VARIETIES.

"ARE YOU A SHEEP?"—Some years ago, when the present clerk of the house at Washington was domiciled in the Quaker city, his young son, a lad of some six years, happened to be at his father's office one morning, when the "hatless prophet," George Mundy, made his appearance, and getting into conversation with the child, the latter asked him, in the course of their chat, "Why don't you wear a hat Mr. Mundy?" "O!" answered the prophet, "because there is no use in it. God's creatures are not so furnished. Sheep and other animals don't wear hats." Quick as lightning come the child's philosophic and clinching response, "are you a sheep Mr. Mundy?"—[Knickerbocker, or New York Magazine.]

One evening John Clerk (Lord Eldin) had been dipping rather too deeply in the convivial bowl with a friend in Queen Street, and on emerging into the open air his intellects become a considerable degree confused, and not being able to distinguish objects with any degree of minuteness or certainty, he thought himself in a fair way of losing the road to his own house in Picardy Place. In this perplexity he espied some one coming towards him, whom he stopped with this query, "D'ye ken whaur John, Clerk bides?" "What's the use o' you speerin' that question?" said the man, "you're John Clerk himsel." "I ken that,', answered John, "but it's no himsel that's wanted, it's his house."

MUSIC THROWN TO THE COCKS.—A writer in Fraser contends that poultry enjoy musical sounds, stating that he has often gratified a feathered audience. A noble cock "would come with all his train, and comport himself like a first-rate critic at the opera, listening with half-closed eye, while we sang softly "The Meeting of the Waters," or some other wild and sad strain; and if a stupid or inattentive hen, intent on her sand bath, shuffled too noisily, he would give her a peck to teach her betters manners. The performance generally ended with. "Over the Hills and far Away !"—the termination of which invariably elicited a hearty crow.

PAPER HOUSES.—A paper village for exportation was recently set up in the grounds of a factory. It consisted of ten houses. It is not the simple paper mache as ordinarily used, but contains an admixture of rags not reduced to pulp, which enables it to solidify as hard as a board. The walls are double, to ensure ventilation, and the partitions have a strength and duability which will put to shame the lath and plaster mockeries of too many of the London houses that Jack built. It was found on trial that one of the smaller houses could be pulled down and built up again in four hours.

EXTREME LENGTH OF THE HAIR.—Sir Charles Wilkins states that while he was resident at Benares, he saw a Fakir, the hair of whose head reached the enormous length of twelve feet.—[Saturday Magazine, No. 168.] The tails hair of the Chinese frequently reach the ground, and their mustachoes have been cultivated to the length of 8 or 9 inches. White mentions an Italian lady whose hair reached to her feet when she stood upright; the same observation may be made of the Greek women. A Prussian soldier had his hair long enough when loosened to touch the ground; and in several instances English ladies have had it six feet long.—[Rowland on the Hair.]

DIMINUTION OF THE POPULATION OF THE SANDWICH ISLANDS.—The native population are melting away like snow before a summer's sun. The official returns ot James W. Marsh, Esq., to the Governor of Oahu, in the Islands, for the year 1853, show the following results for the First District, in which Honolulu is situated:—Births 191; deaths 3759; marriages of natives 453; marriages of foreigners 62. This district is comprised between Maunama on the east, and Moanalua on the west, a distance of some fourteen miles, and containing a population of about 10,000 souls. The deaths from small-pox, included in the above, are supposed to be above 2000 —the balance from other diseases.

In the same district, during the year 1852, there were births 337, deaths 906, marriages 418. It is to be remarked that it was in this district that the small-pox first broke out, and was more fatal, perhaps, than in any other portion of the Islands. From the limited returns that have been collected, we infer that the population does not exceed 70,000 souls on all the Islands—a diminution of 10,000 since the census of Jaunary, 1849.

Statistics of the population of the Cona district, from the official returns:—Natives, 10,186; Foreigners,1169—total, 11,355. In 1850 the number was 14,484, showing a decrease of 3128 in three years.

MRS. WINSLOW.

An experienced Nurse and Female Physician, presents to the attention of Mothers, her

SOOTHING SYRUP,
For Children Teething.

For the Nervous Affections, Convulsions, Fever, Inflammation of the Bowels, &c. that attend this period of children, she recommends it as sure to produce the desired effect, giving *Rest to the Mother, and Relief and Health to the Infant.*

A child in Congress-Street was cured by the Soothing Syrup, of Infantile Dysentery or Diarrhœa after being given over by the attending Physician.

Mr. Blanchard, of Boston, says, it has *never failed to cure* the Dysentery or Diarrhœa in children whenever used in the village. Lots of it is sold.

One parent informs us that her child fed to an alarming extent, with Flatulence or Wind Cholic. Lately they have used the Soothing Syrup, and it always effects a *speedy cure.*

Hundreds of like instances might be enumerated.

PROOF POSITIVE.

