

Local and Other Items.

OYSTERS.—Some mammoth oysters were on exhibition in the show window of the "Old London House" to-day.

NEW BARRACKS.—The Salvation Army have purchased a \$1,000 lot in Yarmouth, upon which they will erect a barracks.

FOOTBALL.—The Abegweit and the St. Dunstan's Football Clubs are to play a match to-morrow afternoon. Kick off at 3 o'clock.

BIBLE CLASS.—Young Men's Bible Class in the Y. M. C. A. Parlor this evening, at 8 o'clock. Every young man invited. Subject: John iii, 1-13.

THE OAR.—A despatch from Australia announces that Searle has defeated Kemp in a match for the sculling championship and £500 a side on the Parramatta river.

RASPBERRIES IN OCTOBER.—The Halifax Chronicle says: In a garden in the western suburbs on Tuesday a cup full of ripe raspberries were picked. This knocks out all previous records.

PARNELL DEFENCE FUND.—The St. John Irish and Literary Society have appointed collectors to canvass for subscriptions for the Parnell defence fund, heading the list itself with fifty dollars.

FATALELY INJURED.—The horses in a Halifax street car took fright and ran away on Wednesday night. Driver McLeod fell under the car and was fatally injured. The car was smashed against a fire plug.

LARGE PORKER.—Mr. Joshua Westcott, of North Milton, brought to market to-day a 17 months old pig which weighed 650 pounds. The porker was purchased by Mr. Robert Bridges. The price realized for the carcass was a little over \$52.

WELL DONE.—Our lively contemporary, the St. John Gazette, comes to hand this morning considerably enlarged and improved. The Gazette, although but three months old, is rapidly propelling itself into popularity. May the good work continue.

NEW RINK.—Messrs. Taylor Bros. have got the new truss roof of the rink building up, and expect to have the structure all boarded in by to-morrow evening. The rink will be ready to hand over before the expiration of the time specified in the contract—December 10.

NEW PAPER.—The first number of the Maritime Medical News, published at Halifax, has been issued. It is a nice-looking journal of 32 pages, edited by Drs. D. A. Campbell and A. Morrow, Halifax; J. W. Daniel and L. C. Allison, of St. John, and James McLeod, of Charlottetown.

TOO BAD.—About ten days ago a schooner left Quebec with a cargo of provisions for Labrador fishermen. Since then she has been towed back to port, having been badly damaged during severe weather. Her cargo is wholly spoiled, and it is doubtful whether another shipment can be made before navigation closes.

POLICE COURT.—Michael Hughes, drunk and sleeping in gangway, \$1 or 4 days. Angus Macdonald, violation of Scott Act, third offence, two months imprisonment. Charles McMillan, violation of Scott Act, first offence, \$50 or one month. One other Scott Act case was dismissed and seven adjourned.

IN THEIR BUSTLES.—When the steamer Carroll arrived at her dock in Boston on her last trip, there were four women among the passengers who caught the eye of the inspector, owing to the immoderate size of their bustles. They were taken into a private room, where their bustles were examined by the inspectors. All four bustles were found to be stuffed with red and white homespun woolen yarn. It is, perhaps, needless to say that the girls were not Islanders.

MEETING OF PRESBYTERY.—The Presbytery of P. E. Island will meet in Summerside on Tuesday evening, 6th November, at 7.30, and on Wednesday morning, 7th November, at 11 o'clock. Business: Mr. Dickie's ordination trials on Tuesday evening, augmentation, Mr. Sterling's motion in re support of a Foreign Missionary by this Presbytery, reports of Catechists, appointments, ordination service on Wednesday evening at 7.30, &c.—J. M. MacLeod, Presbytery Clerk.

INTERESTING STATISTICS.—Mr. R. N. Knight, the registrar of births, marriages and deaths in the County of St. John, reports that since the first of July there have been 160 births, 117 marriages and 315 deaths. During the month of October 92 births have been recorded; 12 of these births have actually occurred in that month. The remainder belong to other months, but were not reported until last month. In October 12 marriages and 61 deaths were reported.

