

S'ide To See Great Fight Card

Charlie Hogan has lined up another exciting special fight card for the holiday in Civic Stadium. Al MacLean, a colored boy who has beaten Bud Ramsay's cougar, "Tiger" Steele, but has lost to one of "Bud's" victims, Al MacKay, will square off with Ramsay in the 10-round feature attraction.

MacLean has fought some very exciting fights at Palace Pier in Toronto, as television fight fans will know. Like Ramsay, he has a lot of style and is pleasing to watch, but he can throw tranquillizers too if the occasion offers.

The fight between Clarence "Sluggo" McNeill and Urban Rogers should attract a lot of

fight fans who like their fight fare something like a Pier Six brawl. Rogers has shown the fans his willingness to stand toe to toe and slug it out, and according to reports the "Sluggo" enjoys himself most when the seas are choppy too.

Donnie Arsenault and Urban Chaisson fight a return match, and Arsenault, still smarting from the decision going against him last time, is determined to show the game-cock; Chaisson judges to add up any figures this trip.

Wendell Grady and Layton Soper, two flyweights, will mix it up in the curtain raiser.

HUNTERS CORNER

It's Still Pretty Early For Making Predictions

It's rather early to predict hunting prospects for the coming season but conditions in general appear the most promising for a number of years. In the past my information was obtained at first hand but since 1936 I have to depend to a great extent on contacts I have established over the years. It is the Hungarian partridge that show the most promise. Judging from the number of pairs reported this spring by farmers it could be we will have the best hunting this October that we had for the past four or five years. This depends of course on the hatch, which should be at its peak on July 12th, and weather conditions between then and mid-September.

Huns are not so early nesters as pheasants. Coveys of young birds are rarely seen in June. Pheasants on the other hand show up with broods early in May. One covey reported seen during the last week in May held either 15 or 17 young. They weren't much larger than English sparrows but nevertheless could dart through the grass like so many mice. The farmer got 15 on the first count and 17 on the second although a couple could have been recounted. As I mentioned early this the Huns who appear to have really hit their stride although I have heard of no coveys seen to date. A farmer of my acquaintance stated he had three pairs on his farm and also that his 'over the line fence neighbour' had two on his. He told me he didn't see a pair on either farm last spring although two coveys showed up last fall after the season closed. One of 7 and the other, if my memory serves me correctly held 14.

Often I am stopped on the street by farmers who I know by sight but not by name. They mention seeing a pair on their farm when none were present last spring. Some report more than a pair. They also tell of seeing coveys during the short period of icy crust conditions at the tag end of winter whom they were unaware existed up to this period. Typical of such reports is one from a Clyde River resident: "I never dreamed there was a covey anyway near till the crust came in early spring when 8 lovely birds appeared in my orchard and scratched around the base of the apple trees. They left when the crust thawed out."

Backstretch

(Continued from page 8)

Next Tuesday afternoon we expect to see a crowded grandstand and a large overflow of spectators at Summerside race track. For as long as we can remember, Summerside has celebrated our Dominion's birthday in that manner, and we can remember taking part in a race there on July 1, 1912. It was not very fortunate for the writer, for another horseman tore the spokes of my wheel and the mare I was driving ran away; she was caught by Parker Hooper, champion quarter-miler of the Maritimes.

Since then we have competed a great many times and have had some successes and always enjoyed being there. The track also lay claim to being the oldest still in use in the Maritimes. The Black Pilot - Hernando race took place there in 1886. The management has secured an overflow of entries, and will have to eliminate quite a number.

FUTURITIES
Our horsemen are also reminded that, on July 1st., a second payment in the Prince Edward Island colt futurities stakes is due. So in order to keep eligible, send your money order or cheque to secretary W. G. Gillespie.

At Saint John raceway on Dominion Day afternoon, the Dr. D. H. MacAllister Memorial Paced will be raced. A large entry list has been received, and it should prove a tremendous drawing card. The purse is \$1,000.

Older horsemen will remember two of the horses which the Doctor raced that were great favorites - Fern Hal, 2.05 1/4, and Victoria, a trotter with a mark of 2.14.

