CURRENCIES

MONTREAL (CP) — The U.S. dollar closed Wednesday at a discount of 3 per cent in terms of Canadian funds, unchanged. Pound sterling $2.73⅛, up 1-16.

TORONTO

TORONTO (CP) — Profit-taking snapped the stock market's four-session advance Wednesday as prices in all sections except golds drifted down in moderate trading.

The profit - taking, which appeared on Wall Street Tuesday, struck at the opening and pushed most key issues down. A majority didn't recover.

Base metals lost more than a point on index. Golds, bucking the general trend, added 1¼ points to their index, mainly because of a 3¼-point rise to 73 by McIntyre and a 35-cent jump to $6.85 by Giant Yellowknife.

Senior base metals were led down by International Nickel, off 2¼ points to 69½ amid a turnover of 9,700 shares following the company's announcement that production is to be reduced by 10 per cent.

Lower - priced mines moved down in a 20-cent range but trading in these stocks was a little lighter than usual.
