Science Now Shrinks Piles Without Pain Or Discomfort

Findings Healed Substance That Relieves Pain And Itching As It Shrinks Hemorrhoids

Toronto, Ont. (Special) - For the first time science found a new healing substance with the ability to shrink hemorrhoids and to relieve pain and itching. Thousands have been relieved with this important substance in the privacy of their own homes without any discomfort or surgery.

In one hemorrhoid case after another, "very striking improvement" was reported in a thoroughly verified patient's observations. Pain was promptly relieved and while gently contracting, actual reduction or retraction (shrinking) took place.

And most amazing of all - this improvement was maintained in cases where "obvious" hemorrhoids were continued over a period of many months. In fact, results were so thorough