Lane Favors Coast League

CLEVELAND (AP) — Frank Lane, Cleveland Indians general manager, has hired three field managers in his tenure with three major league clubs, and all three came from the Pacific Coast League.

While with Chicago White Sox he brought Paul Richards, now with Baltimore Orioles, up from Seattle. When he was general manager of St. Louis Cardinals, he went to that same team for Fred Hutchinson.

Thursday he hired Joe Gordon, who last year piloted San Francisco to a PCL title, to run the Indians.

Asked what he looks for in hiring a manager, Lane said that he wants a man with "enough restraint to realize that baseball players are human beings and that the failure to perform satisfactorily could result from lack of ability."

He said managers these days tend to make the game too complicated. Lane mentioned platooning and "shifting players just to make shifts."

"Over managing," Lane declared, "is a greater evil than under managing."

Walker) 1-2, Direct Mite (E. Moreside) 2-1, Mr. Rock (C. Smith) 3-3, four other starters, time 2.10 and 2.10 1/2; Jet Master owned by the L. and G. Stable, Halifax, and Direct Mite owned by Lorne Letcher, Springfield, Races 2 and 6-Mighty Special (Given) 1-1, Guy Haven (Haley) 2-6, Waychamp (J. MacMillan) 4-2, four other starters, time 2.13 and 2.13; Mighty Special owned by G. Gibbon and H. F. Mouquin, Montreal.

Race 5 (trot)—Dark Yankee (Mauger) 1, Joppa Maid (E. Shaw) 2, Bold Dean (L. Walker) 3, four other starters, time 2.16 4/5; winning owner Harry Hirsch, Sydney. Race 6—8-Marystine (Manager) 1, Lela Clegg (Austin) 2, South Dakota (Campbell) 3, four other starters, time 2.16 3/5; winning owner Eric Wheby, Dartmouth.

TROTTER RECORD
At Fredericton on Monday night, a new season's trotting record for the Maritimes was set up when Lady Lakeburn, owned and driven by Dr. J. T. Atkins, of Fredericton, won the third dash in 2.11. The previous season's record was 2.13, made by Don Seaman with Gallant Way last Saturday night at Charlottetown.

The fastest mile of the night was turned in by the pacer Chico Vivien in the 8th dash, owned by L. McKimley and driven by T. Devlin, time 2.10 1/2. This time is also a new track record for this season at Fredericton, surpassing the former mark of 2.11 3/5 held jointly by Slicker Tass and Watson's Star.

Homestretch Ade, owned by A. L. Sandler of Calais, Maine, and driven by T. Devlin, was double-dash winner in the 2nd and 8th races, time 2.16 and 2.18.

PAID OFF
A lucky bettor at Truro on Wednesday night received a return of \$27.40 for a \$2 bet on the "exacto" race; the combination was made possible when Walk The Line (Daniels) and Texas Hal (D. Pinkney) were first and second in the 8th race.

Here a brief summary: Races 1 and 4-Gilda Bell (G. Turner) 1-3, Forever Mine (Isnor) 3-1, Royal Bank (MacLeod) 2-4, five other starters, time 2.15 and 2.14 2/5; Gilda Bell owned by N. Turner, Dartmouth and Forever Mine by C. Isnor, Truro.

Races 2 and 6-Senator Quay (Beers) 1-1, Tauti Boy (Connors) 6-2, Lorna J. (Daniels) 2-7, five other starters, time 2.15 and 2.17; Senator Quay owned by Dr. DeLaney, Moncton. Races 3 and 7-Scottish Wick (P. Pinkney) 1-2, Ronald Hanover (Jabalee) 2-1, Big Boy (D. Pinkney) 5-3, four other starters, time 2.21 and 2.14 4/5; Scottish Wick owned by Dr. Johnson, Great Village, N. S. and Ronald Hanover by Richard Jabalee, North Sydney.

Race 5-Pine Land Duke (M. Turner) 1, Money Royal (Daniels) 2, Dr. Tony (K. Pinkney) 3, three other starters, time 2.18; winner owned by K. G. Fraser, Dartmouth. Race 8-Walk The Line (Daniels) 1, Texas Hal (K. Pinkney) 2, Naughty Girl (D. Pinkney) 3, four other starters, time 2.18 1/5; winner owned by Earl Wilson, Truro.