A NOVEL BET.—A young lady and gentleman of Brooklyn, N. Y., have made a rather novel election bet. He is for Cleveland and she for Harrison. If Cleveland is defeated, the young man must shave off his handsome moustache and grow a county Antrim whisker under his chin from ear to ear and wear it for one year. But if Harrison is defeated, then the young lady is to discard her pretty bang, comb her hair in the plain style of thirty years ago, and wear it in that quaint style till November 6, 1889.

STAINED GLASS WINDOW.—A beautiful stained glass window, the handsome gift of Miss Curley, a lady of the parish, has been placed in the chancel of St. Patrick's Church, Fort Augustus. It was made in one of the oldest and best institutes for stained glass in France, whence it has been recently imported by the Rev. A. J. McDonald. By all it is admired as a rare work of art. It sheds a lustre over the whole interior of the church, but especially on the altar which, like a gem in very rich setting, seems itself enhanced in beauty, as it stands in this new light.

CATHOLIC INFANTS' HOME.—His Grace Archbishop O'Brien, of Halifax, has recently established a home for deserted children. The building is the large dwelling on Brunswick street, immediately south of St. Patrick's Church, so long used as the residence of the Sisters of Charity. The Sisters of Charity are in charge. Fifteen infants are at present being cared for. The classes of waifs taken in are deserted infants, orphan infants, and infants of women, who, relieved of the care of their helpless offspring, could earn their living.

ISLAND PRODUCE.—Says the Halifax Chronicle:—The arrival of P. E. Island produce during the past week has effected a slight decline in the prices of potatoes and oats. Island oats are currently quoted at from 38 to 40 cents per bushel, in place of 55 and 58 cents the previous week. Nova Scotia potatoes are selling for 35 and 40 cents per bushel and \$1 and \$1.10 per barrel, and P. E. McIntyres for 30 and 35 cents per bushel. Turnips bring 30 cents per bushel. Eggs are selling for 22 and 24 cents per dozen, in place of 20 and 21 cents, last week's prices.

SPECIAL DESPATCHES TO THE EXAMINER.

Lord Sackville's Dismissal.

NEW YORK, Oct. 31. The Herald's Washington special says the form of Lord Sackville's dismissal is substantially as follows:

MY LORD.—By direction of the President I have the honor to inform you that for cause heretofore made known to Her Majesty's Government, your continuance in your present official situation near this Government is no longer acceptable, and would consequently be detrimental to the good relations between the two powers. I have the further honor, by direction of the President, to enclose you a letter of safe conduct through the territories of the United States.

I have the honor to be, Your obedient servant, T. F. BAYARD.

The following is the correspondence which led to Lord Sackville's dismissal, as above announced:

POMONA, CAL., Sept. 4, 1888.

To the British Minister at Washington, D. C.

SIR.—The gravity of the political situation here, and the duties of those voters who are of English birth, but still consider England their mother land, constitute the apology I hereby offer for intruding for information.

Many English citizens have for years refrained from being naturalized, as they thought good would accrue from the act, but Mr. Cleveland's Administration has been so favorable and friendly toward England, so kind in enforcing the Retention act passed by Congress, so sound on the Free Trade question and so hostile to the dynamic school of Ireland, that by the hundreds—yes, by the thousands—they have become naturalized for the express purpose of helping to elect him over again. The one above all of Americans who consider their own and their country's best friend.

I am one of those unfortunate with a right to vote for President in November. I am unable to understand for whom I shall cast my ballot, when but one month ago I was sure Mr. Cleveland was the man. If Cleveland was pursuing a new policy toward Canada, temporarily only and for the sake of obtaining popularity and continuation of his office four years more, but intends to cease his policy when his reelection is secured in November and again favor England's interest, then I should have no further doubts, but go forward and vote for him.

I know of no one better able to direct me, sir, and I most respectfully ask your advice in the matter. I will further add that the two men, Mr. Cleveland and Mr. Harrison, are very evenly matched, and a few votes may elect either one. Mr. Harrison is a high-tariff man, a believer on the American side of all questions and undoubtedly an enemy to British interests generally. This state is equally divided between the parties, and a mere handful of our naturalized countrymen can turn it either way. When it is remembered that a small state (Colorado) defeated Mr. Tilden in 1876 and elected Hayes, the Republic of California is at once apparent to all.

