WHERE QUALITY IS SURE

Winter Jobs Are Planned In C.B. Park

OTTAWA (CP) — A winter works program "will be put in hand soon" in Cape Breton Highlands National Park, Resources Minister Dinsdale said Wednesday in a Commons reply to Allan J. MacEachen (Inverness-Richmond).

Mr. Dinsdale estimated that about 361 man-hours of work will be involved in \$165,700 worth of projects, including construction of a fire equipment building and a paint and carpenter shop at Ingonish compound, continuation of camp ground development at Broad Cove and Cheticamp, construction of a warden service garage and storage building at Pleasant Bay, and roadside cleanup along the Cabot Trail.

LIVESTOCK

MONTREAL (CP) — Vealers were \$2 and sows \$1 higher than last week on the east-end livestock market today. Other prices were steady. Trading was slow under a fair demand.

Receipts were 128 cattle, 50 calves, 196 hogs and three sheep and lambs. Tuesday's receipts were 380 cattle, 160 calves, 150 hogs and four sheep and lambs. A few medium cows sold at 15.50, common 12.15 and canners and cutters 12.13. A few medium bulls were 17.35, a few at 36, medium 26-30, common 17-25 and grassers 18. Grade A hogs were 29.50 - 30 with most at 29.50 plus 80 cents. Sows were 20-22 with some at 20 plus 80 cents.

EAT LESS BREAD

Canada's annual consumption of bread has declined from 175 pounds per capita in 1934 to 137 pounds.

A special cheque at that time will cover the difference between old rates and new from the date of retroactivity until the end of next month. The new pay scales will be included in regular pay cheques from the first pay in February.

Meanwhile, a treasury board official said that pay increases for RCMP personnel will be announced within the next few days. Retroactivity for the RCMP will be to April 1, 1962.

CS Pay Boost To Come Late

OTTAWA (CP)—Federal civil servants' granted retroactive pay increases won't receive cheques in time to cash them for Christmas.

W. G. Drew, chief treasury officer at the central pay office, said it will not be possible to give government employees their retroactive pay until the end of January.

A special cheque at that time will cover the difference between old rates and new from the date of retroactivity until the end of next month. The new pay scales will be included in regular pay cheques from the first pay in February.

Meanwhile, a treasury board official said that pay increases for RCMP personnel will be announced within the next few days. Retroactivity for the RCMP will be to April 1, 1962.

Truckers See Rail Subsidies Definite Threat

OTTAWA (CP) — The Canadian Trucking Association said here that Canada's trucking industry will be wrecked if Parliament continues to subsidize Canadian railways at a rate of more than \$100,000,000 a year.

John Magee, executive secretary, told the Commons railways committee that "hire trucking cannot stand much longer the Niagara of railway subsidies which is engulfing the transportation industry."

Mr. Magee presented a brief asking the committee to reject a government bill to extend provisions of the Freight Rates Reduction Act from April 30 of this year to April 30, 1963. The measure involves a \$30,000,000 annual subsidy which is designed to "roll back" to eight per cent a 17-per-cent freight rate increase authorized in 1959 by the board of transport commissioners.

Mr. Magee charged that a \$50,000,000 subsidy granted to the railways last year to enable them to meet wage demands was "followed precipitously by staggering new railway freight rate hikes."

Members of the Commons who support railway subsidies were saying "if you ship by rail—but only if you ship by rail—the Canadian taxpayers will provide you with a special reduced freight rate," Mr. Magee said.

Election Returns May Have Errors

Official results on Declaration Day, Monday, Dec. 17, are awaited before any decisions will be made on demands for recounts, it was learned yesterday.

There were some indications that the unofficial result, announced on election night after receiving telephoned results from all over the province, are not all correct.

Liberal Leader Alex Matheson said yesterday for example, that the results in Sturgeon poll in Firth Kings were switched, and the substantial margins listed for the PC candidates belong to the Liberals.

LARGER MARGINS

Liberal George Ferguson, who was credited with a majority of 29 on election night, had a margin of 103 to 66 at Sturgeon, instead of the other way around, as was incorrectly listed, and his colleague, Art MacDonald, earned a margin of 126 to 91.

Both men will have majorities of 100 or more when correct totals are compiled. Mr. Matheson predicted yesterday, MacDonald's margin was listed Monday night as 69.

From other sources came reports of spoiled ballots by incorrect marking, and in some cases by no marks at all. Ballots with two Xs marked on them from several districts, but still more unusual were the number of ballots reported this time with no marks of any kind on them.

Contract Let To S'ide Man

OTTAWA (Special) — A contract in the amount of \$1,470 has been awarded to Ralph MacDonald of Summerside, it was announced by Dr. Orville Phillips, MP for Prince.

The contract is for the supply and installation of a stiff leg derrick for the wharf at Egmont Bay.

LIQUOR A LA CART IN B.C. STORE

This shopper chooses his liquor supermarket - style, complete with push cart. He's in Canada's only self-service liquor store, in operation for the last six months in Burraby, a suburb of Vancouver. (CP Photo)