THREE NIGHTS
Officials of the Charlottetown Driving Park have announced that they will seek permission to race three nights a week through the summer months. The increased schedule will be tested the first week in July with races on the 5th and 7th. Then, if permission is obtained from the P. E. I. Racing and Sports Commission, a program will be held on July 9th.

At Meadows raceway, California, on June 15, Hawkins Hoss, owned by Walter Found, Merced, Cal., won the Vallego Pace, purse \$3,000 in 2.03 2/5. It was the third straight victory for Hawkins Hoss at the Bay Meadows meeting. Mr. Found is a native of this province.

Our friend Dow Clowater writes us from Fredericton that Lola Hal, a three-year-old black filly owned by the Valley stables of East Fredericton, N. B., and driven by Clayton Killman, took a new record of 2.15 1/5 in the fifth dash at Fredericton last Monday night. This is the fastest mile to date this season by a three-year-old.

Lola Hal is by N. D. Hal, dam Lola Dale by Playdale.

Our friend also makes reference to the good performance of Runnymede Beale that was second to Lady Lakeburn in the third race trotted by her in 2.11. **FAST TRACK**

Saint John raceway, which has not been considered as fast as some of the tracks in the Maritimes, is showing some excellent average times this season. Last Wednesday night, the eighth dash averaged slightly more than 2.14. The fastest performance of the night were in the 2nd and 6th dashes, which were won by Hickory Doc, 2.02 3/5, time 2.10 4/5 and 2.11 4/5. He was driven by Davidson and is owned by Douglas Caldwell, Saint John.

The next best performance were in the 4th and 8th dashes, which Dixie K. (Nickerson) was 1-6, and Mac Dale (Coughlan) 6-1, time 2.12 3/5 and 2.14 3/5. Dixie K. is owned by Wilson and Nickerson, Saint John, and Mac Dale by G. C. Alexander, Saint John.

Another winner on the same card was Daniel Hal Scott, owned and driven by Sonny MacDonald, in the fifth race, time 2.14 4/5; he has been a very consistent race horse, and we remember quite well when he came to Saint John and the writup we gave him. Picking up a Yearbook for 1954, we notice that on December 9th, at Dufferin Park, Toronto, he won a race a mile and one sixteenth over the ice there in 2.31.

Our congratulations to race secretary E. Frank Acorn for the classifications he is making, which are resulting in splendid race programs at the Charlottetown track. It was really pleasing to see the spectators standing up and very much excited as the horses came down the homestretch to the wire.

Tonight's program is a dandy, and should provide many thrills. At Blue Bonnets Raceway last Tuesday night Bob Ryan won the 3-year-old pace purse \$1850 with Pine Grove in 2.05 Fastest mile of the night.

MP ASKS ANNULMENT
LONDON (AP)—Harry Pursey, Labor party member of Parliament, filed a petition Wednesday for nullity of his 1954 marriage to the former Hungarian Baroness Livia Maria Hussar who was convicted of illegal possession of narcotics in Montreal in 1956 but won an appeal and later was acquitted.

ELMER SAFETY BADGES
May be picked up at Scantlebury Signs and Plastics, 90 Kent St. Price 15c

STARTERS WITH POSITIONS
For Saturday June 28th, 1958. 8.00 p.m.

Nos. 6-8 Free For All 2 Dashes — \$400.00 each

Two Softball Games Today

R.C.A.F. Flyers are in Charlottetown this afternoon for a doubleheader in the City Softball League.

The Flyers meet Barry's Lions in the first game starting at 1.30 and then tackle Junior Basilla Youth Club in the nightcap at 3.30 sharp.

Both games will be played at the old diamond. Frank Bell will umpire the second game with Red MacFadyen on the bases. In the opener Air Force official Fenn will call the balls and strikes. Len Arsenault will work the bases.

Turley, Friend May Start

NEW YORK (AP) — Don't be surprised if New York's Bob Turley and Pittsburgh's Bob Friend — pair of strong armed right-handers — are the starting pitchers in the 1958 all-star game at Baltimore July 8.

