FIRE ON SHIPBOARD.—A telegram from Swansea to the Halifax Herald states that a fire broke out on October 19 in the cabin of the barque Flora, of Charlotte town, Prince Edward Island, which was discharging a cargo of timber. Cabin skylight damaged; cargo undamaged.

THE TUG.—Stambul was driven against the record of 2:08 1/2 at Stockton, Cal., on the afternoon of the 4th, but owing to a strong wind and a break made on the last quarter the attempt to lower the record was unsuccessful. The mile was not finished, but time was given as follows: First quarter, 0:33; second quarter, 0:32, making the half mile, 1:05; third quarter, 0:32 1/2.

CITY SCHOOL BOARD.—At a meeting of the City School Board held on Monday evening a committee was appointed to wait upon the Local Government for the purpose of asking that a portion of Prince of Wales College grounds be set aside as a site for a new city schoolhouse to accommodate the children of the east end. Permission to establish a children's savings bank in the schools was granted. Miss Harris was granted two months' leave of absence.

BADLY MATCHED PAIR.—Carrie Pierson, 16 years of age, of Minden, Mich., eloped with her uncle, Herbert Hoskins, 60 years of age, and came to Toronto. A brother of Hoskins followed the elopers and found them at the St. James hotel as man and wife, which state the couple substantiated by producing a certificate of marriage performed in London, Ont., while en route to Toronto. The trio have returned to Michigan.

FOOTBALL.—The Halifax Wanderers are owners for a year of the football trophy—the champions for 1892. They established their claim to the proud title by winning Saturday's game with the Garrison team. It was the fifth of the series, and made the third victory won by the red and blacks. The only question that now remains to be decided is who will come second—Dalhousie or the Garrison—and that will be settled if the game is played on Thanksgiving Day. Saturday's match was won by a try to nil.

THE DEAF AND DUMB.—A meeting in the interests of the Halifax Institution for the Deaf and Dumb was held in St. Paul's School-room last evening. There was a good attendance. The Rev. J. A. Gordon occupied the chair. An interesting address on deaf muteness was given by Principal Fearon, and several of the pupils were put through exercises to show the character of the instruction imparted. This institution is certainly doing a splendid work in its special line, and deserves substantial encouragement. The main object of the visit to the island is to see the children of the institution, and persons having any knowledge of deaf or partly deaf children would confer a favor on Principal Fearon by letting him have their addresses.

THE MARKETS.—Although the weather was very wet and the roads in a wretched condition, the inside attendance at the market to day was large. Outside it was small. Hay was on sale at from 50 to 60 cents per 100 lbs. Oats in fair supply at 34 cents per bushel. Potatoes brought 18 to 22 cents per bushel, and turnips from 12 to 13 cents per bushel. Eggs were in moderate supply at 18 to 20 cents per dozen. Butter sold at from 18 to 21 cents per lb. Geese were plentiful at 50 to 60 cents each, and turkeys at 80 cents to \$1.25 each. Ducks brought from 50 to 60 cents per pair. Other articles at usual prices.

THE Wreck.—A Campbellton, N. B., dispatch of the 6th is as follows: M. M. Bruce, merchant tailor (formerly of Charlottetown) Jewel Miller, of the dry goods firm of James Alexander & Co., and James Baird pilot, left Campbellton on Thursday evening on a goose shooting expedition, intending to be back next day. They had a canoe fully equipped when they started down the estuary of the Restigouche. Although enquiries have been made in every direction no trace of them can be found, but as the canoe bottom up has drifted into Dalhousie harbor, there is an almost absolute certainty that there is an almost absolute certainty that a fearful catastrophe has happened. Poor Bruce was the only married man among them and leaves a wife and three small children. A deep gloom is settling on the community as the last vestige of hope disappeared. A large search party started down the bay this morning, but their expectation is a forlorn one.

Evicted Tenants' Commission

Dispute Between the Judge and the Lawyers.

DUBLIN, Nov. 8. The evicted tenants' Commission opened its enquiry here yesterday. Evidence was taken regarding the eviction on the Clan Ricardo estate. Justice Matthew, President, read a letter from the Marquis of Clan Ricardo, in which he referred to the Commission as a "plan of campaign commission," and declined to attend as a witness for the purpose of making suggestions for an attack upon his class. While a witness was testifying, Mr. Carson, counsel for the landlords, asked to be allowed to at once cross-examine him. Justice Matthew refused to grant the desired permission, saying that when witnesses for both sides had been heard the counsel would be allowed to cross-examine them through the commissioners. Mr. Carson thereupon declared the whole thing farcical. He would not postpone his position of advocate by remaining longer before the Commission. Justice Matthews said that Mr. Carson's observations were disgraceful. The other counsel present as representatives of the landlords, considered themselves censured in the remarks made by the judge and withdrew from the room. The landlords being thus unrepresented, Justice Matthews adjourned the session.

LETTERS TO THE EDITOR.

Protection Required.

SIR.—It is high time that our police should learn that it is their duty to use no undue severity in arresting a prisoner. It is also necessary that they be taught the impropriety of bullying and insulting independent witnesses who appear in the cause of truth and justice. Many of our citizens are anxious to see what steps our worthy Stipendiary Magistrate will take in the matter of last evening, and feel that the people should not be altogether at the mercy of our police force. There are a number of witnesses willing to testify in this case.

The New Hotel

SIR,—I'm only an unlearned man and not given to writin in public, but by the powers me and me neighbor think so much of yer new hotel dodge that I'll be after sayin' me and him hopes it will be put through.

Times is poor, and its mighty hard to git along now, but when the new hotel begins for to run me neighbor Mike is hopin to git his two boys, who are sharp and active, wid a little stock of common schoolin, into the place as waiters.

I meen I have a couple of smart trim young girls, and instead of seeing them sail away to Boston in the spring I am hoping they will stay come and git places in the hotel.

Mike and I will git hold of a few boats and in the summer moks what we can with takin ladies and gentlemen from the hotel to the mackerel grounds or to the trout fishing at the harbor's mouth, or give them a clam bake on the sands at Holland Cove, or a sail out to Governor's Island or up to Bonshaw, or we might run a bathing house in the harbor.

O her min as were bred to horses may run livery stables.

Maybe I'm fool for givin away me ideas to you in this matter, but I just wish to point out that if the new hotel will benefit me and the likes of me, it will benefit them and the likes of them as puts their money into it, and the whole city business into the bargain.

There's more buy'n and sellin people in the place already as can live at it, and more lawyers as can git a hearin in the courts already, and divel a day's work can me and Mike git out of the whole lot of them, but if they'll build the new hotel we'll all thrive happy. Y'urs,

We show all the NEW MAKES and SHADES suitable to the season, and carry a complete list of sizes. Our Gloves are cheap in the best sense of the word. COME AND SEE THE BALL ROLLING

THE STAR TAILORING ESTABLISHMENT.

TRADE has commenced to move earlier than usual, and we mean to keep it moving if BARGAINS will do it. As we have decided to run our business, on and after October 1st, for CASH, and CASH ONLY, we have determined to quote prices lower than the lowest to secure the patronage of Cash customers.

We have taken this step after an experience of years in business. We learned that those who pay cash are entitled to the full benefit derived from prompt payments; and as "pay as you go" is the only safe road to travel, we will endeavor to educate public sentiment in favor of the independence of character which is not found in those who prefer credit to paying cash.

As we want money, we also want to give value for your money. We must, therefore, as you come in and see what we can do for you. The LATEST NOVELTIES in our line are always on hand.
