THE WHEEL.—The race between Messrs. Davies and Moore is set down for to-morrow afternoon. A splendid contest may be expected.

TEA PARTY.—A tea party in connection with the P. E. Island Hospital and in aid of a contagious disease ward, will be held at Strathgartney on the 4th of July next. Further particulars later.

MARKET PRICES.—There was a fair attendance at the market to-day. Mackerel, the first Island catch on sale this season, sold at from 12 to 15 cents each, and eggs dropped to from 7 to 8 cents per dozen.

BOTANICAL EXCURSION.—The pupils attending Prince Street School are going for a botanical excursion on Saturday. They will be accompanied by Mr. F. Bain. Lieutenant Governor Howlan will give a prize for the greatest number of new specimens obtained by any of the pupils.

A CHARIVARI took place on Bishop Street last evening, the occasion being the wedding of an elderly man whose wife died a little over two months ago. It is said that a goodly number of the young and old of both sexes took part in the serenade, and that the glass in some of the windows suffered.

THE THAMES.—The steamer Thames left for St. John's, Nfld., via Sydney, about five o'clock yesterday afternoon with a general cargo which included 76 cattle and 29 sheep for St. John's; 6 cattle and 1 sheep for Sydney, and a quantity of hay and oats for both places. Joseph Wise, M. P. P., and Duncan Shaw went as passengers.

MOUNT ALLISON.—The Mount Alllison University published class lists show that Miss Bessie Alexander, of Stanhope, is ranked first-class in sophomore mathematics, Latin, chemistry and English; and Miss Minnie Morrow, of Souris, first-class in Latin and English, and second class in chemistry—a very creditable record for these young ladies.

THE LATE WILLIAM WEEKS.—The body of the late William Weeks was interred this afternoon at Sherwood cemetery. The funeral cortege was very large. The service at the First Methodist church was conducted by Rev. W. W. Brewer. The pall-bearers were: William Dodd, W. E. Dawson, Richard Heartz, John Stumbles, William Heard and W. W. Wellner.

TO THE NORTHWEST.—During the past month six hundred immigrants have arrived in Manitoba, compared with one thousand two hundred and seventy-seven for the same month of last year. Although the number is scarcely half so large, the number of dollars they have brought into the country is said to be much larger, and there is as great improvement in other way as in the class of settlers.

THE BAPTIST CHURCH.—The quarterly meeting of the Island Baptist Churches met at Alexandra last evening. Quite a large representation of ministers and delegates from the churches was present. Rev. Mr. Spurr was chosen moderator, and a very enjoyable service was held. To-day services were held at 10 o'clock a. m., led by the Rev. Mr. Timin. At half-past three the council met to consider the question of ordaining Brother Kierstead (licentiate) to the gospel ministry; and this evening a mass meeting will be held, beginning at 8 o'clock.

NUISANCE NEAR THE RAILWAY. — We desire to call the attention of the Board of Health to the state of the gutter on the north side of Water Street, between Hillsborough and Weymouth Streets. For want of a proper outlet and sufficient grading, the water collects in the drain and becomes stagnant, and in warm weather very offensive and injurious. The people who occupy houses in the vicinity complain very much of this nuisance, and we think the travelling public as well must experience the same trouble. A proper drain is absolutely necessary, and to avoid disease the matter should be attended to at once.

CITY SCHOOL BOARD. — The regular meeting of the City School Board was held last evening, Dr. Johnson presiding. The Schools will close for the midsummer holidays as follows: Queen Square, June 27th; West Kent, 28th; Prince Street, 29th. They will re-open on the 3rd September; an extra week being allowed on account of the teachers attending the Summer School of Science. Mr. Howlett tendered his resignation as Vice-Principal of Queen Square School, to take effect on the 30th inst. The teachers' reports for May shows the total enrolment to be 1,363—803 boys and 561 girls. The average daily attendance was 1,118. The percentage of attendance was 86.