Managers Casey Stengel of the American League and Fred Haney of the National won't make their pitching staffs public until Sunday. It's a cinch, however, each skipper will stock his staff with righthanders. It happens the starting lineups of both squads, announced Friday, are predominantly righthanded. The starters must play at least three innings.

The failure of southpaw swingers Ted Williams and Yogi Berra to make the starting team leaves the Americans with only one left-handed batter besides the switch hitting Mickey Mantle. He is Chicago's Nellie Fox, who beat out Gil McDougald for second

Former Big Leaguer Dead

SPRINGFIELD, Mass. (AP)—Phil Page, 52, who pitched for a short time for Detroit and Brooklyn early in his career but spent most of his life managing and scouting in New York Yankee organization, died Thursday night of a heart attack.

In organized baseball for 36 years, he was associated with the Yankees' minor league system, as manager or coach and was more recently a New England area scout for the Yankees. At one time he was a pitching coach for Cincinnati Redlegs.

Willie Mays Is Desperate

NEW YORK (AP) — Willie Mays, disturbed because his batting average has shrunk 70 points from .425 in three weeks, practically pleaded Friday for an older and wiser head to tell him what he's doing wrong.

In a Cincinnati interview with base by four votes.

The absence of such all-stars regulars as Red Schoendienst and Eddie Mathews leaves the National League starting squad with just two lefthanded hitters, first baseman Stan Musial of St. Louis and left fielder Bob Skinner of Pittsburgh.

Musial, who will establish a new mark every time he goes to bat, was named for the 15th time. He received the highest number of votes — 201 out of a possible 235 — from the players, managers and coaches participating in the poll. This is a change from the former fan vote method.

Jimmy Cannon, New York Post Columnist, the Star Centre Fielder of San Francisco Giants, Said:

"I need some older fellow to watch me. I mean some one who knows me and knows all about me and what I done when I started and how I was when I came up."

He said the best thing would be to have Jackie Robinson to play with him for one year.

AFRAID TO TELL
Mays said that outside of Hank Sauer, the Giants' veteran outfielder, his teammates are "afraid" to tell him what they think he is doing wrong.

Despite his slump, which has handcuffed him without an extra base hit or a run batted in during the last 16 games, Mays is batting .372. That's still good enough to lead the league.

"Some guys hit .350 but they don't care," Willie said. "But I love this game. If I got to do something and I don't do it, I feel terrible. I got so much to learn about it. That's why I want some older fellow to tell me when I'm doing wrong."

Unofficial Run 169 MPH

MONZA, Italy (AP)—Britain's Mike Hawthorn whipped a new 12-cylinder Ferrari special around the Monza track Friday for a lap average of 169 miles an hour.

That was only an unofficial run in the big red car, however, and did not count toward official trials for Sunday's Monza 500-mile race.

Earlier, on his official run, Hawthorn averaged 160.657 miles an hour over three trial laps. That was not as fast as the official three-lap average of 166.7 miles an hour turned in by Eddie Sachs of Allentown, Pa., in

Sat., June 28, 1958 The Guardian Page 9

his Jim Robbins Special. Sachs was timed at 167.089 miles an hour on his fastest lap.

Earlier Britain's Stirling Moss averaged 159.253 miles an hour in his official try over the rain-slick track.

Moss also turned in the fastest single lap of 2.6 miles—at 160.319 miles an hour.

Jack Fairman turned in an average for the three qualifying laps of 153.096 miles an hour in his silver colored special single-seater Jaguar.

Britain's Mike Hawthorn also took a few first practice runs around the track with the big red Ferrari 12-cylinder special that he will drive Sunday.

NEED TEACHERS
LONDON (Reuters)—A "critical" shortage of mathematics and science teachers exists in Britain, the ministry of education said Thursday in its report on 1957.

U.K. CRUISER ARRIVES

QUEBEC (CP)—The 10,000-ton British cruiser HMS Birmingham arrived here Thursday to take part in the city's 350th birthday celebrations. The slim, twin-stacked cruiser tied up at Wolfe's Cove where she later was joined by four Canadian destroyer escorts — HMCS St. Laurent, Ottawa, Saguenay and Assiniboine — the 2,800-ton ships forming the Halifax-based Third Canadian Escort Squadron.
