Don't Forget It.—What? The Concert in St. Patrick's Hall this evening. It will be well worth attending. The programme is an excellent one, including some of the best available talent, and the proceeds go towards the relief of the poor.

I. O. G. T.—Charlottetown Lodge, No. 68, will meet this evening at 7:30 in Wright's Hall. A full attendance is requested of all who intend joining in the fraternal visit to Pownall. Members who have promised teams will please be on hand for final arrangements.

A CORRECTION.—The paragraph published in THE EXAMINER and some other city papers a few days ago, respecting an accident to Mr. Roddie McInnis, of North Lake, was incorrect. Mr. McInnis was not injured. The paragraph in question was forwarded to this office and published in good faith.

ACCIDENT.—Mr. J. J. Davies, of the Hotel Davies, met with a painful accident yesterday afternoon. He rushed out of the hotel to stop a team which was starting from in front of the door, and slipping from the platform near the steps, fell and fractured one of the bones in his left wrist. Dr. S. R. Jenkins is in attendance.

DR. PARKHURST ON CLUBS.—Dr. Parkhurst will pay his respects to clubs and club life in his article in the next issue of the Ladies' Home Journal. "I consider the club," writes the great reformer, "to be one of the cleverest devices of the devil to prevent homes being made, and straggle and undermine them when they are made."

How he Got his Riches.—A paragraph about the route of the press in a short time ago, telling of a Richibucto man, who has gone west and amassed considerable wealth in a comparatively short time. It now appears that the young man in question instead of making his money in the way that the paragraph intimated he did, married a rich widow.

APPOINTED JUDGE.—The Canada Gazette at hand this morning contains the following under date of Feb. 2: "Francis L. Hazard, of the City of Charlottetown, in the Province of Prince Edward Island, Esquire, one of Her Majesty's Council learned in the law; to be Judge of the City Court, in the City of Charlottetown, in the Province of Prince Edward Island."

CONAN DOYLE ON AMERICA.—Conan Doyle's impressions of the literary phases of American life are to be contained in an article to appear in the next issue of The Ladies' Home Journal. The article was originally intended to be the novelist's impressions of America, but this plan was altered and the article to be printed in the Journal will give Dr. Doyle's ideas of "Literary Aspects of America."

FELL INTO A WELL.—What might have been a sad and fatal accident occurred at St. Teresa yesterday afternoon, says the Guardian. The little six-year-old son of Mr. John Kenney, while playing about a well sixty feet deep, fell in. His elder brother, who was with him at the time, quickly gave the alarm. The father rushed frantically to the well and descended forty feet on the stones, but here his course was stayed, as the surface of the well of the well was smooth. He had to wait three full minutes before he was able to reach the top to get a rope long enough to reach from the top to the bottom of the well upon which his father could get down. The little fellow was found insensible in two feet of water. He was at once brought to the surface, and after working with him for an hour consciousness was restored. One arm was slightly bruised, but there was no injury of a serious nature.

ROCKEY MATCH.

Charlottetown, 4; Victoria, 3.

The ice last night was not in good condition for a fast game, but that did not prevent it being a lively one. These teams have tried each other's mettle so often, and are so evenly matched, that a friendly struggle between them, while it is good sport for the onlookers is no joke for the players. Some of them saw scarlet before they had been many minutes engaged.

For twenty minutes, though the play was fast and furious, neither side scored. Splendid shots were made at both ends, but the goal keepers were up to their work and never failed. In the next ten minutes, however, Pickard and Brehat put up two goals for the Victorias amid deafening cheers; and before half time was called Dr. Johnson scored one for the renegades.

In the second half Brehat soon ran in another for the Victorias, making their score three to one.

This brought the house down, and for a while one couldn't hear the band,—or for the promenade party who ran high, and the small boy element being in the majority gave no evidence of a weakening of the lungs. But their high goals were credited to the Charlottetown boys. Dr. Johnson and Louis Wheat, making the score 4 to 2 in their favor. Just before time was called a bully blow near the Charlottetown goal.

The puck was not properly faced, and was called back by the referee. It was hit through the goal before being brought back, but did not count, as the play had been stopped.

Capt. Moore acted as referee, and Messrs. Thomas Howatt and E. D. Chandler as judges of goals.

