Canada's Advances Shown At World Fair

By JIM PEACOCK
SEATTLE (CP) — Canada's scientific achievements, with a little far-north forecasting embellishment, may give many Americans visiting the World's Fair here a new picture of the country as their northern boundary.

There's not a sign of a wild Indian anywhere in the Canadian exhibit, and there's little to leave the impression that the country is one vast wilderness of ice and snow.

In keeping with the nature of Century 21, the Canadian gov-

The bidding:
West North East South
Pass 1♠ 2♠ 3♥
3♠ 4♥ Pass Pass
4♠ Pass Pass 5♥

Deal:
Opening lead — three of spades.

This hand was played in the match between Great Britain and the United States in 1950. At both tables the final contract was five hearts played by South, but at one table the contract was made and at the other it was not.

At the first table, where the bidding went as shown, the American declarer (Crawford) ruffed the opening spade and then, led to believe by the bidding that West was more likely to have the queen of hearts, played the ace and another heart.

When West produced the queen, it required only careful play to make the hand. Crawford won the heart with the king, cashed the ace of diamonds, ruffed a spade, and then led another diamond.

West played the queen, but declared let him win it. West shifted to a club. Crawford won the ace, took the marked diamond finesse, and then discarded two clubs on dummy's good diamonds. He made five hearts doubled for 650 points.

At the second table, the British declarer (Konstam) did not get as much information from the bidding as at the first table. It went:

West North East South
Pass 1♠ 2♠ 3♥
4♠ 5♥

Konstam ruffed the spade lead and was faced with the problem of how to handle the heart. He had not been doubled and hence knew less about the probable trump division.

He decided to play on the basis that the diamonds were divided 3-2. He therefore led the A-K of diamonds. He planned to continue next with a diamond and hoped that the clues furnished by this series of plays would enable him to play trumps later to the best advantage.

Unfortunately, East ruffed the second diamond and Konstam could not recover from this blow. He had to lose a diamond and a club eventually, and went down one.

is LONGFELLOW

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.
