the passage. We call the attention of the public thus early to the consideration of this proposed route, in the hopes that there are those who will be not only able but willing to give us correct information as to the state of the road between Barachois and Truro. We shall try to avail ourselves of our connections in Nova Scotia, in order to lay before our readers as complete a description as possible of the advantages—and disadvantages if there are any—attending a change of line, and the best methods of availing ourselves of the one and overcoming the other.

Since the above has been written, we have received the following additional information concerning the telegraph:

H. Palmer, Esq., Agent for the Telegraph Company, has received directions to have it done this Fall, if it can be done for the sum limited. The present Company is formed of almost half a-dozen persons, among the wealthiest citizens in New York. The following is an extract from a letter to Mr. Palmer, on the subject of the line, from the Vice President of the Company, dated at New York the 15th Nov. instant.

"The New York, Newfoundland, and London Telegraph Company have never entertained the idea of abandoning their Telegraph line in P. E. Island. On the contrary, it was my expectation to have completed the main line in Newfoundland, to have laid the cable from thence to Cape Breton, and to connect the latter place with your Island, this autumn; in which event, the cable from Cape Traverse to Cape Tormentine would have been repaired. The shortness of the season for prosecuting the work in Newfoundland, and some disappointment in sending an Agent to England, to order the cable in due season, have, altogether, prevented the consummation of the work this year. Consequently, I did not go to your Island, to do the necessary repair in that place; but, in order to accommodate our good friends, and the public, I have telegraphed to you, to have the cable relaid, and the line put in order, provided it can be done within the limit. * * * * * * It is not improbable that I shall have the pleasure of seeing you in Charlottetown, within a few months, when it will give me great satisfaction to enter into more ample details, respecting the great work we have undertaken" &c.

Mr. Palmer is endeavoring all in his power to accomplish this desirable object, although so late in the season. L. P. W. DesBrisay, Esquire, the owner of the Steam Packet *Lady Le Marchant*, has very generously and kindly offered the use of the Steamer free of expense, to tow a vessel across the Gulph provided Mr. Palmer can succeed in getting the Cable on board a vessel for that purpose. We sincerely hope the weather will yet continue moderate a sufficient time to enable him to do so. It will be a great advantage to the public during the winter season, and particularly to those who feel an interest in hearing from the seat of war, &c.

WE have on our table the Edinburgh Review for October, the articles treated of are:—1, Vestries and Church Rates. 2, Memoirs of King Joseph. 3, The Arab tribes of the Great Desert. 4, Railway Morals, and Railway Policy. 5, Burton's History of Scotland from 1689 to 1748. 6, Macaulay's Speeches. 7, Reform of the War departments. 8, The Management and Disposal of our Criminal Population.

We are happy to state that Mr. Peter Marzerall, the Mate of the Steamer Lady Le Marchant, who was severely injured by the bursting of the gun fired as a signal on the arrival of the Mail, is doing well. A compound fracture of the leg was the consequence of the accident. Mr. John Jenkins, Member of the Royal College of Surgeons, London, having been called in, reduced the fracture, and by the application of a very ingenious, light and simple apparatus, the patient is able to move the leg horizontally, and to sit up in bed, and Dr. Jenkins hopes that in a few weeks he will be about again.

CONVICTION.—John Anderson, Master of the Schr. *Mary Ann*, from Boston, was convicted on the 28th November, before Theophilus DesBrisay, Robert Hutchinson and Peter McGowan, Esqrs., on the prosecution of the Board of Health, and fined the sum of Five Pounds with costs, for violating the orders of the Board of Health, in suffering a passenger to land from the said vessel without inspection of Health officers.

WORMS! WORMS!

☞Various theories have been started relative to the origin of intestinal worms, and yet the question is still a vexed one among medical authorities. Of one fact, however, all are informed and in which all agree—the fatal nature of the influence they exert on children. At this season of the year, the attacks of worms are most frequent as well as most dangerous. We take great pleasure in directing the attention of parents to the Vermifuge of Dr. M'Lane. It is one of the most extraordinary medicines ever introduced to the public, and has never failed of success when tried.

☞Purchasers will be careful to ask for *Dr. M'Lane's Celebrated Vermifuge*, and take none else. All other Vermifuge, in comparison, are worthless. Dr. M'Lane's genuine Vermifuge, also his Celebrated Liver Pills, can now be had at all respectable Drug Stores in the United States and Canada.