STORIES BURGLARIZED.—The grocery store of Mr. David Blake, on Kent Street, was burglarized on Tuesday night or early on Wednesday morning. An entrance and exit was effected through the shop window, after breaking one of the panes of glass. The burglar helped himself to some canned salmon, cigars and tobacco, and took some cents which had been left in the cash drawer when closing up for the night. They brought cakes with them, some of which they ate with the canned goods, and left the rest behind. It was hit several eggs which were on the counter. It is only about a month ago since the same store was entered by the aid of a duplicate key.

The grocery store of Mr. Evans, on the corner of Richmond and Prince streets was entered by burglars from four an five o'clock on Friday morning, and a quantity of confectionery worth \$2 or \$3 was taken therefrom. The burglars entered through the door on Prince street, which they opened with a duplicate key, and after getting inside they unlocked the door on Richmond street.

PITIFUL.—Yesterday at twenty minutes to six the neighborhood in the vicinity of St. Dunstan's Cathedral was startled by loud and continuous cries of "murder! murder! help! help! for—save help! Men ran to the scene of the outcry from all sides and found a poor fellow, labouring under a fit of insanity, struggling furiously with three men, who were endeavoring to convey him to the asylum. After about ten minutes of hard work the men succeeded in quieting their charge, and getting him into a sleigh, drove away.

Archduke Albert, of Austria, died on Monday. He was 79 years of age, and was the eldest son of Archduke Charles, a brother of the grandfather of Emperor Francis Joseph.

According to recent calculations there are 12,800 divorced women in the United States. The state of matrimony appears to be suffering from the prevailing depression, along with other states.

Margaret McMahon, of Hamilton, Ont., has been sentenced to two and a half years in the penitentiary for passing counterfeit money. Her husband, a colored barber, wanted to serve the sentence in his wife's place.

An old man named Henry Geiger committed suicide by hanging at Hamilton, Ont., on Tuesday. Geiger recently met with business reverses, and discovered that he had married a woman who already had a husband alive.

The British cruiser Mercury left Hong Kong on Monday for Formosa. The vessel was sent upon urgent representations that her presence was necessary to protect foreigners against the outrages which are being committed by Chinese.

The New York Herald says another big clothing trade strike will begin in a few days. The children's jacket makers' union is the order affected. It contains 2,000 members, but it is probable many thousands of other workers will be drawn into the strike through sympathy.

It was Queen's Avenue Methodist Church, London, Ont., that was destroyed by fire recently. Wesley Hall was also destroyed. The church and hall were valued at between \$50,000 and \$60,000. There is insurance amounting to about \$26,800. The church narrowly escaped being burnt down in 1874.

With all the chief Chinese forts between Japan and Pekin in the hands of the Japanese, with most of the Chinese warships captured or sunk, with the Chinese generals and admirals committing suicide, it would seem to be about time for his Imperial highness at Pekin to stop cutting off the heads of his own soldiers, and to make some real and reasonable efforts to bring about peace.

A Berlin despatch says that Herr Floetz introduced the agrarian agitation to the emperor, who said he had been unfavorably impressed by the sensational character of the agitation of the agrarian party, which had been carried beyond the bounds of moderation. The agrarians, he said, could rely upon it that the action of the government would be directed towards fostering interests with which the welfare of the country was bound up.

Professor Minas Telleraz, editor of Armenia, says he has letters from Turkey telling of more outrages. Turks seized several parties of peasants who were leaving the disturbed districts for the frontier, he says, and killed men and carried off the women. His correspondents report elsewhere that Kurds killed all Armenians of any local reputation. Another story is to the effect that some 200 Armenians held as political prisoners, were tortured periodically with bastinado and hot irons during the recent cold weather and obliged to go outdoors without clothes.

The London Standard's Constantinople correspondent says: "Government villages in Armenia before the arrival of the commission, obtained the signatures of the ignorant peasantry to a document purporting to be a petition to Sultan Noy to enforce the cholera regulations. It was really a declaration that the so-called massacres had been greatly exaggerated. The sultan after vainly trying to intimidate Ismirin, the new Armenian patriarch, now flatters him, praising his taste and conduct in affairs touching national welfare."
