung in on Saturday about midnight, from box 231. The firemen turned out promptly, but their services were not needed. The alarm was caused by the crossing of wires.

Swedish Quartette.

The entertainment by the Swedish Quartette Concert Company, the second in the Star Entertainment Course under the auspices of the Y. M. C. A., was one of the best that has ever been held in Vancouver, and the large audience—for the house was crowded to the doors—were thoroughly delighted with the evening's amusement. Every number was received with stirring applause and in each case an encore, and in some cases the performers were called back twice. Miss Barden, the elocutionist, made an immense hit, and after every selection received rousing applause. The entertainment throughout was such that it could not have been better.—News Advertiser, Vancouver, B. C. In the Lyceum, Thursday evening next, under Y. M. C. A. auspices.

Wheat for the Million.

Shipments of new wheat are being received by the C. P. R. every day, but only from the large farmers, principally in the Carman and Portage Plains district. The general run of the farmers of Manitoba have not yet commenced threshing, having to wait their turn until the travelling threshers reach their farms. The great difficulty the C. P. R. authorities meet with is in the supplying of cars to the different stations, the demand all along the line being unprecedented, as agents expect shipments every day. The Company have 3,000 box cars ready to carry out the season's work. Considerable old wheat is moving from outside elevators to mills in Winnipeg, Portage and Keewatin, and also to the elevators at Fort William. At Fort William there are about 800,000 bushels of wheat still remaining, and it is being shipped east in quick order in readiness for the reception of new wheat. In the country elevators there are about 500,000 bushels of last year's crop.

"DAMARA."

We have just received word of the arrival of S. S. Damara at Halifax with 22 cases of goods for us.

This lot contains the balance of our Ladies' Capes and Mantles, Dress Goods and Trimmings, Hosiery and Smallwares, and will be open about Tuesday next.

BEER BROS

Fruit in Montreal.

More fruit is being handled in Montreal this summer than has ever been known in the history of the trade. Most of this fruit is Canadian, but we are getting not a little California stuff. The Canadian crop is a large one especially of peaches and plums.

The Black Knot of Plum Trees.

It is now an established fact that that kerosene oil will destroy the black knot of the plum and cherry. Paint the affected parts thoroughly, so as to saturate it with the oil. The growth of the fungus will be stopped, and in time the deceased part will fall off. All plum trees should be examined in July and August, and the oil applied wherever there is a sign of the disease.

A New Industry for Chatham.

Chatham Advance: If information that reaches us this week is correct, Chatham has an excellent prospect of securing a new industry in the form of a mechanical pulp mill. There have been some rumors on the subject afloat for several weeks, but it is now definitely known that Mr. Kaindler, the Parisian engineer, who was here some years since in connexion with the construction of the Maritime Sulphite Fibre Company's works, is again on his way to Chatham, and that the purpose of his visit—should he receive sufficient encouragement—is to establish a pulp mill of a different kind, and one which we hope to see erected here; for, in that event, it is probable that, having already one of the best sulphite fibre mills in the world, Chatham will, with a mechanical pulp mill also, become a paper manufacturing town. Ordinary white papers are, as many of our readers doubtless know, made of mechanical pulp, five per cent. and upwards of sulphite fibre being mixed with the latter; and it would, therefore, be a practical step in the direction of securing a paper mill should we have a mechanical pulp mill as well as the big establishment which turns out so large a quantity of the finer and more expensive article.

Personal.

Prince Bismarck's health is gradually improving.

Mr. Theo. L. Chappelle returned home on Saturday night.

Mr. Jas Stewart of the firm of Stewart & Gates is taking a trip to Duluth and Two Harbours where he will visit his Brother Judge Stewart and will also spend a week at the World's Fair.

At the Queen Hotel this forenoon there were registered: John A McLaine, St Peter's Bay; Mrs J B Hall and children, do; Rev W H Spencer, Montague; Rev D B McLeod, Orwell.

At the Hotel Davies there were registered: C H Smith, Montreal; W K McKay, S'side; H A P Holland, Quebec; A D Gillis, Halifax.

Mr. and Mrs David Chappell leave tomorrow morning for a holiday trip to New York and other American cities. Mr. Chappell expects to be away about one month.

Messrs. Geo. McKinnon, son of Alex. McKinnon, Esq., of this city; Wm. Ferguson, son of Senator Ferguson, and George McLeod, son of Norman McLeod, Esq., Uigg, left this morning for McGill College, Montreal. We wish the young students success.

Mr. Blake has taken advantage of a pause in the Titan struggle over home rule to pay a visit to his own country. The visit will necessarily be a brief one, and will not be all holiday, for he has promised the friends of Ireland in Parliament that he will be present on Ireland's day at Chicago to carry greetings to the Irish-American, and to give an account of the work of Irish representatives in securing for their loved island local Government. As his programme must be filled in four or five weeks to enable him to return by the opening of Parliament, on November 2, it will be seen that he will not make a very long stay in Canada.

How to Get Rid of Your Burden.

Owing to the prevalence of disease, the world is full of pain and misery. One form of disease that is too often neglected is liver complaint. This disease is found in the acute and chronic forms. A morbid condition or degeneration of the liver cannot be trifled with; the sufferer must receive the best treatment without loss of time. If you are bilious, feverish, weak and dizzy, your liver is wrong. If you have bitter taste, shooting pains under right shoulder, dry short cough, irregularity of bowels, fullness or dull pain in the region of the liver, you certainly have liver complaint in its truest form.

Our honest advice is to avoid what is called "doctoring." Your safety and life depend wholly on Paine's Celery Compound, the only medicine known to the medical faculty that can effectually remove every trouble. The proprietors of Paine's Celery Compound have in their possession hundreds of letters from well-known Canadians testifying to the perfect curing power of the great medicine. Paine's Celery Compound has cured obstinate cases of liver complaint, after all the physicians failed. One bottle of the great Compound is sufficient to prove its worth.

You Should See

to it that the prescription which your doctor gives you is carefully dispensed, otherwise it may be useless. We have always made this branch of our business a specialty, and guarantee "pure drugs, accuracy, careful preparation, moderate prices."

Only Graduates in Pharmacy allowed to fill prescriptions.

AMMONIA.

In the mechanical world AMMONIA is of great use. Its alkaline effects make it very valuable for the coarser sort of scouring and cleansing. Some manufacturers of Baking Powder resort to it the most frequently and recklessly. They by its use make a great saving in Cream of Tartar, and the consumer suffers in its proving highly injurious to the coating of the stomach.

The Official Report of the Dominion Government shows "That a Baking Powder sold in this vicinity contains Ammonia."

AVOID ALL RISK BY USING
