NEW YORK

NEW YORK (AP)—The stock market nudged through its third straight daily advance Thursday but on the lightest trading since Aug. 20, 1963.

Volume shrank to 3,660,000 shares from 4,180,000 Wednesday and was the smallest since 3,650,000 shares changed hands on the 1963 date.

The three-day recovery was the longest winning streak since the market topped out a move to record highs May 7 with a string of five straight daily advances.

The Dow Jones industrial average rose 3.72 to 811.25, thereby proving that it could penetrate theoretical upside resistance around the 810 level.

Something close to a selling wave was gathering force in the final minutes when airlines and selected issues took sharp losses but enough of the blue chips remained higher to keep the averages well into plus territory.

The Associated Press average of 60 stocks rose 1.1 to 304.2 with industrials up 1.6, rails up .2 and utilities up .5.

28 NEW HIGHS

Of 1,333 issues traded, 896 rose and 444 fell. New highs for the year totalled 28 and new lows 39.

Nine of the 15 most active stocks rose, five fell and Sperry Rand was unchanged.

Texas Gulf Sulphur was the most active stock for the 11th straight session as it fell 1¼ to 45¾. Its turnover of 170,000 shares, however, was far below Wednesday's 302,400.

The late selling was particularly severe on airlines. Pan American lost 2. United 1¾, Northwest 1¾, Western 1¼, Eastern ¾ and American ⅝.

Among Canadian issues Granby Mining gained ¼. Aluminium Ltd. dropped ⅝. Distillers Seagrams ¼ and Dome Mines ⅛.

Prices advanced irregularly on the American Stock Exchange. Canadian Javelin advanced 1⅝.