NO SCOTT ACT HERE.—The Moncton Times says: "According to a commercial traveller who returned from P. E. Island a few days ago, Charlottetown may be very properly termed the city of barrooms, notwithstanding the fact that the Scott Act is in force there. The commercial man in question informed a Times representative that Charlottetown has something like 170 bar-rooms, according to his information. He says he walked past one block, not more than 150 yards in length, in which there were no less than sixteen drinking saloons." The Times and all commercial travellers ought to know that the Scott Act is not yet in force in this city.

TEMPERANCE MEETING. — The public meeting last evening in Victoria Division Room passed off very pleasantly, the Worthy Patriarch, Dr. Ayers, presiding. Short addresses were given by a number of the members, interspersed with excellent music by the choir of the Second Methodist Church, and some well rendered recitations. Reference was made to the efforts of the Sons of Temperance in the year 1853 to secure a prohibitory liquor law for Prince Edward Island, and a copy of the petition prepared by William Heard, David FitzGerald and J. B. Cooper and presented to the Legislature at that time, was read. Prohibition is by no means a new question at the present time, and if we can judge by the recent plebescite elections, there is reason to believe that a prohibitory liquor law will soon find a place on the statute books of the Dominion of Canada. Two persons signed the total abstinence pledge.

PERSONAL.

Senator Ferguson left yesterday on return to Ottawa.

A friend who called on Mr. Gladstone found him deeply engrossed in a game of backgammon.

The Times, in noting the arrival in Moncton of Mr. W. J. Miller, says: On account of Mr. Miller's delicate health, he contemplates disposing of his property in Charlottetown and removing to San Diego this fall. He has resided in P. E. Island for about 20 years.

This forenoon's arrivals at the Queen Hotel were: Jas. F. McCurdy, Bonshaw; D. C. Morson, Cardigan. The arrivals yesterday included: George Forbes, Vernon River Bridge; W. R. T. Young, Eldon; J. A. Rutherford, St. Thomas, Alex. Laird, North Bedeque; Geo. C. Green, Miminigash.

At the Hotel Davies this forenoon there were registered: Mrs John McLean, Souris; J Heber Haslam, Springfield. Yesterday the arrivals were: F H Arnaud, city; F Peters, do; W A Major, Halifax; Thos Tune, Toronto; J Sinclair, S'side; Geo F Pyke, Halifax; F H Armstrong, St John; James Ireland, Halifax; Jas E Macdonald, Cardigan; W A Brennan, Summerside.

THE LIVERPOOL AND LONDON AND GLOBE INSURANCE COMPANY.

The 58th annual meeting of this company was held on the 16th ult., in the Law Association rooms, Cook street, Liverpool. We have received a copy of the annual report submitted to the proprietors. Notwithstanding the serious fire losses in 1893, the Liverpool and London and Globe had a fairly successful year. We make the following extract from the chairman's address:—

Taking the six years together, we have strengthened the fire reserve by £165,000, and the profit and loss account by £226,370, but to be perfectly correct, it must be remembered that the profit and loss account now contains an amount sufficient at 3 per cent. improvement for the dividend of 30s. per share per annum for five years. Taking the departments together, the whole resources of the company have been increased during these three fat and three lean years by £990,488. During these six years our fire premium income has increased by £338,668, while in spite of the greatly reduced rates of interest, our interest account shows an increase of £31,666. Fifty-eight years ago this company was founded, with a capital of £245,640. Its assets now amount to over £9,000,000. I venture to think that this brief review of our position will be satisfactory to you as proprietors, and also that the figures I have laid before you will give a perfect sense of security to those who insure their property with us.

It may be but fair to add that no part of the profits of the Company in 1893 came from Canada, where the Liverpool and London and Globe shared the general loss.

Mr. Leith E. Brecken has been appointed Agent for the Company here to continue the business in this Province.

THE CAVERN EXPLORERS.

