QUERY.—On Wednesday a countryman waited at Colville Station for the afternoon train, but it passed right along without any stop, and he was forced to get a horse and carriage and drive to the city. We would like to know what are the regulations in regard to this.—Patriot.

BURGLARY.—The shop of Mrs. Thomas Webb, corner of Water and Hillsborough streets, was entered by a burglar some time during last night or early this morning, and a quantity of tobacco, cigars, crackers, confectionery, etc., was stolen therefrom. An entrance was effected through the front window, by breaking one of the large panes of glass. After helping himself to some hop beer, the burglar turned on the taps of the two casks in the shop and allowed the "exhilarating" fluid to run freely about the premises. Marshal Cameron has the case in hand, and is endeavoring to run down the burglar.

A PECULIAR ACCIDENT.—The Windsor, N. S., Tribune says that what came near being a fatal accident occurred at that place last week. A Miss Armstrong, of Chester Road, living at W. A. Porter's, carelessly left the trap door up, which is over a big water cistern, and soon after, in passing, walked in and down. There being no one in the house at the time, her cries for help were not heard for nearly half an hour. In the meantime she kept on drowning by placing her arms over a board within reach. It took three men to lift her out, her weight being about 180 lbs., and it was some days before she fully recovered.

FROM MONTREAL.—The steamer Bonavista, Captain Anderson, called here on her way to St. John's, Nfld., last evening, with a general cargo and the following passengers: Mr. and Mrs. G. S. Lindsay, child and nurse, Mr. W. C. Harris, Mr. Henry Harris, Mr. A. G. Fowler, Mr. D. H. Brown, Mrs. Brown, Master Emory Brown, Miss Daisy Brown, Mr. F. J. McIlure, Mr. C. A. Morin, Mr. E. S. Putnam, Rev. J. M. King and Mrs. P. Redmond. She left for St. John's to-day, with a general cargo, including 95 sheep on deck, and the following passengers: Rev. H. P. Cowperthwaite, Mrs. Cowperthwaite, Mr. Walter Cowperthwaite, Mr. Hunter Cowperthwaite, Miss Cowperthwaite and Miss Wilson.

EDUCATION OF THE DEAF AND DUMB.—The Directors of the Halifax Institution for the Deaf and Dumb announce that Mr. S. H. Lawrence, one of the teachers of the institution, will shortly visit Prince Edward Island to visit the deaf and dumb in aid of their work. An appeal of this kind has been made since the visit of Mr. Hutton, the principal of the institution in 1887, and as the legislature of P.E.I. now gives nothing towards the support of pupils from the island, it is hoped that the institution's many years of service for the benefit of Island deafmutes will meet with liberal recognition on this occasion. The Directors submit that the Halifax Institution has special claims on their consideration and support as the pioneer of deafmute education in the Maritime Provinces, and as the only school that is educating P. E. Island deafmutes.

POLICE COURT. DANIEL MCKENZIE, of Charlottetown Royalty, was this morning sent up for trial in the Supreme Court on a charge of unlawfully conspiring and combining with one Peter Steele for the purpose of selling a horse to Fenton T. Newbery, representing the animal to be sound when such was not the case. It appears from the evidence at the examination, that McKenzie owned the horse in question, and engaged Steele for \$5 to sell the animal to Newbery under the assumed name of Peter Coffin. This Steele did. The sale was made on the 4th May, and the amount paid was \$105. After the sale this sum was paid over to McKenzie by Steele. About an hour after the purchase Newbery discovered that the horse had a serious defect—a defect which rendered him practically useless for the purpose for which he was purchased. Newbery, after some trouble, succeeded in identifying Steele as the man who sold the horse to him under the name of Coffin, and failing to effect a settlement, instituted criminal proceedings against McKenzie, the owner of the horse, for criminal conspiracy. The case came up for trial on the 3rd July, and after several postponements, his Honor gave judgment this morning, sending McKenzie up for trial in the Supreme Court, as above stated. Attorney-General McLeod appeared for the prosecution, and Mr. L. H. Davies for the defence.

SPECIAL DESPATCHES TO THE EXAMINER. DISASTROUS CYCLONE.

Great Loss of Life, AND DAMAGE TO PROPERTY.

Two Hundred Persons Killed.

