Inquest Opens Into Crossing Accident Deaths

Last evening, in the Town Hall, Summerside, an inquest opened to inquire into the cause of death of Mrs. Jeremiah Dolron and her four-year-old grandson, Marcel Dolron, who met death at the Travellers Rest crossing on December 12th when the truck in which they were driving was in collision with an east bound special freight train proceeding to Kensington. The inquest, which opened at six o'clock, heard several witnesses and adjourned until Wednesday, December 19th, at which time it is expected that Mr. Urban Dolron, the driver of the truck, will be sufficiently recovered from shock to permit him to give evidence.

Dr. Austin Delaney, the coroner, conducted the inquest and the crown was represented by Mr. Harold Goodwin, the crown prosecutor.

First witness called was Dr. John Downing, who gave evidence to the effect that he had examined Marcel Dolron and found him suffering from severe shock, lacerations to face and limbs and evidence of excessive interior bleeding.

Dr. J. C. Simpson, who attended to Mrs. Dolron said that he had examined her at the Prince County Hospital and found her to be in a state of extreme shock. The outlook on examination was that she would not live. Shock treatment and blood plasma were given but she lost ground and later died. She was in no condition at any time before death to have x-rays taken. There was evidence that she had come in contact with some object with great violence.

Evidence was taken from the members of the train crew including the engineer Ernest Deighan who said that the first warning he had received was when the fireman shouted to him to "Hold it" brakes were applied about twenty feet from the crossing. Mr. D. A. Smallwood, the conductor, on the train stated that he had been in the van at the back of the train and when the emergency was suddenly applied he knew that there had been an accident. He went to nearest phone and called doctors and nurses. He confirmed the evidence that the train had gone the length of four cars across the crossing before it had stopped.

Mark O. Gaudet, the fireman, and Michael Delaney, trainman, who were stationed in the engine at the time stated that the red truck was visible to them coming down the road toward the crossing. Estimated speed of the truck was about 35 miles an hour. It appeared evident that the occupants of the truck had not seen the approaching train as the speed of the truck did not slacken. When it became apparent that the collision was inevitable both had called to the engineer to hold the train and the emergency brake was immediately applied. Mr. Delaney said that in his opinion that if the driver of the truck had seen the train he could have stopped.

Evidence taken showed that the road approaching the crossing was bare. There was no ice for some distance from the tracks. There are no wig wag signals nor warning bell at this crossing.

MacMullen-Adams Wedding

A pretty wedding took place at St. Bernard's Rectory, Moncton, recently, when the Rev. John Mooney united in marriage Hilda Ellen Adams, daughter of Mrs. Edna Adams, Summerside, F.E. Adams and the late James Edna Adams, Summerside, F.E. Adams, and Gregor Norman MacMullen, youngest son of Mrs. Catherine MacMullen and the late John MacMullen.

The bride looked charming in a string white wool dress, with powder blue feathered hat and veil, matching shoes and gloves, and wore a corsage of white and blue palms. Her only piece of jewelry was a string of pearls. The bride and groom were attended by Mrs. Murray Walters and John Malcolm MacMullen, sister and brother of the groom. The bridesmaid wore a charcoal grey corduroy dress, wine accessories, and a corsage of white baby palms.

After the ceremony, a reception was held at Dumham's for the immediate relatives and friends. The bride's table was decorated with late Autumn flowers and tapers, and centred with a three tier wedding cake, with miniature bride and groom. The toast to the bride was proposed by Eugene Adams and responded to by the groom.

Immediately following the reception the happy couple left on a short honeymoon trip to be spent in Montreal. For travelling, the bride chose a gabardine suit in mulberry shade, with matching accessories, muskrat jacket, and a corsage of white carnations. They will reside in Moncton, where both are employed with Canadian National Railways.

Previous to her marriage, the bride was guest of honor at a number of teas and showers, where she received many beautiful as well as useful gifts.

Farm Prices

OTTAWA, Dec. 14 (OP) - Farm prices of agricultural products declined during October for the third successive month, the Bureau of Statistics reported today. The decline from the previous month was attributed to lower prices for livestock, grains, poultry and eggs which more than offset substantially higher prices for potatoes.

All-Canada index for October, on the base 1935-39 equals 100, was 278.6 compared with 283.9 in September, and 261.3 in October, 1950. There were declines from the previous month in all provinces except the Maritimes and British Columbia, while in comparison with October last year, gains were recorded in all except the Prairie area.

The month's index for Ontario declined to 313.2 from 319.4 in September, Quebec to 304.8 from 308.0, Alberta to 267.1 from 276.4, Manitoba to 264.7 from 272.5, and Saskatchewan to 229.9 from 234.9. The index for British Columbia increased to 310.0 from 309.7, New Brunswick to 265.5 from 253.6, Prince Edward Island to 256.8 from 242.9, and Nova Scotia to 247.9 from 244.6.
