

Two Teen-agers Face Charges In Juvenile Court

—After rummaging through the pockets of coats hanging in the entries to three Summerside churches during the evening services on Sunday, two Summerside teen-agers were picked up by Summerside police and will probably be charged in Juvenile Court. One of these youths is already awaiting an appearance in court in connection with pick-pocket activities at O'Leary rink last Wednesday evening.

It is reported that activities of this nature have been carried on with some success where crowds are assembled, especially at rinks, with wallets being removed from pockets and from ladies handbags especially during moments when the excitement of the hockey games attract the full attention of the spectators.—S.

Accepts Call To Saint John

—Rev. George K. Ward, minister of Bedeque Church, has accepted a call from the Park Avenue United Church in Saint John, N.B., and will leave to take up his new duties effective July 1st next. In presenting his resignation Mr. Ward expressed his deep appreciation for the cooperation and fellowship that he has enjoyed as pastor of the Bedeque Church. His resignation was accepted with regret as Mr. Ward has endeavored himself to the people of his congregation by his spiritual guidance and helpful leadership in church and social affairs.

Activities In Summerside "Y" Centre

—One of the busiest spots in Summerside, as far as youth work in the town is concerned, is the "Y" Center on Green Street. Here in a small building (31 x 40) seven organizations comprising approximately 325 members, meet to carry out their various programs and activities.

The first of these, shown above (Top Left) is the Y's Menettes, with 41 members, who, through alternating committees, prepare and serve the suppers at the weekly meetings of the Y's Men's Club, and support the Y's men in all their projects and activities. The Y's Menettes hold their meetings on the last Wednesday of each month at the "Y" Center.

Top center, can be seen a committee of the Y's Men's Club discussing one of the many projects dealt with through the year. The Y's Menettes hold their meetings on the last Wednesday of each month at the "Y" Center.

Top center, can be seen a committee of the Y's Men's Club discussing one of the many projects dealt with through the year. The Y's Menettes hold their meetings on the last Wednesday of each month at the "Y" Center.

Top, Right, is a meeting of the newly organized H-Y group, an organization of young men of high school age. At the present time this club consists of approximately 15 members. This group is under the sponsorship of the Y's Men's Club, with a Y's man acting as mentor. Three Boy Scout Troops, comprising approximately 40 boys, and four Wolf Cub Packs, with some 100 members, use the "Y" center as their meeting place five nights a week. These are the First, Second and Third Summer-side Scout Troops, and the First, Second, Third and Fourth Summer-side Wolf Cub Packs. All of these groups are directly sponsored by the Y's Men's Club, with Scout Masters and Pack leaders consisting mainly of Y's Men.

The Middle, Left, photo shows a patrol of Boy Scouts receiving instructions from their Scout Master, while on the Middle, Right, can be seen an investiture ceremony of one of the Wolf Cub Packs.

The first and Fourth Summer-

side Brownie Packs meet at the Y Center every Wednesday afternoon, with a membership of some 50 girls, ages 7 1/2 to 11 years. In the Lower Left photo is a group of the Brownies pictured in the Y Center.

The Philat Club, an organization for young ages 16 to 26, utilizes the Y Center as their meeting place every second Monday evening. This group, which was started last November, now has 16 members, and has as their purpose "service in the Y" and to the community. In the Lower Right photo is pictured a business meeting of this organization.

The Middle Center photo shows a view of the front of the Y Center itself. It was originally an R. C. A. F. building at Mt. Pleasant, used after the last war as a private home in Ellerslie, then purchased by the Y's Men's Club and moved to its present site in Summerside.

An 8-foot foundation gives the building height for a full sized basement which has a tile over-cement floor. The presence of supporting posts, however, prevents the full use of the basement to some extent, and with its present heavy schedule of activities, does not permit any expansion in the youth programs now carried on. It is the hope and aim of the Y's Men that it may be possible to extend the present structure for another 40 feet, which would provide much better accommodation and facilities for this work.

The Summerside Y's Men's Club is an organization of some 51 business and professional men of the town, who makes up its largest service organization. It was started in 1937, with five of its original 20 members still active in the Club. As a service club of the Y. M. C. A. it carries out the programs of the "Y" with the accent on boys and youth work. At the present time, the International Y. M. C. A.

does not consider the town of Summerside large enough to support a Y. M. C. A., so the Y's Men's Club through the use of their present building is endeavoring to carry out as much of the program as possible. Present and past projects of the club have included the maintenance of a bathing house together with a swimming and water safety program, the maintenance and operation of a camp at Fernwood, used by the Boy Scouts, Wolf Cubs and Girl Guides, the showing of movies to hospital patients, as well as treats for hospital patients at Christmas; the operation of a team of Little League baseball each year; the construction and erection of a Christmas nativity scene, conducting the annual fund raising drive for the Boy Scout movement; instruction in square dancing for High School students; bond drives during the last war; weekly hymn singing every Sunday night; work shop equipment for school manual training classes; a refrigerator for

the school lunch room, night school classes for adults; a sound movie projector available for loan to churches and other organizations in the town; support of the P. E. I. Must Festival, Summerside Amateur Athletic Association, the sale of T. B. Seals, Blood Donor Clinics.

