To Select Bulls For Ayrshire Breeders

Efforts to select two first quality Ayrshire bulls will be made in Ontario next week by Mr. H. W. Clay, Senior Livestock Fieldman of the Federal Department of Agriculture, when he attends the Royal Winter Fair at Toronto. Competition from other Maritime Provinces raising dairy cattle has become so keen of late that it is felt local breeders may now perhaps pay more attention to breeding than in the past. The selections to be made by Mr. Clay will give Island breeders an opportunity to purchase the animals chosen. It was felt by observers at the Amherst Fair last week that though the numbers of cattle shown were down considerably from other years, the quality was equally as good as in the past.
