C. M. B. A.

The members of the St. Paul's Branch of the C. M. B. A. celebrated the 5th anniversary of the organization of their branch in Summerside on Thursday evening by holding an "At Home in Ludlow Hall." Many of the prominent citizens were present and the services of the best musicians were secured. The good lady friends of the C. M. B. A. had the tables abundantly supplied with the choicest viands after partaking of which the assembly was addressed by High Sheriff Gaffney on the many advantages of belonging to such a fraternal institution as the C. M. B. A. The Sheriff has lost none of his old time eloquence, and on this occasion he used it to good account in exhorting all young men of Summerside and vicinity who are eligible to lose no time in securing an insurance policy in Branch No 215. The address being concluded, lovers of the terpsichorean art resumed their favorite pastime and the up-to-date and varied programme which had been previously arranged for the occasion was faithfully carried out until an early hour next morning, when after voting, the affair a grand success, the assemblage returned to their respective homes well pleased with the evening's entertainment.

How many young men and young women are cut off just as the future seems brightest and fullest of promise! They are taken away by the disease which causes over one-sixth of all the deaths in the world—the disease which doctors call consumption. There is absolutely no reason in the world why consumption should be fatal—why it should be even serious. It is a disease of the blood, and can be cured absolutely and always by purifying and enriching the blood. The only exception to this is the case where the disease has been neglected and improperly treated until it is stronger than the body—until the body has become so weak as to have lost the ability to recuperate. Dr. Pierce's Golden Medical Discovery will cure 98 per cent of all cases of consumption if used according to directions. It also cures all lingering coughs, bronchial and throat affections.

Send 31 cents in one cent stamps to World's Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 1008 page COMMON SENSE MEDICAL ADVICE, illustrated.

Miss Edith A. Cole, of Ottawa, mysteriously disappeared on Saturday last and was not seen again until Sunday evening, when she was found lying in the hallway of her father's house. It is supposed the young lady was drugged and abducted.

During Miss Florence Shaw's stay in Ottawa she saw several Privy Councilors, including Sir Wilfrid Laurier, Mr Fisher, Mr Mulock, Mr Sifton, and Mr Fielding. The latter, who is now in the East, courteously placed his office at Miss Shaw's disposal, so that she was enabled there to interview many public officials and prominent men regarding the agricultural, dairying, mining, and lumber resources of Canada. The information thus acquired will doubtless be put to good advantage for the Dominion. Miss Shaw sails for England by the new White Star steamer Cynric from New York on November 9th.
