-CONDITION SERIOUS- Marjorie MacKay, 7-year-old daughter of Mr. and Mrs. Sutherland MacKay of Springfield is still in a semi-conscious condition in the Prince County Hospital. She is suffering from head injuries and a fractured leg as the result of being struck by a car on the highway near her home Wednesday afternoon. Her condition is described as somewhat serious.

-SISDE YOUNG ADULTS- The regular meeting of the Young Adult Group of the Summerside Presbyterian Church was held in the church parlor on Tuesday evening with Mr. and Mrs. Clarence Marchbank's group in charge of the program. Following the call to worship, the hymn "More Love To Thee" was sung and the Scripture lesson and prayer were given by Mrs. E. H. Simmons. The meditation, "The Privilege She Had" was given by Mrs. Marchbank, after which the hymn "What A Friend We Have In Jesus" was sung. During the study period the minister, Rev. J. Donald MacKay, continued his lectures on the Early Church. The business session was conducted by the president, Mr. Keith Johnston, when the dates for presenting their play were discussed. Refreshments were served by the committee in charge.

cause illness, as more potent in creating antibodies. Dr. Sabin is working on a live virus vaccine. Most of us already have antibodies against one or more types of polio virus. Our bodies make them when live virus invaded us during epidemics, and most of us never knew about it. Sickness or paralysis apparently comes if we have antibodies standing on guard, but don't make them quickly enough.

Alberton And Vicinity
Mrs. Upton Fraser, who has been a patient in the Western Hospital, has returned to her home in Alberton South.
Mr. Peter P. Gavin, Alberton, who recently underwent an operation in the Charlottetown Hospital is reported to be making good progress.

A Picnic For British Royalty
LONDON, (AP) - The Queen mother and Princess Margaret had a picnic at Convent Garden opera house Tuesday night. No special reasons - they just decided to eat there for a change. Elizabeth, the Princess and friends were preceded to the theatre by royal servants who brought hampers containing canapés, sandwiches, wine, silver salvers, a white table cloth and an alcohol lamp for heating tea and coffee.

Answers Doubts
Answering other doubts or criticisms, Dr. Salk, speaking to the New Orleans Graduate Medical Assembly, made these points: Supply of vaccine: Kidneys from one monkey supply enough virus to vaccinate at least 1,000 children. Thus it would take some 40,000 or more monkeys to vaccinate all the country's children up through age 15. The 40,000 would be entirely practical to get, said Basil O'Connor, foundation president.

SAIGON, Indo-China, (AP) - Malcolm Macdonald, British high commissioner for Southeast Asia, told a press conference Thursday Gen. Henri Navarre's plan for winning the Indo-China war "is being successfully accomplished." He added that "later this year the victories should begin."

officials discussing the troubles of the coal industry in Nova Scotia and New Brunswick, where there have been production curtailments and layoffs due to slumping markets and other factors.

The meeting is to be attended by representatives of management in the two provinces, officials of the United Mine Workers of America (U.M.W.) and by civic officials from coal-mining areas in the provinces. Meanwhile, it was learned here a tentative solution has been proposed by the Canadian National Railways for one coal problem of the Maritimes - the shutdown of Drummond mine at Westville, N.S., that threw 400 men out of work three weeks ago.

Assistance Involved
The delegation, which two days earlier had asked for federal help in getting the mine open, was told by the railway that it will accept Drummond coal on certain terms. Informants here said the CNR's offer was that:
1. To accept 2,000 tons of Drummond coal a month, to be used on switching engines in Montreal's Turcot yards, if the federal government pays the difference between the Montreal laid-down cost of this coal and U.S. coal.

Royal Commission To Study Law On Sexual Psychopaths
OTTAWA, (CP) - A royal commission will study the practice of committing criminal sexual psychopaths to prison indefinitely. Justice Minister Garson said Thursday in the Commons that Chief Justice J. C. McRuer of Ontario will head a small body of experts in the inquiry. The study will be kept separate from that to be undertaken by a five-man royal commission, also headed by Mr. Justice McRuer, on the legal defence of insanity.

Gov. H. Hunter, meet director, is expecting a large turnout from Summerside. Admission is free and residents from Summerside are cordially invited to attend.

Injured Sealer Picked Up Off Magdalen Is.

A dramatic mercy flight was successfully completed yesterday afternoon by a helicopter out of R.C.A.F. Station Summerside when William J. Snow of Lunenburg, N.S., suffering from a fractured right arm, was removed from the M.V. Truis engaged in seal hunting in the Magdalen Islands area.
A second member of the crew who had fallen on the ice while on the sealing knife, declined to make the trip by helicopter and was treated on board the ship by F/L W. A. Woodruff, senior medical officer of R.C.A.F. Station Summerside, who accompanied the helicopter on this flight, and on two previous unsuccessful attempts to reach the ship.

The injuries to both men resulted from falling on slippery ice while engaged in the work of hunting seals on the ice floes. Attempts to provide medical aid to these men began on Wednesday afternoon when a helicopter from Summerside conducted a search of the area but was forced to return to base when it was unable to locate the ship due to very poor visibility in falling snow.
At 7:30 a.m. yesterday, naval aircraft from Summerside located the ship, radioed its position to the helicopter, and circled the ship until the helicopter arrived, and later escorted it on its return to Summerside.