The details of the rescue of the exploring party which was immured for nearly ten day's in the Lugloch cavern in Australia show that the unfortunate prisoners would have perished if a box of provisions had not been lowered to them with a rope. They had exhausted their supply of candles and food, and were rapidly succumbing to faintness and weakness, when one of the party heard a noise at the flooded entrance of the cave. He waded out and found a rope, and after pulling up several branches of trees, saw a box with the lid pressed in. It contained rolls softened with water, sausages and twenty-two candles. This supply of provisions, which was lowered at a venture near the mouth of the cave, kept them alive till the diver appeared and effected a rescue. The cave was a new one, and had never been explored. There was rivalry between two exploring societies, and one of them undertook to work when the weather was unfavorable. The poor prisoners underground fancied that the other society had stopped up the watercourse in order to deprive them of the honors of discovery. The rival society, however, was foremost in the successful attempt to rescue them. So strong was the ruling passion that the leaders of the party resolved as soon as they were rescued to return in a fortnight to the scene of their terrible suffering.

BABY SHOW.—Messrs. Johnson & Johnson, who are ever up to the times, struck an idea in the way of window-dressing which seems to catch the eye of both old and young. In their uptown store, as a means of advertising children's requisites, they have arranged a cradle with twins in it, and a chair holding their older brother. The trio is carefully watched by a pretty young nurse, who seems to understand her business thoroughly. On the whole, it is very attractive, and is well worth a walk past at night, as it looks better under the shade of the lights than in daytime.

MISSIONARY MEETING.—The Annual missionary meeting of the First Methodist Sunday School will be held in the basement of the Church on Wednesday, 6th inst., A short musical entertainment will be given by the scholars.

A Lame Back, or a kink in the neck, is quickly removed by a free application of Dr. Manning's german remedy, the universal pain cure. All druggists sell it.

P. E. ISLAND PRESBYTERY.

The Presbytery of Prince Edward Island met in the Presbyterian Church, Hampton, on Wednesday, 23rd day of May, and was constituted with prayer, Rev. Geo. McMillan, Moderator pro tem, with whom were present Messrs. Campbell, Sutherland, J. W. McKenzie, G. B. McLeod, T. F. Fullerton, ministers; and Messrs. Harvey and James, elders.

Mr. Fullerton was appointed Clerk pro tem. The edict in re the ordination of Mr. J. E. McCurdy having been returned as duly served, it was ordered to be again read. This being done, the Presbytery proceeded to the ordination and designation of Mr. McCurdy to the charge of Tryon and Bonshaw. Mr. G. B. McLeod conducted divine service. Mr. McMillan narrated the steps and put the questions of the formula, which were satisfactorily answered. Mr. McCurdy was then ordained. Mr. Fullerton addressed the newly ordained minister, and Mr. Sutherland the people on their respective duties.

The Presbytery dealt with the resignation of G. B. McLeod, minister of Covehead. The Clerk read a communication from the congregation testyfying to the good work Mr. McLeod had done among them; and the desire to retain him as their minister, if he could see his way to remain.

Mr. McLeod being unwilling to withdraw, the Presbytery very reluctantly agreed to accept the resignation, to take effect on and after the 27th day of July next.

Messrs. Mahon, Sutherland and Fullerton were appointed to draft a certificate in behalf of Mr. McLeod, in addition to the usual Presbyterial certificate, setting forth the valuable services he had rendered within the bounds. Mr. Sutherland was appointed to declare the congregation vacant on the 5th of August and to act as interim moderator of that session.

The Presbytery placed on record their high sense of the Christian character and attainments of the late Dr. McKnight, Principal and Professor of Divinity in the Presbyterian College, Halifax, and lament the great loss which the Church has sustained by his removal.

Prof. H. McD. Scott was nominated for the vacant Professorship.

The Presbytery adjourned, to meet in the Hall of St. James' Church, Charlottetown, on Tuesday, 7th August next, at 11 o'clock, a. m.