The main money raising project to support these projects is the Y's Men's Annual Radio Auction, being held this Wednesday for the 16th time. This is supplemented by other projects such as the Y's Men's sponsored movies, an annual fund and step-dancing contest, the sale of automobile license booster plates and various outside entertainment brought in by the club.

This active club is ever busy; its members giving freely of their time to its projects, living and working in the spirit of the club's motto "To acknowledge the duty that accompanies every right."

Albany St. Pats Island Intermediate C Champions

Last evening at Bedeque Rink, Albany St. Pats retained the Island Intermediate "C" hockey title for a second year when they nosed out Freetown Royals by a score of 4-3 in the second game of the home-and-home series and making the total for the round 11-6 in their favour. Immediately following the game, Bill Reid, Director of Physical Fitness for the Province, presented the Physical Fitness trophy to Capt. Gordon Cutcliffe of the winners. The Director complimented when films were shown by Mr. Keith Clay, on scientific progress in agriculture.

—His many friends regret the critical illness of Mr. J. Murray Constable at his home at Long River, and hope for an early change for the better.

—Mr. and Mrs. Lloyd Campbell have had as their guest for the past few days their nephew, Walter Stewart of Sea View, who is convalescing after an illness.

—Miss Helen Bishop of Summerside and Miss Beryl McLeod of French River are patients in Prince County Hospital for tonsillectomies.

—The many friends of Mrs. Sincial MacGougan of Summerside will regret to learn of her unfortunate accident in falling and breaking her hip on Saturday. She is a patient in the Prince County Hospital.

Second period: 4. Albany, Pat Noonan (R. MacDonald) 18:00. Penalties: L. Duvar, Walsh, C. Thompson.

Third period: 5. Freetown, R. MacMundo (C. Mill, G. Reeves) 22:50; 6. Freetown, G. Reeves (C. Mill, R. MacMundo) 14:00; 7. Albany, D. Dawson (P. Noonan) 17:00. Penalty: D. Roberts.

Officials—J. Hunter, J. Allan.

—Yesterday morning about half past eight the Alberton Fire Brigade was called to the home of Mr. Wilfred Gaudin at Alberton South, where a fire had broken out between the ceiling and upper floor caused by defective safe becoming over heated. Damage estimated at \$500 is understood to be covered by insurance.

Full Capacity Hitch To Keep Ships From Seaway

MONTREAL (CP)—Shipping men here estimate that 75 per cent of the world's shipping will theoretically be able to navigate the St. Lawrence seaway—but that's not the whole story.

To make a profit, ships using the seaway—when it is completed—will have to be loaded to capacity, these sources say. Many ships could not do so under present design.

Unofficial sources say only four per cent of combined United States-Canada shipping—an aggregate 11,000,000 tons—could use the seaway profitably if it were finished now.

And while more than 75 per cent of the world's 14,500 vessels would be able to navigate the 602-foot climb along the 2,200-mile "ladder of locks" from the Atlantic to Lake Superior, the "full-capacity" hitch would keep them out.

However, this does not discourage European shipping lines from planning to take advantage of it. Last season, 64 foreign vessels flying the flags of seven countries, made regular sailings past Montreal into the lakes, Sweden, Germany, with 15 ships, with 14, and the Netherlands, with nine, led.

Nine new vessels are under construction in Europe for seaway trade. Three are being built in West Germany, three in The Netherlands, one for Sweden and the other two elsewhere.

Added to these are three fast, sleek German freighters now operating as far as Montreal, and two or three Dutch vessels, tailored to seaway specifications, which will move into the lakes when it is ready.

Cargoes now carried by through-Montreal ships will probably continue to be the backbone of their seaway traffic. West-bound cargoes include English bicycles.

Ohio River At High Level

CINCINNATI (AP)—The Ohio river crept Monday night toward its highest level in seven years, forcing hundreds of families along its banks to find new shelter.

American Red Cross officials in Columbus, Ohio, said the Ohio has reached "disaster" proportion and that some 1,600 families in Ohio, Kentucky and West Virginia have suffered damage.

However, in Cincinnati Col. J. L. Person, the Ohio river engineer, did not view the damage as disastrous.