In the morning the helicopter developed trouble in the steering controls shortly after taking off from Summerside and was forced to return to base.
Another helicopter was called into service from the H.M.C.S. Shearwater naval base at Dartmouth, and after refueling at Summerside Lt. Commander J. H. Beeman, pilot; Lt. F. A. Harley, co-pilot; F/L Woodruff, the medical officer; and one crewman, began the 84-mile flight to the ship.
The 270 ton M.V. Truis was hoisted to a large ice floe, and the helicopter was able to land on the ice about 15 yards from the side of the ship.

Spots Broken Tap
Pit-Lt. Woodruff was credited with making the flight a success when the copter settled on a heaving ice floe near the Halifax-owned sealer Woodruff noticed that a tap-like device used to drain the main fuel tanks was knocked off by the ice.
Woodruff yelled to AB, Orville Browning of Dartmouth, who whipped a pencil from his pocket, borrowed some bandage from Woodruff and fashioned a makeshift plug that saved enough fuel for the aircraft to get back to Summerside.
Survivors are his wife, the former Annie E. Cole, also of Charlottetown, P.E.I.; four daughters, Mrs. McNairland (Alice); Mrs. Albert Greenlee (Ada); Mrs. S. Butterfield, Jr. (Jane); Mrs. Wilfred Butterfield (Hazel); four sons: Colin, Alex, David, all of Summerside, and Albert of Charlottetown; two sisters, Mrs. Nelson MacLeod of Long River, and Mrs. Alex Hill of Kensington; and one brother, J. Elmer Dunning of Charlottetown. There are 23 grandchildren and one great grandchild.

The large congregation and beautiful floral tributes testified to the esteem in which Mr. Dunning was held, and the heartfelt sympathy of the community goes out to the bereaved family.
Burial was made in the local cemetery and Neil's Funeral Home, Kelwood, was in charge of arrangements. Pall bearers were Messrs. James McKenzie, Henry Schultz, Peter Campbell, William Larkin, S. Butterfield, Sr., and John Floyd.

Former Islander Dies In Manitoba

Funeral services for John Joseph Dunning, formerly of Charlottetown, P.E.I., who died recently in St. Rose Hospital, McCreary, Manitoba, aged 72, was held in the United Church. Rev. Maurice McLeod officiated.
A full choir was in attendance and Mr. L. P. Baker was soloist, singing the lovely hymn "Art Thou Weary, Heavy Laden?" Two of Mr. Dunning's favorite hymns, requested by him several months ago, were sung. They were "Unto the Hills" and "O Master Let Me Walk With Thee."

Born in Charlottetown, Prince Edward Island, Mr. Dunning went to sea at an early age and served his apprenticeship in sailing ships. In 1902 he came to Manitoba, settling first in Franklin, then moving to Arden, and in 1922 came to McCreary where he farmed until his retirement two years ago. A member of Knox United Church, Mr. Dunning was chairman of the Board for several years, and will be sorely missed for his faithful attendance at church and Sunday School, and for the quiet, unassuming way in which he made himself responsible for so many of those little jobs around the church that are always left for someone else to do. The choir, as well as the congregation, will miss seeing him in his accustomed pew and will listen for the sound of his voice in the responsive readings. His death came as a shock to everyone and his place will be hard to fill.

President of the local Credit Union organization and active in the Manitoba Farmers' Union, Mr. Dunning was instrumental in organizing both of these in McCreary.
Survivors are his wife, the former Annie E. Cole, also of Charlottetown, P.E.I.; four daughters, Mrs. McNairland (Alice); Mrs. Albert Greenlee (Ada); Mrs. S. Butterfield, Jr. (Jane); Mrs. Wilfred Butterfield (Hazel); four sons: Colin, Alex, David, all of Summerside, and Albert of Charlottetown; two sisters, Mrs. Nelson MacLeod of Long River, and Mrs. Alex Hill of Kensington; and one brother, J. Sudden Death Yesterday Of Kensington Physician

The death occurred suddenly at his home in Kensington yesterday morning of Dr. W. P. MacBride, for many years a highly esteemed practising physician of that area. He was 73 years of age.
The late Dr. MacBride was born at Bedouque, a son of the late Mr. and Mrs. Patrick MacBride. He received his early education in Bedouque and at Prince of Wales College, Charlottetown. In 1908 he graduated from McGill University and then came back to his native province to practise his profession at Kensington for about 20 years. He then moved to Tignish where he practised for about 14 years, after which he returned to Kensington to resume his practice and has been there ever since.
He was a past president of the Prince Edward Island Medical Association.
He is survived by his wife, the former Frances Wilson of Montreal and one sister, Mrs. Cook of Newboro.
The funeral will take place from his late residence on Saturday morning.

Elmsdale Girls Take Opener From Abbies 2-1

The Elmsdale girls edged the Charlottetown Abbies 2-1 in a well attended hockey game at the Alberton Rink last night in the opening game of their two-game total goal series for the Island ladies title and the Physical Fitness Trophy.
Shepherd of the smooth playing Abbie team opened the scoring on a pass from Smith for the only marker of the first period. The middle session was scoreless but sides extending themselves to the utmost with some narrowly missed opportunities. The home team opened up in the last stanza to throw eleven shots at the Abbies net minder, with June Fraser getting the tying goal at 6:10 and B. Rennie the winning marker five minutes later.
Anna Ramsay played a stellar game for Elmsdale. The local team's hopes of building up a strong lead to take into the final game at Crapaud Saturday, faded when their star player and biggest goal getter of the season was handed a penalty at the seven minute mark of the third period with a ten minute misconduct tacked on for talking back to referee Perry, which put her out for the balance of the game.
Referees - Arthur Perry and Fred Millman.
