6,000 Canadians Aid Harvest Of Bumper Maine Potato Crop

PRESQUE ISLE, Me. (AP) — An army of workers which includes 6,000 Canadians is harvesting an estimated 60,500,000-bushel Maine potato crop which may be too bountiful to bring banner prices.
The potatoes must be gathered and stored by the end of October, when there is danger of snow and cold. Helping to get the potatoes off the ground and into storage are school children on special harvest vacation, some personnel from two big Aroostook county air force bases on leave and many others working on parttime basis.
The crop is slightly larger than last year's, when Maine sent 45,000 carloads to commercial channels and spilled 12,000 carloads of poorer-grade potatoes into starch factories under a government diversion program. A carload is about 1,000 bushels.
At the start of last season, best grades brought \$1.50 to \$1.75 a barrel to farmers. It costs about \$2.50 to raise a barrel. But the price pushed up to more than \$6 by late spring as potato yields in

Europe and elsewhere fell off under adverse weather conditions.
GOVERNMENT SUPPORT
The government announced Friday that it will pay up to 50 cents a barrel for support of potatoes diverted to starch, livestock feed and other side uses.
The current Maine crop is reported excellent in quality. More than 30,000 of the 145,000 acres are Russet Burbanks, a variety offered in competition with the popular Idaho long spud.

2 Czech Airmen Escape To West
PASSAU, Germany (AP) — A young Czech Air Force lieutenant and a mechanic knocked out a Communist guard Sunday and fled in a stolen air force plane to West Germany.
They landed their small, slightly damaged trainer in a meadow near the Bavarian town of Vilshofen, about a 120-mile flight, walked to a farmer's house, telephoned police and asked for political asylum.
Their freedom flight was the fourth such escape from behind the Iron Curtain in a little more than two months.
Police planned to turn them over to U.S. agents at Nuernberg for further interrogation. They gave their names as Lieut. Vladimir Vrzal, 22, and Ludovic Sebela, 24, who said he recently had been released from the Czech Air Force after a term of service as a mechanic.
NOT ENOUGH FREEDOM
The two men told police they "couldn't stand living conditions" in Communist Czechoslovakia, where they said they didn't have the freedom they wanted.
The lieutenant, a pilot, said his
