

Royal Edward Chapter I.O.D.E. January Meeting

The January meeting of the Royal Edward Chapter of the I. O. D. E. was held on Monday afternoon in the chapter room with excellent attendance of members. The Regent, Mrs. J.A. Lawton, presided.

The minutes of the last meeting were read and approved and considerable correspondence was dealt with. An invitation from the P.E. League to attend a forum at the Provincial Sanatorium on February 1st and 2nd was read and representatives were appointed to attend.

The treasurer reported a substantial balance on hand. The books of the chapter were closed on January 15th and have been audited by a member of the staff of the Bank of Nova Scotia.

The Educational Secretary told the meeting that all the calendars not sold were sent out to schools in the country and a few to the city from the Commercial College regarding the work of the student to whom the chapter is lending a business training. Attention was also called to the bursary of \$1,600 which is awarded by the National chapter to the son or daughter of a disabled deceased veteran of World War 2 who has his or her matriculation and who needs assistance to continue his or her education at a Canadian university. Applications must be forwarded to Mrs. Thane Campbell, Summerside, by March 1st, 1951.

A picture of a twelve-year-old boy adopted by the chapter through the Save The Children Fund was passed around.

The ex-service personnel convenor reported that she had opened the I.O.D.E. bookcase in the Veterans' wing of the P. E. I. Hospital and had left it open. She asked for donations of good books suitable for the patients to replace many antiquated editions on the shelves at present. It was decided that members should bring or send books for this purpose to the chapter rooms on Friday of this week when tea will be served and sewing carried on.

The Post War convenor asked for books for the boys at H.M.C.S. Shearwater, the only Fleet Airarm Base in Canada. Donations for this shipment are solicited for Friday at the chapter rooms and members are asked particularly for paper covered pocket editions which are easy to pack for mailing.

Nominations for a new executive were carried out by ballot and the results posted on the blackboard in the chapter room. The slate of officers for 1951 will be voted on at the annual meeting to be held at the Charlottetown Hotel on Tuesday, February 13th at 1:15 p.m.

Reviews Problem Of Controlling Insects In P.E.I.

Mr. F. M. Cannon, director of the Dominion Entomological Laboratory of the Experimental Farm, Charlottetown, was guest speaker at Rotary luncheon at the Charlottetown Hotel yesterday.

In reviewing some of the insect problems of Prince Edward Island, he said that there are about 640,000 different species of insects known to man and there are about 1000 of these species in Prince Edward Island.

The difficulty of controlling these insects has multiplied in recent years due to the rapidity of transportation. Formerly insects entering on the West Coast of Canada took several years in crossing the continent to the East coast, but today they may spread very quickly. It is now recognized that airplanes may carry these insects and entomologists have been employed at some airports to inspect incoming planes for harmful insects.

Mr. Cannon mentioned the cutworm which did such terrific damage to grainfields last year. This pest was first noticed two years ago and although efforts were made to control it, the cutworms spread very quickly. Effective means of control have been found and the Department of Agriculture has been assisting farmers in the purchase of the insecticide used. He was unable to say if the cutworm would present a greater or lesser hazard to the farmers next season.

The turnip maggot was another insect which caused great loss to farmers. Mr. Cannon mentioned one farmer who depended upon the turnips for a cash crop. In a good season this farmer was able to harvest about 12,000 bushels to the acre, and last year had 20 acres which were a total loss due to the depredation of the maggot.

The potato aphids are causing a great deal of trouble and although a chemical has been discovered which gives about 80 per cent control, it is yet too dangerous for general use.

Troublesome Ant In Charlottetown a troublesome little red ant has been spreading quickly. Discovered about two years ago, this ant originally from the tropics, is smaller than the native red ants, and has become difficult to eradicate. Mr. Cannon said that restaurants found this insect particularly embarrassing for although it is not the biting type, its sudden appearance on the table or counter has had undesirable effects. During the present year some homes have reported these ant infestations.

Practically all insect pests multiply and develop much more rapidly than is realized. The Japanese beetle, is a good example. Fortunately there is as yet none in the Province, but as they are beginning to make inroads in some parts of Canada. It has been estimated that mosquitoes numbering in billions may result from a single infested rain water barrel during one season.

In concluding Mr. Cannon mentioned in addition to chemical control, the Government is maintaining a laboratory at Belleville, Ontario, where parasites of harmful insects are studied with a view to control through the propagation of the pest's natural enemies. Many insects are held in check each year by distributing, in the infested areas, parasites reared in this laboratory.

Programme Committee For Festival Week Appointed

At a meeting held last evening in the City Hall, a committee was appointed to draw up a program for the week of festivities which is to be held in Charlottetown commencing July 1.

Approximately forty representatives of various organizations attended the enthusiastic meeting, and many excellent suggestions were made as to different ways of creating interest in the project. The meeting decided it would be a Charlottetown week of festivities, and it was suggested the name chosen should tie in with this thought if possible.

Response to the name contest conducted by The Guardian far exceeded all expectations, and a special committee had to be appointed to go through the vast number of suggestions received. This committee is scheduled to meet on Wednesday afternoon in the City Hall, at the same time as the planning committee.

The meeting passed a vote of thanks to the Press for their cooperation in creating interest in the proposed festivities, and to The Guardian in particular for conducting their "Wanted A Name" contest.

Suggestions made by the meeting in regard to the program included one for a ten-mile swimming race, and another was that the Queen of the Festival be chosen after a Province-wide contest.

Committees appointed included: Planning: George Fraser, Frank Acorn, George Wallers, Mrs. E. Rogers, Jr., Mrs. Wm. Brehaut, Frank MacKenzie, Russell Selier, Gordon Clark, Earl Taylor, Bill Sharpe, Miss F. Johnston, W. W. Reid, Mrs. W. W. Reid, Mrs. Ireta Sutherland, and Councillor D. Stewart.

Name Selection: Earl Taylor, Mrs. B. Rogers, Jr., B. Graham Rogers, A. W. Gaudet and Lt.-Col. A. W. Rogers.

Mr. Clifford L. Gates will begin his new duties as organist and choir director of Trinity United Church next Sunday, February 4. Mr. Gates has had a colorful and prominent career as a choir director. In his stride he has directed Sharon United at St. John's, St. Andrew's United at Truro, St. Andrew's United, Sydney and now in coming to Charlottetown will have officiated at the two largest United Churches in the Maritimes.

Mr. Gates has studied in three countries, Canada, England, and the U.S.A. Boy Scout Campaign Launched Last Evening

The annual Boy Scout financial campaign got underway last evening when a large number of canvassers turned out for a supper meeting at Trinity United Church Hall. Big. W. W. Reid, D.S.O., Provincial President of the Boy Scout Association and City Chairman for the drive, presided.

After a few introductory remarks, Big. Reid read a telegram from Major General P. C. Spary, C.B.E. D.S.O., Chief Executive Commissioner, Boy Scouts Association of Canada, expressing confidence that the result of the 1951 P.E.I. campaign would be even greater than the splendid response to last year's drive.

A letter from Mr. Jackson Dods, C.B.E., O.B.E., expressing similar confidence, was also read by the chairman.

Judge H. L. Palmer, Provincial Chairman, then addressed the meeting, calling on the canvassers to "do your best". He stated the objective of \$5,000 for the whole Island was very reasonable and that the response should be satisfactory.

The canvassers present expressed their appreciation of the splendid supper supplied by the ladies of Trinity Church with a long round of applause.
