A STARTLING PREDICTION.

The French Republic Will Soon See Bloodshed.

NEW YORK, July 29.—A Hamburg special to the Journal says: Emile Zola arrived here on Sunday from London. He tried hard to interview Bismarck, but was prevented by Count Von Ranitzau, the Prince's son-in-law. He then went to Berlin to see Hohenlohe, and returned here on Tuesday. In conversation with a reporter, he said: "Everything in France is going into decline, and for this the Government is to blame. The forgers are now triumphant, but they will soon be unmasked, probably in a fortnight. If Cavagnac declines to grant a revision the next Ministry will assert. Take Edouard Dumont's leaders in La Libre Parole, or Pere Didon's speeches for example as bearing up this. There will soon come bloodshed. Poor France! Gambetta said: "To govern is to look ahead." French soldiers will do their duty at the proper time. Maitre Labori made no mistake at my first trial when he said: "Jurors, make ye, the point. Why should the publication of the Dreyfus documents touch the Germans deeper than the confidential documents in the Count von Arnim case, which so aroused feverish Frenchmen? Bismarck was not afraid of war when he made them public, for I know of Bismarck's saying: "Frenchmen must boil in their own sauce."

Zola looks fresh and vigorous. He knows he has a hard case on hand. He is going to Berlin to join the Norwegian author, Bjornson, for a Scandinavian trip. He contemplates writing a book on fin de siècle Germany. It is learned here that the disappearance of Zola from Paris was a nine days' wonder in London. He was reported as being seen in so many places that even Parisians were puzzled. The statement that he was in London was positively made by one paper, and with equal positiveness denied by others. The latest fantastic story from Paris is that some double of Zola is going about impersonating him, while he remains in or near Paris. In view of this interview with him, the exact locality of the novelist can now be set down as being positively settled.

THE EXPULSION OF DUBOSC.

LONDON, July 29.—The Secretary of State for the Colonies, Joseph Chamberlain, replying in the House of Commons to-day to Mr. Thomas Gibson Bowles, conservative, said Senor DuBosc, the former Spanish Charge D'affaires at Washington, was formally requested by the Canadian Premier, Sir Wilfrid Laurier, to leave Canada. This, Mr. Chamberlain added, was done at the direction of the Imperial Government and on the ground that there was reason to believe Senor DuBosc was using Canada for the purpose of belligerent operations against the United States. Continuing, Mr. Chamberlain remarked that the authority to expel aliens from Canada in such cases rests with the crown.

PATIENTLY AWAITING DEATH.

Condition of the Troops in Guantanamo is Worse than Expected.

SANTIAGO DE CUBA, July 29.—Lieut. Col Angel Rosell, who after taking confirmation of the instructions to surrender from General Toral to General Pareja, Military Governor of Guantanamo, returned here today, said to an Associated Press correspondent that the first intimation that Guantanamo had of the surrender of Santiago and the terms thereof was on July 23rd, when Rear-Admiral Sampson sent a letter to General Pareja, asking what rations should be sent to his garrison, as they had been surrendered on the 17th. General Pareja, being ignorant of the surrender, refused to credit the message and accept the rations, answering Admiral Sampson to that effect. Admiral Sampson then sent a copy of the terms of surrender, whereupon General Pareja decided to enquire of General Toral, at Santiago, whether the news was true, and Lieut. Colonel Rosell was appointed to come here. He returned with his confirmation, and the surrender of Guantanamo took place yesterday.

C. I. Rosell says the condition of Guantanamo is awful, and the troops are literally starving. For the last eight days they have had no food. On mounting guard the soldiers were obliged to sit, being too weak to stand, and it was impossible to make them build trenches, as they fell from exhaustion. There are 2,000 sick in Guantanamo, suffering from diseases increased by hunger.

The French cruiser Rigaunt de Genouilly was refused permission by Admiral Sampson to land grain and provisions for the relief of the French colony at Guantanamo. All hope was abandoned, and the sufferers were awaiting death from starvation. The conditions at Guantanamo, Col. Rosell says, are worse than those at Santiago.

The Spanish troops will remain in Guantanamo until transported.

It is said that the success Madame Marie Harrison met with in New York as vocal soloist with Dan Godfrey's band was phenomenal. With encores that could not be responded to, and others that were acknowledged simply by bowing, she recalled eight times at the Sunday night concert. The World, Sun, News and Telegram print portraits of her, and should she care to remain in the United States she has many openings to pick from, as all ready several managers have waited upon her.

The total membership is about 10,000, and it is said to be the largest individual church in the United States of any denomination.—New York Tribune.

Reserve Thursday evening the 11th for the Electric Light Sports. The material is on its way now for a grand display of fireworks. The band is making special efforts to produce the best music for the occasion.

BURGLAR CAPTURED.—Detective Power arrived in Halifax on Friday night from New Glasgow with Alex Fraser in custody. Fraser is charged with robbing the Sheet Harbor post office building. The crime was committed one night last week, and a considerable quantity of registered matter was secured. The safe resisted the burglar's attacks. Power was put upon the case and chased Fraser, who is a powerful man, two days through rough country. He had a desperate single-handed encounter with Fraser at one place, and the man escaped and was recaptured in a lumber camp.

HOME FOR INTERMENT.—Saturday evening's express brought the remains of Mr Peter Clarkin, who was drowned at Madison, Maine, on Thursday last while bathing. His body was found shortly after the accident. Mr. Clarkin was a member of Court Sombazzen, I. O. F., of Madison, where he was employed as a shipping agent on one of the wharves. The Foresters of this city learned indefinitely on Saturday that his remains would probably arrive that evening and a committee went to the train to meet the body and accompany it to the residence of Mr. Currie, who is an uncle of the deceased. Notwithstanding the late hour, arrangements were made for the funeral on Sunday. The Foresters through the city were notified and some 50 members of Courts A. v. dale and Mt. Stephen attended, having on their right breasts a rosette of crape holding a sprig of evergreen. Headed by the Artillery band the remains were tenderly conveyed by six Foresters who acted as pall bearers to St Dunstan's Cathedral, and from there to the Roman Catholic cemetery. At the cemetery the brethren marched around the open grave, each depositing an evergreen on the casket of the departed. Mr Clarkin's brother and sister accompanied the remains to Charlottetown. The management desire to tender to Captain Stewart their thanks for his efficient services as marshal, and to all the brethren who so kindly acted in response to so short a notice.