Messrs. CURTIS & PERKINS:—Please send us a further supply of Soothing Syrup. We are selling large quantities of it, and from what we hear, *never failed to cure* the Dysentery or Diarrhœa in children whenever used in the village. Lots of it is sold.

One parent informs us that her child fed to an alarming extent, with Flatulence or Wind Cholic. Lately they have used the Soothing Syrup, and it always effects a *speedy cure.*

Yours respectfully,
W. D. CRUMBIE,
J. MORRILL.

Hear the Brooklyn Daily Advertiser, of June 13th 1853.

We cheerfully comply with the request of a friend to insert the following letter which we are assured is from a lady of the first respectability, residing in Lowell, Mass., believing that a vast amount of suffering may be prevented, and many valuable lives saved, by calling the attention of mothers to this valuable prescription of an old and experienced nurse:

Dear Sir:—I am happy to be able to certify to the efficiency of Mrs. Winslow's Soothing Syrup, and to the truth of what it is represented to accomplish. Having a little boy suffering greatly from teething, who could not rest, and at night but little ever would not permit any of the family to do so, I purchased a bottle of Soothing Syrup, in order to test the remedy, —and when given to the boy according to the directions, its effect upon him was like magic. He soon went to sleep, and all pain and nervousness disappeared. We have had no trouble with him since; and the little fellow will pass through this comfort, the excruciating process of teething, by the sole aid of Mrs. Winslow's Soothing Syrup. Every mother who regards the health and life of her children, should possess it.

NEUROLOGY, or SCIATIC RHEUMA CURED.

This may certify, that for about four years I was seriously afflicted with a disease in the hip, which Physicians termed Neurology, or Sciatic Rheumatism, and resorted to various remedies without any permanent relief; have been under the care of a regular Physician for six months at a time. Last spring, had a very violent attack, which laid me up, when I made use of the *Cramp* and *Pain Killer*, prepared by Messrs. Curtis & Perkins, of Bangor. It gave me immediate relief, and I soon began to gain. But it is the best article I ever used. I cheerfully recommend it to all who may be afflicted with similar complaints. HENRY HUNT.
Stetson, Dec. 2, 1847.

Deacon Hunt, the signer of the foregoing certificate, is a man of undoubted veracity and high standing in the community.

N. B.—Be sure and call for Curtis & Perkins' Cramp and Pain Killer. As all others bearing this name are worthless compounds. Price 12½, 25, 37½ cts. per bottle according to size.

Also for sale those pure

WILD CHERRY BITTERS.

For the cure of Bilious and Jaundice complaints, and general debility. They quicken the blood and give *new life* and energy to the *whole system.* Price *only* 37½ cents in Pints.

Likewise for sale as above,

HUNTER'S PULMONARY BALSAM.
Hear what the Daily Mercury of Bangor says of Hunter's Balsam.

It is not often that we can say anything favorable of patent medicines, on the testimony of those with whom we are acquainted, (who have used and tested their merits.) But in regard to Hunter's Balsam, put up by our fellow citizen, Jeremiah Curtis, Esq, we have the testimony of many of our most respectable and well known fellow citizens, unanimous in its praise. The testimony of one individual with whom the public are acquainted, carries with it more weight than whole columns of certificates from strangers, whose faces we never saw, and whose certificates, for aught we know, may have been procured by fraud. See Dr. Benjamin L. Pomroy's testimony, in agent's hands.

Hear the People's Press, Skowhegan, Me.

Hunter's Pulmonary Balsam.—To those afflicted with Coughs, Colds, Consumptions, Asthma, Spitting of Blood, and all affections of the Lungs, we cheerfully recommend Hunter's Pulmonary Balsam. It is believed to be the best article ever yet invented for these complaints. Price 50 cts. a bottle.

INDIAN DISPEPSIA PILLS,

For cure of Costiveness, Acidity of the Stomach, Bilious Habits, Headache, Dizziness, Heart Burning, Pain in the Side, Back and Limbs, &c.

DYSPEPSIA AND IDIGESTION,

With Costiveness, Acidity of the Stomach, Heart Burning, Bilious Complaints,—producing Headache, Pain in the side, Languor, Appetite, and General Debility,—can be remedied, removed, and entirely cured, by the use of the *Indian Dispepsia Pills.* These Pills have effected the most astonishing cures in hundreds of cases of the above complaints, and are an invaluable remedy, in an especial manner, for Dispepsia. They are a mild and gentle Cathartic, operating mostly upon the blood, cleansing and purifying the same, and causing the digestive organs to perform their appropriate duties, with regularity.

Price 25 cents per box.

Habitual Costiveness is, if not removed in time, a cause of more than half of the disorders and pains to which humanity is subject. The medicines too generally had recourse to, do more harm than good, as they weaken the peristaltic action of the bowels, and thus aggravate instead of removing the complaint.

