Mr. Montgomery said that the Special Names Division has an objective of ..6,000 to meet. He remarked that he was greatly encouraged by the fact that the one advance contribution already received was twice that received last year from the same firm — a sign which agrues well for the success of the 1958 appeal.

Caledonia Club Plans Ceilidh

Decision to hold a ceilidh on Thursday of next week was reached at a meeting of the Caledonian Club here last night. The celidh will be held in the film projection room at Prince of Wales College and a film to be shown will be part of the program.

The club also discussed further the probable date of its annual field day usually held in August but were unable to reach a decision because of a number of uncertainties which developed since the last meeting. The tentative date set at that time was August 6th.

Club president Bruce MacLaren presided.

PERSONALS

Mrs. Haldon Hooper, Murray River, is ill in P.E.I. Hospital.

Mrs. Archie MacPherson, 175 Great George Street, is a patient in the P.E.I. Hospital.

Mrs. Maude M. Beaton, Sunset Lodge, has been a patient in the P.E.I. Hospital for two weeks.

Mrs. Barbara Mill, Formerly of Kensington, is a patient in the P.E.I. Hospital.

Miss Mary McClenaghan, 78 Churchill Ave, is a patient in the P.E.I. Hospital.

Mr. and Mrs. Arthur Wright, have returned from a buying trip to Montreal.

Councillor F. G. O'Neill will be absent from the Province for the next week while on a business trip to the United States.

Mr. Wes Nicholson, Kent Street, who has been confined to the house with the flu, has recovered and resumed work.

Potato Prices Appeared Bit Steadier Yesterday

Potato prices were a bit steadier here yesterday with $1.80 per bag delivered to the car or warehouse the price that the market warranted and that was paid by most dealers.

However there were wide variations across the province. It was learned, for example, that one Summerside dealer was offering $2.00 per 75-lb. bag. A few were offering $1.75 while one report from Western Prince County indicated that $2.10 a bag was the offering price.

Elric Campbell, former manager of the Prince Edward Island Potato Marketing Board, said that the market was slow yesterday with plenty of potatoes offering, considerably more than the market would absorb.

The Canadian market has been fairly dead for some time and it has been the American market that has been putting life into the situation.

Another source in the potato trade said there was definitely a weaker undertone on the market yesterday with speculation apparently dropping off.

TARIFF HIGHER TODAY

An additionsal tariff of 15 cents per 100 lbs. becomes effective today on table stock potatoes entering the United States.

Prior to the present shipping season there was a quota of 2,500,000 bushels of seed potatoes and 1,000,000 bushels of tablestock that were accepted into the United States at a tariff of 37½ cents per one hundred lbs. After that quota was filled the duty jumped to 75 per cents per cwt.

When the Canadian government extended tariff protection for Canadian potatoes last spring, however, the Americans cut the Canadian import quota by 1,000,000 bushels. They cut the seed quota by 600,000 bushels leaving it at 1,900,000 bushels and cut the tablestock quota allowable at 37½ cents by 400,000 bushels to 600,000.

However the Americans placed a duty of 60 cents a hundredweight on the tablestock potatoes that entered the country over and above 600,000 bushels and up to 1,000,000 bushels with the rider that on and after March 1st in each year the tariff would jump from 60 cents to 75 cents on tablestock whether the quota was filled or not.

Thus the tariff on Canadian tablestock potatoes entering the United States today is 75 cents per cwt.

Greater Federal Aid Needed In Education, Says Minister

Judge Trainor who had attended the workshop on Financing Education, told a meeting that the discussions there had shown that proper education is a costly proposition, and particularly, in a small province like P. E. I. with few industrial opportunities. Dr. Lazerte's address at this Conference emphasized equalization of educational opportunities for all Canadian children.' To accomplish this in smaller and poorer provinces, greater federal aid is necessary.

The Hon. Keir Clarke confirmed this need of greater federal aid, referring to Dr. Truman's statement at the Conference that not much was wrong with our Canadian educational system, that a lot of money could not remedy. He referred to the growth of the Senior High Schools in our province, extending the opportunity to many more boys and girls. As a delegate at large, Mr. Clarke had attended various workshops during the Conference days.

