Here We Are Again!

McLEOD & MCKENZIE,

STAR MERCHANT TAILORS,

The Original and Peerless Artists of Our Day.

THE ABOVE HAS BEEN A SETTLED FACT FOR YEARS, and to keep before the public what is so well known to every good dresser in this Province, may seem superfluous. But as a good dinner tends to give a quietus to the disturbing influences within the inner man, so a thorough knowledge of our capabilities will give a quietus to anyone who may have had the good fortune of being dressed by us. The sun rises and sets, and it appears to the ordinary judgment that the sun revolves around the earth instead of the earth revolving around the sun; so we, through the immense strides we have taken in our art, would appear to the uneducated to be moving around striding many friends, instead of they moving around us; like the sun imparts its warm rays to revive drooping nature, so we are the benefactors of our people, by aiming high and attaining to a STYLE and FINISH in our Garments, which cannot but commend us as the MERCHANT TAILORING PHILANTHROPISTS of our day.

Are you anxious to test the foregoing? Come in, then, and see our line of Goods, which are superior, in every sense of the word, and we will fit you out with a Suit which will doubtless draw the loving remark from your best girl that she has "the best dressed young man in town." Call early, if you must have it before 1st July.

CONVENT BAZAAR TO-NIGHT.

BE WISE in time. You have too many gray hairs for one so young looking. Use Hall's Hair Renewer, the best preparation out, to cure them. Try it.

MARKET HALL.—Call at the Market Hall this evening and see the well stocked fancy, tea and refreshment tables. You will be sure to see just what you have been looking after for a long time.

BLIND TOM SAVED.—The New York Sun first started the report of the loss of Blind Tom at Johnston, Pa., but such is not the case. He got out of Johnston just before the flood broke upon that fated city, and is now in Canada.

MORE HORSES.—Says the Journal: Mr. E. Gorrill, of Tyne Valley, shipped six horses by the St. Lawrence on Tuesday morning to St. John and Miramichi, and Mr. Thos. P. Lowther shipped four horses to Amherst yesterday morning.

"MAN'S INHUMANITY," ETC.—The other day Terrence Reilly jumped into the Hudson river to rescue an Italian. A ter a desperate struggle he reached shore with his lifeless body, to find that the dead man's brother had run off with his trousers and \$2.

A SUGGESTION.—A lady suggests that it would be a good idea to roll our City Councilors and Water Commissioners together in the dust, in order that the nuisance may, if possible, be brought home to them, and means be adopted for its suppression.

CANKER in the mouth can be cured only by expelling the poisonous humor from the system. To do this effectually requires the persistent use of Ayer's Sarsaparilla, together with a good generous diet. One dollar a bottle. Six bottles for \$5. Begin at once.

A HANDSOME GIFT.—Wm. P. Lewis, Esq., has presented a handsome carved marble top table, to the Presbyterian Church, at Cardigan Bridge. This is the second gift that Mr. Lewis has given to St. Andrew's Church, although he worships at a different altar.

NOT A BELL.—The Agriculturalist takes the pains to inform its readers that "Holsteins are cows and cows only." Those of our farmers who have been under the impression that there is an occasional bull among them, will, no doubt, bow before the superior wisdom and knowledge of our contemporary.

A NARROW ESCAPE.—The Journal says: Mr. M. B. Connick, of Carleton, while harnessing his horse the other evening after returning from a drive, was accidentally struck by the shaft and thrown down. He was trampled upon by the horse, sustaining severe cuts and bruises about the head, one ear being nearly torn off. He had a very narrow escape from being killed.

PULLED DOWN THE FLAG.—Cornelius Dwyer, Esq., one of Her Majesty's justices of the peace for the county of Pictou, did yesterday, Dominion Day, pull down the British flag over his own place of business, in an angry rebellious manner and ordered it out of his sight. Mr. Dwyer should be asked to explain himself, living as he does, among loyal Canadians, and under ample protection of British law; for this conduct is outrageous.—Standard.

COMPLIMENTARY ADDRESS.—Mr. James H. Monaghan, for some years teacher of Bennett's Road school, having sent in his resignation a few days ago, was the recipient of an address from the Trustees and people of the district, expressive of the very high opinion they have formed as to his ability as a teacher, and wishing him "the enjoyment of every blessing a kind Providence can bestow." Mr. Monaghan replied in fitting terms. We regret that the length of the address and reply prevents THE EXAMINER from publishing them in full.

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural quiet sleep by relieving the child from pain; and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind. (April 1 '88)

A BLAZE AT BRAE.—We regret to learn from the Farmer that Mr. George T. Marquis, of Brae Shore, had his valuable mill property burnt to the ground between one and two o'clock on Thursday morning. Mr. Marquis had been for a few days previous pumping out and repairing the well in the saw mill, and had got the boiler filled with water the evening previous preparatory to starting the mill next morning. The fire had got so much headway before being discovered that but little could be done to save anything. The mill was a valuable one, being fitted up with a rotary and shingle saws, planer, &c. It was valued at \$3000. Besides the loss of the mill Mr. Marquis also lost sawed lumber to the amount of between \$200 and \$300, besides \$50 worth of round timber. No insurance. How the fire started is a mystery. Mr. Marquis has the sympathy of the community in his great loss.

KILLED AT PLAY.—A serious accident occurred at Dundas the other day. A number of children were playing at the School House at Albion Cross, when a little girl belonging to Mr. McLean, of that place, was accidentally injured by a little boy named McDonald. The children were playing and the little boy caught hold of the little girl and knocked her down. When she went home she complained of not being able to walk, and laid on a lounge for a day or so. Medical aid was called in, but paralysis had taken place, and after two or three days the little girl died. An inquest was held before Wm. Norton, one of the Coroners for King's County, and a verdict in accordance with the facts returned. There should be some way of stopping this rough play among school children at recess and noon time.