LAKE CITY, Minn., July 15. Last night just before dark a disastrous cyclone bore down upon this community and in a few minutes nearly 200 people were killed. The steamer Sea Wing left Diamond Bluff, about seventeen miles north of here, on her homeward trip about 8 o'clock, crowded to her utmost capacity, having on board about 150 men, women and children from Red Wing and Diamond Bluff. When opposite Lake City the boat began to feel the effects of the storm. The storm increased as the boat continued up the lake, and in fifteen minutes was at its height. Off Central Point, about two miles above Lake City, the steamer capsized, and its cargo of 150 people was precipitated into the water. The boat turned bottom upwards, and only about 25 people were observed floating on the surface. These climbed upon the upturned bottom. As the storm passed, the upturned boat, which could just be seen from Lake City, suddenly and without warning, again capsized over, washing off the 25 survivors, who were afterwards rescued by row boats. In Lake City, the damage to property was great. Although no fatalities are reported, nothing has been heard of fifteen row boats containing over forty people, that were rented to different people. By this afternoon, 65 bodies have been recovered from the Sea Wing and sent to Red Wing.

Ottawa Notes.

OTTAWA, July 14. The total number of licenses issued under the modus vivendi to United States fishing vessels to date amounts to \$11,403 during the whole of last season. The licenses numbered 8784, the receipts \$9,589.

Reports received by the Fisheries Department continue to show a catch of a most satisfactory character, and the confidential circular of the Boston Fish Bureau indicates mackerel importations to that port to date of double the same period last year. C. W. Vincent, representing an English company, interviewed Hon. Mr. Carling to-day relative to the growing of flax in Canada. It is proposed to establish certain working centres at which fibre will be received from our farmers. Many parts of Canada are well adapted for flax growing and it is thought profitable crops for export to England can be raised.

British Parliament. Parnell in the Commons on the evening of the 11th inst. made the closing speech in the debate on Balfour's closing as chief secretary for Ireland. After remarking that he was anxious that the £33,000,000 proposed under the land purchase bill should be used to the best advantage to settle the question, Parnell suggested that the constabulary be employed in the autumn in obtaining returns from estates in Munster and Connaught, showing the rents paid respectively by occupying and non-occupying tenants. If that course was taken, he said, Balfour would find the magnitude of the problem he had undertaken to solve enormously reduced. He would be enabled to so modify the bill that the available fund would go a deal further than he had any present idea of. It must still be insisted, however, added Parnell, that local money must not be hypothecated without the consent of the local authorities. Balfour thanked Parnell for the moderation of his speech, and promised to consider the matter. At the conclusion of the speeches the Parnellites engaged in an animated conversation upon the moderation of Parnell and Balfour and allowed the vote for the chief secretary's office to be passed without challenging a division.

LETTERS TO THE EDITOR.

Father Strubbe and High License.

SIR.—In your synopsis of a sermon by the above-named gentleman, in yesterday's issue, I notice that high license is the panacea or cure-all of the liquor traffic complaint.

Now, sir, a short statement of facts and figures, which do not and cannot lie, I ask the favor at your hands to lay before your readers. Both friends and opponents of the so much villified Scott Act, can read, ponder and digest these for themselves. We have not far to travel to ascertain these facts, as our cousins just across the border can supply them ad lib; and, being official, they cannot be controverted. Appended is a statement of "High License in Massachusetts."

JOHN SCOTT. Ch'town, July 12, 1890.

"High License in Massachusetts last year reduced the number of drinking places, but the year's record shows that it has not only not reduced, but has actually increased, drunkenness and crime. In Boston, where the law allowed but one licensed saloon to every 500 people, the number was reduced from 1,588 to 780, the license fee varying from \$1,000 to \$1,500. And yet for the month of June last year the arrests for drunkenness were 2,239, as against 1,680 the same month of the previous year, with a subsequent increase of nearly a thousand arrests for drunkenness over the previous year, and a marked increase of disorder and crime. In Fall River the number of licensed places was reduced from 280 to 56, but the arrests went up from 90 to 125, as compared with 1888. In Lowell the number of licenses was reduced from 198 to 64, but the arrests immediately, in the single month of May, went up to 315 from 246 for the corresponding period of the year before. The report of the Prison Commission for the year, five months of which had been under high license, showed an increase of arrests for drunkenness throughout the State of 5,005, of which 90 per cent. was in the cities. High license is, indeed, 'no remedy.'"