The matter was raised at a most interesting meeting of the Rochford Square Home and school auditorium on Thursday, February 27. Parents and teachers present were unanimous in their praise of the panel discussion chaired by the capable president, Mrs. Eugene Cullen. Panel members included Honorable Keir Clarke, Minister of Education, Mr. K. A. Parker, Supervisor of City Schools, Judge St. Clair Trainor, and Mr. R. McNutt, President of the Provincial School and Home Association. All four panel members had been among the Island delegates to the Ottawa Conference on Education, and ably presented their rich experiences and impressions.

At the request of the president, each panel member spoke briefly regarding the particular workshop of the Conference which he attended and later answered the questions of the president and of the audience. Mr. McNutt, the first speaker, had attended the worshop on Home and School Relations. He pointed out the responsibility of the home to care for a child's health, its rest and food habits, to provide correct attitudes towards teachers and authority, to inculcate spiritual values.

NURSERY SCHOOLS

Considering the absence of so many parents at work away from the home, the question of nursery schools for children of three to five years of age was one discussed by this workshop.

Mr. Parker prefaced his discussion of the Conference by a remark that seemed to prove the alert interest of Canadian citizens as a whole in the vital question of Education. Only about one quarter of the 850 delegates a the Conference had any direct connection with education itself.

Another significant oponion was the general acceptance by the Conference of the fact that the way of a nation is not dependent upon its military strength but upon its educational system. Recent history of European countries has but proved once again the experience of all history— "As is the education of a people, such are its homes, such is that state."

IS SOUND

The speaker was happy to assure, in the words of the magnetic chairman of the Conference, Dr. Penfield of Montreal, that "Canadian education is fundamentally sound." From the special workshop on Handicapped and Privileged Children, which Mr. Parker attended, he emphasized one important principle— that all classes of children are entitled to a fitting education at the expense of the state.

Questions directed to the panel members covered a wide range of topics-kindergarten, teacher qualifications and teacher prestiage, teaching of a secondary language in elementary grades, barsaries for High School students and others. All elicited wholesome discussion and satisfactory summaries.

An educational treat, as this meeting proved to be, was brought to a close by a vote of thanks to the panel members, proposed by Dr. J. Maloney, and the singing of The Queen.

Gets 4 Months For Possession Of Stolen TV

A resident of Charlottetown was sentenced to four months in Queen's County Jail by Magistrate Gilbert A. Gaudet Friday afternoon.

The accused had previously been convicted of the possession of stolen goods, a television set, property of Emerson K. Johnston, Murray River, and appeared yesterday for sentence.

The charge of theft of a wood sleigh, property of Francis McKenna, Tracadie, against the accused and another resident of Charlottetown was dismissed.

The case of a Charlottetown resident charged with fraud was further adjourned until March 7th. Also adjourned until March 7th was the case of another Charlottetown resident charged with the unlawful possession of intoxicating liquor, in his residence, not purchased on his individual permit.

Due to the absence of a witness, the case of a resident of Monticello, charged with the unlawful possession of intoxicating liquor not purchased on his individual permit was adjourned until March 21st at the consent of both parties. The accused entered a plea of not guilty to the charge.

A Charlottetown resident convicted of driving a motor vehicle without due care and attention (speeding) contrary to section 36 sub-section 1 of the Highway Traffic Act, was fined $10 and costs or 10 days.

A fine of $20 and costs or 30 days was imposed upon a resident of Murray River, convicted of the unlawful possession of intoxicating liquor in a place other than his respective residence.

Four Parties To Take Part In S. D. U. Model Parliament

Saint Dunstan's University's Model Parliament will have four parties when it opens in mid-March, it was learned last night. The latest addition is a C.C.F. party headed by Brian Noonan of Winnipeg. Mr. Noonan indicated last night that his party would be very small. He said also that he was a self-appointed leader but he was going to have some fun and offer some added opposition when the parliament opens.

The other party leaders are Faber MacDonald of Charlottetown for the Liberals, Don MacDougall of Kinkora for the Progressive Conservatives and Charlie Campbell of Kelly's Cross for the National Reform party.

There has been no definite decision reached, as yet, on the date parliament will sit but the indications last night pointed to an opening date of March 19th.

Although there has been no official announcement either on what party will form the government, it was learned unofficially that it will likely be the Conservatives which would automatically make Mr. MacDougall the premier.

Mr. MacDonald, the Liberal leader said last night that the two main reasons for holding the parliament were to create more interest in political developments among the student body and to acquaint the students with parliamentary procedure.