Address.

To Miss Hilda Smith, Crapaud West School: RESPECTED TEACHER.—We have recently learned with regret that it is your intention to sever your connection with our school. During the three years that you have had charge of this department you have won our highest esteem and admiration as a teacher. Rest assured, dear teacher, that the happy hours we spent together in the schoolroom will never be forgotten by us, and wherever your lot in life be cast, you carry with you our best wishes for your future welfare; and if we never have the privilege of meeting together as teacher and pupils, we hope we shall all meet in that blissful home where parting is no more.

REPLY.

To Fred. Robertson, Thomas Stordy, Charles McDonald, Barbara McNeill, Mabel Newson, Myrtle Cameron, Amy McLean and others, Crapaud West School:

DEAR PUPILS,—I was taken quite by surprise when presented with your address, and I feel myself quite unworthy of it. If, in the short time we spent together in the schoolroom, I made the hours pass pleasantly, it was mainly owing to your own thoughtfulness and perseverance in your studies; and I still hope you will press forward to the highest mark. Thanking you for your kind wishes and many handsome presents received, I remain, yours sincerely,
HILDA SMITH,
Teacher.

Another Railway Horror.

A FATAL WASHOUT ON THE NORFOLK AND WESTERN ROAD.

LYNCHBURG, Va., July 2.—A fearful accident by which many lives were lost and a large number of people injured, occurred on the Norfolk & Western Railroad at 2.30 this morning, one mile above Flaxton's Switch, 31 miles above this city. Rain had been falling almost continuously for 24 hours, swelling all the mountain streams. At the place of the accident the water had undermined the road bed and caused a washout. The water at this point is 8 to 10 feet deep. Into this the engine made a leap while running 30 miles an hour, carrying the tender and eight cars. As the engine struck the bottom the water rushing into the locomotive exploding the boiler. The debris was thrown in every direction, injuring some on the train and scattering firebrands which ignited the woodwork of the coaches. The flames destroyed a large amount of mail and express matter. It is supposed some passengers unable to extricate themselves from the wreck were consumed in the flames. It is difficult to get accurate particulars as the employees of the Norfolk & Western railroad give no information. It is impossible to state the number of persons killed. The most reliable estimate places it between 25 and 30. The number injured is far in excess of the number killed. Thirty injured have been taken to Roanoke, 13 to Bedfordville, 7 to Liberty. The engineer and fireman were burned to death. A relief train was made up at Lynchburg late in the afternoon to go to the scene. A number of physicians went down. The Norfolk and Western people absolutely refused to allow any newspaper men aboard the train. A special despatch received about 11 o'clock from the wreck says six dead bodies have been recovered.

The Cronin Murder.

CHICAGO, Ill., June 29.—Martin Burke, John F. Beggs, Daniel Coughlin, Patrick O'Sullivan, Frank Woodruff, Patrick Conroy and John Kuntze were indicted this afternoon for the murder of P. H. Cronin. The participation of Alexander Sullivan in the crime will be a matter of investigation for the grand jury. State's Attorney Longenecker made the remarkable statement to-night that he had enough evidence in his possession to prove that Dan Coughlin, the ex-detective, was one of the principals in the murder of Dr. Cronin. "Coughlin is certain to hang," said the prosecutor. "He cannot escape the rope."

CHICAGO, July 1.—Police officer Moore gave evidence before the coroner's inquest in the Cronin case. Since then he claims to have been badly treated by Irish policemen at his station, and to have had his steps dogged by spies. A few nights ago while on duty he was handed the following note by a boy, who ran away as soon as he delivered it: "Sir—If you know what is best for yourself you will quit the force immediately. Your every move is being watched by friends of Alexander Sullivan. (Signed) Clan-na-Gael." Moore is an American and thinks an attempt is being made to terrorize him.

A special to the Memphis Appeal, from Birmingham, Ala., says: Justice Considine, who has been on a business trip to this city for several days, is authority for the statement that a few days ago Patrick McFarligie of Chicago, an acquaintance of Mr. Considine, passed through the city, en route for South America. He told Mr. Considine that he had involuntarily been a witness to certain transactions in the Cronin case; that they involved men to whom he was obligated, and that he was going to Honduras to avoid testifying. He was to have sailed from New Orleans on June 25.

WINNIPEG, July 2.—Burke's case was renewed this morning. The prosecution put in the evidence taken before the Chicago grand jury. There is, judging by the observations of the court, no doubt of Burke's extradition being ordered.

CLIFTON, Texas, July 1.—H. D. Oleson, who lived with his son-in-law a few miles from here, was abusing his daughter on Thursday night, when her husband interfered. ALTOONA, Pa., July 2.—A waterspout broke over this city about 10 to-night, doing great damage. Rain is now coming down in torrents, overflowing the streets and bursting the sewers. Reports from South Fork states that the viaduct is in danger. The Juniata is rising beyond its bound at Tyrone. The Kittanning Point reservoir, this city's water supply, is expected to break. The water is going over the banks like a small Niagara. Should it go, the city will lose \$100,000. The damage by the waterspout is widespread, and cannot be estimated at this hour, midnight.

DENVER, Col., July 2.—Advices from Durango state that a fire yesterday burned eight blocks of the centre of the city and about 25 dwelling houses. The loss is estimated from \$500,000 to \$500,000; insured for about one-third that amount. At least 100 families are left homeless and destitute.

PARIS, July 2.—While a balloon was ascending from the Exposition grounds a few days ago, the car caught the machinery gallery and was detached from its fastenings. The three occupants fell to the ground. One was killed and the others dangerously injured.
