

Handicap your Cough!

Don't wait a few days to see if it will "wear off"; it is much more likely to become dangerous and it will undoubtedly be much more difficult to cure. The longer you wait the more you handicap the delicate membranes of your throat, bronchial tubes and chest, the more you render yourself susceptible to other attacks and to chronic pneumonia or consumption.

Adamson's Botanic Cough Balsam

is an infallible remedy: for more than 30 years it has been curing the worst cases and it will surely cure you.

Feasibilities of Quail.
There are many odd and interesting things to be said of the quail, which is known throughout a large scope of the country as the partridge. One is that it has the power when badly frightened of withholding its scent. A covey, quickly flushed, will scatter and lie so close the best dog in the world will overrun them, making no sign of point or foot. Another is that it has the faculty of simulating death, if taken winged in hand and of coming quickly to life the minute the grasp is relaxed in the neighborhood of good cover. Further, the birds have a sort of barometric sense.

A woodsman marking the direction in which quail feed can almost certainly foretell the day's weather. If they choose stubble or cornfields, it will be mild and moist; if they go to the open woods, he looks for wind and sun; if they scurry for thickets of brier and sedge, then he knows bitter cold is imminent. Unless forced to migrate by lack of food a covey always sleeps within 100 yards of the nest it was hatched in, and this although it may have fed all day several miles away. The sleeping is done in a huddled ring, tails in, heads out, all around and so closely bunched that a good sized napkin will cover it. Instinct possibly lies back of the ring making. Thus the shy creatures hope to escape surprise from creeping vermin, minks, weasels, foxes, which steal upon them in the night.

A Peculiar Dutch Custom.

The four Sundays of November are observed as fete days in Holland. They are known by the curious names Review, Decision, Purchase and Possession, and all refer to matrimonial affairs. November in Holland being the month par excellence devoted to courtship and marriage, probably because the agricultural occupations of the year are over and possibly because the lords of creation from quite remote antiquity have recognized the pleasantness of having wives to cook and cater for them during the long winter.

On Review Sunday everybody goes to church, and after service there is a church parade in every village, when the youths and maidens gaze upon each other, but forbear to speak. On Decision Sunday each bachelor who is seeking a wife approaches the maiden of his choice with a ceremonious bow and from her manner of responding judges whether his advances are acceptable. Purchase Sunday the consent of the parents is sought if the suit has prospered during the week. Not till Possession Sunday, however, do the twin appear before the world as actual or prospective brides and grooms.—Philadelphia Ledger.

Saw Too Much.

A farmer hired a man and put him into his field to work. After awhile the farmer came along and accosted the new hand:

"Did you see a carriage go down the road awhile ago?"

"Yes, I did. One of the horses was a gray horse, and the other was a roan and lame in his off leg."

"I thought I heard some men shooting over there on the edge of the woods."

"Yes; one of them was Colonel Jones. He was the tall one. The second one was Major Peters, and the third one was Tom McSniffer. Colonel Jones had one of them newfangled breech-loading guns what breaks in two."

"Did you see those wild pigeons fly over just now?"

"See 'em? Rather. There was 19 of them. They lit in that old cornfield down yonder."

"Well, you see too much for a man that is hired by the day. Here's your wages. When I want a man to keep watch of what is going on, I'll send for you."—London Answers.

The Doe and Her Fawn.

Fawns when first dropped are for some hours unable to stand. The doe does not remain beside them, but paces slowly around at a considerable distance. Every now and then she gives a little tremulous, bleating call, at sound of which the fawn lifts its head and tries to struggle to its feet. Should a man or a dog appear meantime the doe runs away in a straight line, but laggingly and halting, as though herself hurt unto death. When she thinks she has lured the enemy far enough away, she gives three great flying leaps, which take her at once out of sight, and goes back to her baby upon seven league boots. But if left undisturbed she keeps up the pacing until she sees the fawn standing, then paces daintily away in a straight line, choosing always the easiest grade. As she paces she calls faintly and every now and then halts, looking over her shoulder to see if she is followed.

