

VICE - PRESIDENT

I wanted to run for vice-president because the vice-president is in charge of all sub-committees of the Student Union and therefore would be in a position to become deeply involved in about every aspect of university life. I hope by being vice-president will improve my life at U.P.E.I. and hopefully life in general on campus.

I have had lots of experience in Student Council and the experience will undoubtedly prove valuable through the coming year. I'm sure I will be able to contribute a lot to the Student Union.

As vice-president, I will do everything I can to make U.P.E.I. a better place for all students. I'm always available if anyone needs me.

SENATE

I'm running for the position of Senator because I think it is important for students to have input into the academic policies and program at U.P.E.I.

My first year in office expires this month and I wish to continue to serve as Senator as I am on the Senate nominating committee. This is an important position for it ensures me of having the capability of suggesting the right kind of personnel who should serve on the various Senate committees.

As a Senator I will continue to inform the student body on the current issues by writing bi-weekly Senate reports in the SUN which I did last year and on the newscasts of CIMN radio.

I ask for your support on September 28.

Cheryl Cannon.

SENATE

I am running for a position on Senate because I am very interested in the academic standards at U.P.E.I. I am a Senior Arts student and have been involved in various committees on campus during the past three years, including president of the Sophomore class. I feel that a Senate position is a very important one which carries a lot of responsibility. Because of my previous positions of involvement, I feel that I have proven myself as a responsible student. If elected, I would work closely with the Student Union to make sure that we are represented well on such an important committee.
