BLANCHARD HALL NEW CHAMPS  
by:Shelly Pepler

As the curtain closes on yet another softball season, we must offer our heartiest congratulations to this years new champs, Blanchard Hall. Definately the class of this years softball league, Blanchard proved they could win even when the chips were down. Heading into the final game, a number of Blanchard Hall regulars could not play due to previous commitments, and as a result, were forced to play shorthanded. Undaunted, they played the game and emerged victorious over this year's runners-up Bernadine Two. The game was possibly the best played game of the season with fine individual efforts on both sides. Janet Coughlin led the winners at the plate and combined this fine hitting with good pitching to pick up the win for Blanchard. Losing pitcher, Sue Clarke, was replaced by Andree

Campbell in the fourth inning as Bernadine refused to give up. Leading Bernadine Two at the plate was Summerside native Denise Moore with one triple and one double. Unfortunately for Denise, however, she was caught stealing second base in the final inning and Bernadine's rally fell a couple of runs short. Cheer up though Denise, there is always broomball. Speaking of which, our winter season is just about upon us -- intramural season that is. The winter line-up includes broomball, volleyball, badminton, and ball-hockey. Some of these sports are tournament oriented, while others are weekly -- so watch this column for further info.

Till next week then....

PREDICTIONS OF THE WEEK: The field hockey team to finish off their 144 beer sometime this week.

More girls field hockey players than basketball players to go to the Co-ed.