His Very Own Jones.

There are many Joneses in this world, but perhaps not quite so many as people think. Not long ago two friends met who had not seen each other for ten years, since their school days.

"Whom did you marry, Billy?" asked one.

"A Miss Jones of Philadelphia," replied Billy, who was a trifle sensitive.

"You always did take to the name 'Jones.' I can remember when we went to school together you used to tag around after a little snub nosed Jones girl."

"I remember it, too," said Billy. "She's the girl I married."—Youth's Companion.

The Fighting Swordfish.

The swordfish is utterly without fear and will, like a buffalo or rhinoceros, charge anything that offends it, often doing an amount of execution hardly to be believed did not the evidence exist. Combats between swordfish are most interesting and may be compared to a duel between two expert swordsmen. Such a contest was observed off the long pier that extends out into the ocean at Santa Monica, near Los Angeles, last year. Some fishermen noticed two big fish leaping out of the water and dashing along the surface. Soon it was seen that they were swordfish.

The season was when the fish are unusually ferocious. They had made several rushes and when observed were at close quarters, striking each other powerful side blows like cavalymen. This was unsatisfactory, and finally they separated and darted at each other like arrows, the water hissing as their sharp dorsal fins cut through it. They evidently struck head on, one missing, while the sword of the other struck just below the eye and plowed a deep furrow in the fish, partly disabling it, so that it turned and attempted to escape. But its adversary also turned and with a rush drove its sword completely through the body of its foe and held it fast, only wrenching its weapon loose when its enemy stopped swimming.

ASTHMA

CURED PERMANENTLY.

Why Do You Suffer Night After Night, and Keep Dosing With Temporary Relief Remedies? Clarke's Kola Compound Will Relieve Your Suffering. It Cures Permanently.

Mr. S. Till's case was a most obstinate one, but this marvelous remedy worked the wonder. Was cured with six bottles. Here is his letter in his own words. Mr. Till, 141 Rochester street, St. John, N.B., writes: "I have been a great sufferer from asthma for nearly ten years. Many months, night after night, I have been so bad that sleep was impossible, and at times I thought I would choke. I used different asthma remedies and doctored with the best physicians in St. John, but my trouble became worse each year. About a year ago I purchased three bottles of Clarke's Kola Compound; then I took three more, and since completing the treatment with this remedy have not had a single attack. I take great pleasure in recommending Dr. Clarke's Kola Compound, which I know has no equal for asthma. Since being cured I have frequently recommended this remedy to others in our city, and they all speak very highly of it." Clarke's Kola Compound is the only permanent cure for asthma yet discovered. Over a thousand complete cures are recorded in Canada alone. All druggists sell it. Write for book telling all about Clarke's Kola Compound to the Geiffths & Macpherson Co., Limited, 121 Church street, Toronto.

No Cure for... Bright's Disease

In its advanced stages—The Reason Why—Danger Prevented by the Timely Use of Dr. A. W. Chase's Kidney-Liver Pills.

To understand Bright's Disease is to know that in its advanced stages it is past the reach of human aid. The cells of the kidneys undergo a wasting change, which leaves them dead so far as performing their functions is concerned. Just think of having the kidneys dead. Think of the poisons left in the system when these organs could no longer perform their duties as filters of the blood.

It would be difficult to conceive of anything more dreadful, and yet this is the goal to which every case of neglected kidney disease must lead.

When the back aches, when urinating is difficult or too frequent, when there are deposits in the urine after standing for 24 hours, there is no time to lose in procuring Dr. Chase's Kidney-Liver Pills.

It is not claimed that they will cure Bright's Disease in its last stages. They are an absolute cure for kidney disease, and so long as the kidneys are not entirely wasted away they will give new strength and vigor and enable them to resume their duties of filtering the blood.

Dr. Chase's Kidney-Liver Pills will stop backache and headache in short order by removing the cause, and will positively prevent Bright's Disease. One pill a dose, 25c. a box. At all dealers, or Edmondson, Bates & Co., Toronto.
