

## TORONTO MAN IS WOUNDED NEAR O'LEARY

O'LEARY — Herbert Avery, 29, of Toronto was taken to the Community Hospital in O'Leary about 11 o'clock Monday night reportedly for treatment of a bullet wound. Details of the incident could not be learned but the wound is said to have been caused by a .22 calibre rifle in the Kelsey Road area several miles from O'Leary.

Avery, who is visiting his mother at Alberton South, is not believed seriously injured.

## Prince Co. Exhibition Adds Third Day In '64

ALBERTON — Following a meeting last Friday of the exhibition directors it was announced that in 1964 the Prince County Exhibition in Alberton, will be expanded to a three-day program.

Up until 1964 the exhibition was held for one day, and in three days was made as part of plans being drawn up for the area in connection with the provincial centennial celebration program.

In this connection a committee, comprising Chester Hayes, Alvin Palmer and Herbert Meehews, was named to meet, with the provincial centennial committee regarding plans for the 1964 celebrations.

## SHIPPING

(Continued from page 1) and Great Lakes ports on Canada Steamships and Clarke vessels directed to St. John's.

Meanwhile, President William Green of the Longshoremen's Protective Union (Ind.) here said he is happy with the additional shipping activity on the St. John's waterfront.

Mr. Green said the trend would suggest the port may receive about 40,000 tons more freight a year because of the arrangement.

In North Sydney, a meeting has been arranged for tonight to "go to the bottom of this thing," Mr. Quirk said.

**TRY FOR SOLUTION**

With requests to Nova Scotia and Newfoundland provincial governments, the federal government, boards of trade and labor movements to send representatives, the meeting would attempt to reach a solution "or at least get reasons why freight has been diverted" from North Sydney through Montreal.

However, railway officials in St. John's said Monday they expected the arrangement with the shipping companies would have no severe impact on freight handling.

With the closing of the season in St. Lawrence River ports, the CNR will revert to shipping east and west from Sydney and Port aux Basques.

The arrangement has been in effect since May 27 and is similar to an arrangement dropped by the CNR in 1956, Mr. Green said.

## 10 Charged In Robbery Remanded

LINSLADE, England (Reuters) — Ten persons charged in connection with Britain's £2-600,000 train robbery last month were remanded until next week after a brief court appearance Tuesday marked by strict security precautions.

The 10 included the two most suspected, 31-year-old merchant seaman Leonard Dennis, 54, and 29-year-old clerk Brian Arthur Field.

The Fields, not related, were arrested Monday and charged later with being concerned in the actual ambush of the Glasgow-London mail train Aug. 8.

The 10 were all remanded until Sept. 26 when a full-scale hearing into the robbery is scheduled to open at nearby Aylesbury.

Some evidence will be presented then but police will ask for a further remand to continue their investigations, the court was told Tuesday.
