NO OTHER CAR CAN TAKE A HILL IN ITS STRIDE LIKE PONTIAC

Bring on the steepest hill—a Pontiac doesn't even pause. Even mountains flatten under this kind of performance . . . performance produced by any one of a choice of four V8 engines or an extra-economical "Six". On a highway, a Pontiac fairly purrs . . . and it's nice to know there's the reserve you want for that extra margin of safety. And the wonderful part is this—the amount of gas it takes to enjoy Pontiac performance is surprisingly small. You get a perfect combination of power and economy. Put a Pontiac through its paces soon—see for yourself just what it can do. Today would be a good day . . . at your local Pontiac dealer's.
