# IN Personal Planning

## IT'S THE OUTCOME

## NOT THE INCOME

## THAT COUNTS

"It's not how much your income is... It's how you use it." That is one of the chief points made in the B of M's bright little booklet on Personal Planning. No matter what you earn — \$25 a week or \$10,000 a year — this new, practical approach to money management can help you get 100-cents' worth of value for every dollar you earn.

There's no money magic to it — it can't make \$2,000 go as far as \$3,000 — but it can give you complete mastery over your own money... and put the facilities of a great savings institution at your service in attaining it.

Personal Planning is a completely personal thing. You will be the architect — with an assist from the Bank of Montreal. You'll tailor your plan to fit your income, your hopes, your dreams. The outcome will be strictly up to you.

Decide right now to find out how Personal Planning can be your blueprint for a brighter, more assured future.

Ask for the introductory booklet "Personal Planning for Successful Home-makers" at your nearest branch of "MY BANK." There's no obligation... except to yourself.

WHAT PEOPLE ARE SAYING ABOUT Personal Planning

The B of M featured Personal Planning in a test area recently. Here are a few of the comments volunteered by Personal Planners there: "... a very workable budget. Your service is much appreciated."
