NEW "MA AND PA KETTLE" FILM HITS LAUGH JACKPOT

Universal-International's "Ma and Pa Kettle Go To Town," which opens today at the Prince Edward Theatre, is the second film in that studio's "Kettle" series and bids fair to attain a success even greater than its predecessor did, which is a mark for any film to shoot at nowadays.

It is a better picture than the first of the series, its comedy being more sustained and possessing the same salty character which caused "Ma and Pa Kettle" to roll up unprecedented popularity at the box office.

The new Kettle film has virtually all the same cast as the first, co-starring Marjorie Main and Percy Kilbride, with Meg Randall and Richard Long providing the romantic interest and fourteen young Kettle kids boiling through scenes after hilarious scenes.

The story of stouter thread and swifter pace than the first in the series, deals with Ma Kettle winning a trip for herself and Pa to New York with a prize sloop for a cola drink. When a bank robber seeks refuge in the old Kettle shack and decides to serve as baby sitter for the incredible Kettle kids while the elderly couple go to New York, the fun begins, and it doesn't let up until the film's fade out.

The chase for a black bag containing a fortune in stolen money, which the unwitting Pa has been duped into taking to New York for delivery to a pal of the bank robber, has not been matched on the screen, for a sock suspense-comedy in many a day.

The store family, and single-seaters as well, will get their money's worth out of this latest Kettle laugh fest.

Each successive presentation was greatly enjoyed by the audience who applauded after each grade had completed its performance. Several solos, duets and group numbers were rendered throughout the evening by the pupils, all of which were appreciated by the audience.

The final part of the program was the presentation of diplomas to the Grade XI graduating class. Dr. A. D. MacKenzie presented the diplomas and gave the graduation address, congratulating the students on the success of the year's work which had entailed many hours of concentrated study. He pointed out how this preparation would prepare them to take their place as future citizens, and aid them in arriving at solution of the many problems which they would meet in the world today. He urged them to continue on with their education, for through knowledge and wisdom they would derive a much greater appreciation of life and its meaning.

The valedictory was presented by Miss Edith MacDonald, in which she expressed the regrets of the class at leaving the Montague High School, and the community itself, but that the associations made during the past years would be cherished in future years.