T. F. FULLERTON,
Clerk pro tem.

HONESTY.

"An honest man's the noblest work of God."

SIR,—We sometimes, on certain rare occasions, comparatively speaking, see advertisements in the papers for "Money Found." In many cases the incentive is the reward looked for. It is seldom that the finding of money is disinterestedly and unselfishly acknowledged. When it is thus found and restored to the owner, I think some public acknowledgment is due the finder, as the action is just as meritorious and heroic as many others recorded in public print. On the 23rd of January last a purse containing $28 was lost between Charlottetown and Springton. The loser failed to advertise it, thinking it almost useless to do so. On March 15th, Mr. James Murray, son of Mr. Thos. Murray, of North Wiltshire, found the money and immediately made thorough enquiries for its owner—to no purpose, however. He then advertised it, and the owner of the purse, after a lapse of time, was hunted up. Mr. Murray at once gave up the purse, on a satisfactory description of it and its contents being given, and absolutely refused to take any reward, save a trifle over the cost of advertising. Mr. Murray is not a rich man, and the amount, though not very large, might very well tempt dishonesty on the part of a less honest man. Mr. Murray is to be greatly commended for his persistent efforts to discover the owner of the purse, and for his evidently disinterested motives in refusing to accept a reward.

STYLISH WOMEN.

Just what constitutes that most desirable quantity of "style" is very hard to determine. Whether it is inborn only, or whether it may be acquired, is a very important question, as it is a possession that many women deem of greater importance than beauty itself. Ask any average woman whether she would rather be pretty or "stylish" and she will choose the latter qualification almost invariably. It is the intangible something that gives grace and distinction whereby the wearer of a cotton frock may look better dressed than the woman clothed in silk and velvet, and, if in rich attire, will outshine all rivals. As to whether or not style can be acquired, it may be said that in a certain measure it can be. Carriage, for instance, has an immense effect on style, and that certainly can be cultivated. A dowdy woman rarely has a good poise of the head and neck, and never walks gracefully, and, although grace and style are not at all synonymous, it is impossible to have the one without a certain amount of the other. As grace of carriage is successfully taught by those who understand the principle, no doubt style also might be analyzed and growing girls instructed in the why and the wherefore of this most coveted characteristic.

THE NO. 4 YOST.

In presenting to the public our No. 4 Machine, we feel that we have combined all the latest and best improvements of the most successful inventors and experienced mechanics.

The Carriage of this Machine contains many practical improvements, the usefulness of which will at once be apparent. Among those specially worthy of mention are the following:—

The new and improved Release Key, whereby the carriage can be released as well when raised as when lowered, and can be positively stopped at a given point *without the allowance of a single space* for momentum. This instantaneous stopping will undoubtedly be much appreciated by rapid operators.

A new arrangement for making Single, Double and Triple spaces.

A new and improved Paper Feed, which is admirable both for its simplicity and the impossibility of getting out of adjustment. A line can be written clear to the bottom of the paper.

Still another feature is the new Space Key, which has a Perpendicular Drop, the same as the rest of the keys.

Besides the improvements, this Machine and ains all the good points of our No. cont No. 2 Machines.

The speed of the Yost can be limited only by the ability of the operator to find *and properly strike the keys. This we* guarantee.

In other words, its mechanism is contrived to respond instantly to the touch of the operator by the adoption of certain expedients, by the use of which—

1st. The touch is soft and even, and the depression slight.

2nd. The carriage feeds immediately after the type leaves the paper.

3rd. The escapement is so arranged as to be perfect and uniform.

4th. There is no ribbon movement to require attention or consume power.

5th. The arrangement of the keyboard conduces to great speed.

6th. Rapidity does not affect the alignment.

The Yost is by far the cheapest Writing *Machine, because it is the most economical* in respect to Inking, Supplies, Repairs, Durability, Ease of Learning, Ease of Action, Size, Weight, Beauty of Work, Speed, etc.