Also, in all Bilious complaints, attended with Pain in the Side and Right Shoulder Blade, with a dull, sallow countenance. In all Diarrhœa,, Ague and Fever, Bilious Fever and sick headache, they are an invaluable Remedy.

They will be found the best Family Physic in the world, purifying the blood, restoring the appetite, and leaving the stomach and bowels in a healthy state. Price 25 cents per box.

For purifying the Blood, we do not believe these pills have their equal in the world.

The Wonder of the World!
Devines' Compound Pitch Lozenge.

THE Great Remedy is at last discovered, and COUGHS, COLDS, ASTHMA. COSTIVENESS & CONSUMPTION have lost their terror, and vanish as as if by magic before this Sovereign remedy. Was it ever before known that, *Hopeless cases of Consumption were cured for less than $5?* Truly, if any thing can be so called, this paired, and needs sympathy, it is the consumptive,—always expecting to get well, and yet the painful evidence of decay intimates "makes the inner soul shrink with the outer flesh."

"Some bloom as roses bloom,
And live as roses live,
A single summering space!"

While others, in more mature life,—by some imprudence and a slight cold neglected;—in the hectic flush, the painful cough,

"The grave's dark yawning steps appear."

All we ask is this one question:—If you have got mucous membranes, or any other members of the body that are "heirs to ills."—are you not interested in this *great remedy,* "DEVINES' COMPOUND PITCH LOZENGE

DR. CHALMERS' WORKS.

[" *To commend these works is superfluous; they have met with universal approbation from the British press and public. Dull must the periodical press, representing so great a variety of religious and political opinion, should have so generally noticed them, and that too with high commendation, is a circumstance creditable to both the writer and the paralelled. They have charms for the merely literary man, and they will obtain a hearing for evangelical truth in many a circle which it would otherwise be excluded.*"]—*Kitto's Journal.*

CHERRY PECTORAL,
For the rapid Cure of
COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

Among the numerous discoveries Science has made in this generation to facilitate the business of life—increase its enjoyment, and even prolong the term of human existence, none can be named of more real value to mankind, than the discovery of Chemistry to the Healing Art. A vast trial of its virtues throughout this broad country, has proven beyond a doubt, that no medicine or combination of medicines yet known, can so surely control and cure the numerous varieties of pulmonary disease which have hitherto swept from our midst thousands and thousands every year. Indeed, there is now abundant reason to believe a Remedy has at length been found which can be relied on, to cure the most dangerous affections of the lungs. Our space here will not permit us to publish any proportion of the cures effected by its use, but we would present the following :—and refer further enquiry to my American Almanac, which the agent below supplies gratis, and will there be pleased to furnish free, wherein are full particulars, and indisputable proof of these statements.

Office of Transportation, Laurens R. R., S. C., Aug. 4, 1853.

J. C. AYER. Dear Sir,—My little son four years old has just recovered from a severe attack of malignant Croup, after he had been given over by almost every person that visited him, pronounced him a dead child. Having used your CHERRY PECTORAL in California, in the winter of 1851, for a severe attack of Bronchitis, with entire success, I was induced to try it on my little boy. I gave him a tea-spoon-ful every three hours commencing in the morning, and by ten o'clock at night, I found a decided change for the better, and after three days use he was able to eat or drink without pain.

Its use in the above named disease will save many a child from a premature grave, and relieve the anxiety of many a fond parent.—For all affections of the Throat & Lungs, I believe it to be the best medicine extant. A feeling of the deepest gratitude, prompts me in addressing you these lines,—but for your important discovery, my little boy would now have been in another world.

I am yours, with great respect,
J. D. POWELL, Supt. Trans., L. R. R.

Rock Hill, (Somerset Co.,) N. J., July 21, 1852.

Dr. J. C. AYER, Lowell, Mass.—Sir: your medicine has become known here, it has a greater demand than any other cough remedy we have ever sold. It is spoken of in terms of commendation by those who have used it, and I know of some cases where the best they can say of it, is not too much for the good it has done, I have always on hand a supply, because I know that I am giving my customers the worth of their money, and I feel gratified in seeing the benefit it confers.m

Please send me a further supply, and believe

Yours, with respect,
JOHN C. WHITLOCK.

Almost any number of certificates can be sent you, if you wish it.

Windsor, C. W., June 26, 1852.

J. C. AYER. Sir; This may certify that I have used your CHERRY PECTORAL for upwards of one year; and it is my sincere belief that I should have been in my grave ere this time if I had not. It has cured me of a dangerous affection of the lungs, and I do not conceal my convictions when I tell you it is a priceless remedy.

Yours very respectfully,
WM. H. MCLELLAN, Attorney at Law.

Wilksbarre, Pa., September 28, 1850.

DR. J. C. AYER. Sir:—My dear Sir,—Your medicine is much approved of by those who have used it here, and its composition is such as to insure and maintain its reputation. Invariably recommended it for pulmonary affections, as do many of our principal physicians.

I am your friend,