As you are at the fountain head of knowledge on the question, and know whether Mr. Cleveland's policy is temporary only and whether he will turn out to be as secure another term as I believe in the presidency, I suspend it for one of friendship and free trade. I apply to you privately and confidentially for information, which shall turn out to be treated as entirely secret. Such information would put me at rest myself, and if favorable to Mr. Cleveland enable me, on my own responsibility, to assure many of our countrymen that they would do England a service by voting for Cleveland and against the Republican system of tariff.

Lord Sackville replied as follows:—

REVEREND, Mass., Sept. 13, 1888.

SIR.—I am in receipt of your letter of the 4th inst., and beg to say that I fully appreciate the difficulty in which you find yourself in casting your vote. You are probably aware that any political party which openly favored the Mother Country at the present moment would lose popularity, and that the party in power is fully aware of this fact. The party, however, is, I believe, still desirous of maintaining friendly relations with Great Britain, and is still as desirous of settling all questions with Canada, which unfortunately have been re-opened since the ratification of the treaty by the Republican majority in the Senate. All allowances must, therefore, be made for the political situation as regards the Presidential election thus created. It is, however, impossible to predict the course which President Cleveland may pursue in the matter of retaliation should he be re-elected; but there is every reason to believe that, while upholding the position he has taken, he will manifest a spirit of conciliation in dealing with the question involved in his message. I enclose an article from the New York Times of August 22, and remain yours faithfully,

L. S. SACKVILLE-WEST.

WASHINGTON, Oct. 31.

As Lord Sackville is no longer minister, the first secretary of the British legation naturally becomes the official representative of the Government of Great Britain. Mr. Edwards, first secretary, is absent and will not return for some time. Mr. Michael Herbert, recently made second secretary, is now acting minister. Herbert recently arrived from Europe and is to be married to a lady of New York who will thus become mistress of the British legation for the time. At the legation silence is maintained and Sackville refused to see anyone to-day. Members of the legation said all was uncertainty as to his departure.

LONDON, Oct. 31.

The press association announces that Sackville comes to England immediately on leave of absence. He had important business in connection with the succession to the Sackville estates and will not return to Washington.

LONDON, Oct. 31.

The action of President Cleveland towards Minister Sackville was known here only late last evening. At all the leading clubs it was a topic of conversation and was bitterly condemned by all Englishmen present.

The Bridgewater Matter.

OTTAWA, Oct. 31.

The claim of J. H. Allen, owner of the ship Bridgewater, for alleged wrongful detention of the vessel at Shelburne by Canadian customs officials, has been forwarded by Secretary Bayard to the Dominion Government through the medium of the imperial foreign office. The Minister of Customs has replied to Mr. Bayard's despatch, stating that inasmuch as Allen has entered suit against the Dominion Government in the Nova Scotia courts for \$20,000, the Government is quite willing to abide by the decision of the court.

The Manitoba Muddle.

WINNIPEG, Oct. 31.

There is nothing new in the railway situation in Manitoba. The Government are quietly progressing with the work of laying the Red River Valley railway, but it is feared that when an attempt is made to lay the diamond a serious collision will take place between the opposing forces.

Drowned on the Banks.

YARMOUTH, Oct. 31.

Emergy Goodwin of the Yarmouth fishing schooner Maid of the Mist, was drowned on the Grand Banks by the upsetting of a dory.

The Russian Railway Accident.

ST. PETERSBURG, Oct. 31.

The official report of the accident to the Czar's train says none were killed. Religious services were held through the empire, giving thanks for the escape of the Imperial family. The Graph Darin contradicts official reports of the accident in regard to casualties. It affirms that twenty persons were killed, including Captain Broach, Staff Captain, three corporals and eight soldiers of the railway battalion, and that many were injured.

The Trouble in Hayti.

NEW YORK, Oct. 30.

A cablegram from Port au Prince announces the capture by a Haytian man-of-war, off Cape Haytian, of the British schr. Alta, which left New York about the 19th October with a heavy cargo of arms and ammunition. The Alta cleared for Antwerp.
