

# Teachers Protest Lowering Of Qualification Standards

OTTAWA (CP)—Canadian teachers protest that methods being used by provincial governments to meet teacher shortages are endangering their professional and national educational system.

The 74,000-member Canadian Teachers' Federation voiced its opposition to the employment of unqualified teachers in Canadian schools in a statement of policy Wednesday at the conclusion of its 34th annual convention.

It said it is concerned that every year more and more children in every province of Canada are being taught by unqualified or poorly-qualified teachers.

"In many provinces the shortage of teachers is being met only by a continued lowering of the standards of entrance to the profession and a shortening of the professional training required for a teaching certificate," the policy statement said.

**RAISE STANDARDS**

The teacher shortage could be solved by a nationwide effort to raise standards for teachers and to provide them with adequate training and salary. This would result in an increasing number of the best young people being attracted to and retained in the profession.

The convention passed a resolution to grant financial assistance to exchange teachers from the United Kingdom.

Under the U.K.—Canada exchange arrangement, U. K. Teachers in Canada are paid in sterling. This reduces their income in dollars due to the exchange rate on the pound.

However, Canadian teachers in the U. K. are paid in dollars and benefit from the exchange rate.

Section 22—No 1st or 2nd prize—1. Mrs. Henry Henderson, Ken-

# Seeking Four Million Damages

CALGARY (CP)—A suit for nearly \$4,000,000 damages has been started by Merrill Petroleum Ltd. and Cancoll Oil and Gas Co. Ltd., naming three other oil companies as defendants.

The statement of claim alleges that the Alberta Supreme Court approved an agreement Tuesday to share a "superior" oil field, but that the defendants are now attempting to dispose of the land to Merrill and Cancoll's case has been heard.

The threatened lawsuit grew out of an agreement made two years ago between Merrill, Cancoll, Honolulu and Seaboard to carry out a seismic program on land owned by Superior.

# Uncover Bogus Holdup Plans

NEWARK, N. J. (AP)—The FBI Thursday announced discovery of a plot in which the head teller of a bank and a cohort allegedly planned to stage a bogus holdup in order to cover up a \$28,500 shortage.

Officers arrested 19-year-old Joseph Edward Coyle on a charge of aiding and abetting a \$28,500 embezzlement at a branch of the Commonwealth Trust Co., at Union City, N. J.

Seized Wednesday—six hours after the bank reported the money missing—was the head teller, Allen Trampler, 27.

The FBI said \$6,138.96 of the bank funds were found in a locked suitcase among Coyle's effects. In addition, FBI agents found a note which said: "This is a holdup. Hand over all the money or die."

Apparently, the FBI said, the pair contemplated using this note to stage a phony holdup at the bank and thus cover up the shortage.

# Emilie Dionne's Estate \$171,035

TORONTO (CP)—Emilie Dionne's estate has been valued at \$171,035.

This was made known here after Olyvia Dionne, father of the famous quintuplets, filed letters of administration in Nipissing district court in the matter of the estate.

Emilie died at Ste. Agathe, Que., Aug. 6, 1954.

When the surviving four quintuplets reached the age of 21 last May, they came into an estate of nearly \$1,000,000, including part of Emilie's share of the money.

# Lingerie, Hosiery Companies in Merger

NEW YORK (AP)—Plans have been announced for the merger of Julius Kayser and Co., 75-year-old manufacturer of lingerie, gloves and hosiery, and Holeproof Hosiery Co. of Milwaukee.

Holeproof's shareholders will vote on the proposal at a special meeting in Milwaukee Sept. 6.

The two companies announced jointly that Kayser has purchased the net current assets of Holeproof and leased Holeproof's fixed assets for five years. At the end of this period, Kayser will purchase the fixed assets. Price and other terms were not disclosed. Kayser will finance the transaction through an offering of stock to its shareholders and through long-term bank loans.

Merger of the two companies will raise Kayser's annual sales volume to about \$85,000,000.

# Newsprint Output Declines in July

MONTREAL (CP)—The Newspaper Association of Canada Thursday reported newspaper production in July amounted to 490,405 tons, a decrease of 13,574 tons from July, 1954.

Lower production rate in July reflects a labor dispute in the Shawinigan Falls, Que., district, the association said.

Shipments to United States consumers in July were 395,266 tons, 2.3 per cent higher than in July, 1954.

Total production for the first seven months of this year was 3,547,365 tons, compared with 3,441,685 tons in the corresponding period of 1954. Shipments to United States consumers during this period were 2,888,861 tons from 2,811,709 tons last year.

# Robs Blind Man

WINDSOR, Ont. (CP)—A fast talking confidence man robbed a blind man of \$9 Wednesday.

Harry Johnson, 69, told police he was waiting to cross the street in downtown Windsor, when someone offered to help him.

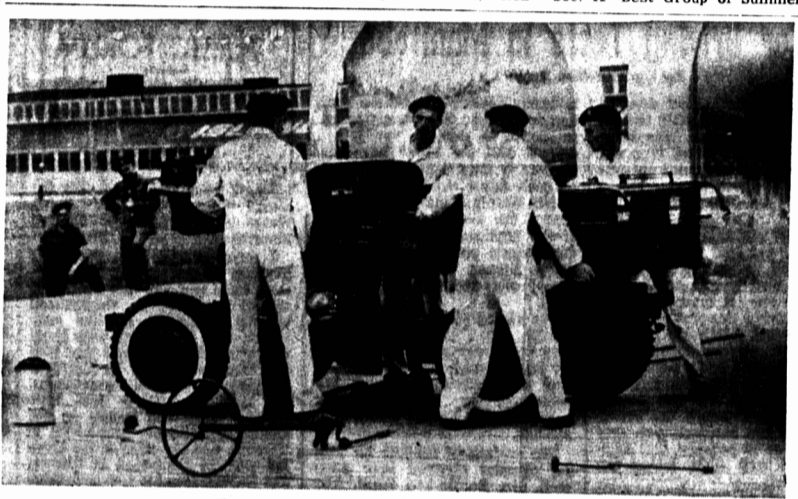

The man later offered to buy Johnson a bottle of beer. This was refused, but when his new-found friend said he had a blind brother, Johnson accepted.

The man offered to buy some toys for Johnson's grandchildren, and said he had a \$10 traveler's cheque and Johnson gave him \$9.

The man never returned.

# Coal in India

The Korba coalfields in India are limited capable of yielding 4,000,000 tons of coal a year.

FAST ASSEMBLY LINE

"We can assemble the army jeep in two minutes and ten seconds, starting with the bare frame motor and all other parts laying on the ground." Such is the boast of the Regular Canadian Army jeep assembly team, (shown above) now touring civilian fairs and exhibitions in various parts of the Maritime Provinces.

The five-man novelty demonstration team will visit eight fairs and exhibitions this autumn, and are at the present time showing their skills in Charlottetown, where they are participating in the Old Home Week celebrations. By popular demand, the team, composed of Cpl. E. P. Welburn, Cpl. A. E. Hawkins, Cpl. S. E. Ross (Georgetown, P.E.I.), Craftsman E. D. Somers, and of 6 Coy RCEME, Halifax will visit the Nova Scotia Central Exhibition at Truro; the Pictou County Exhibition; the Hants County Exhibition at Wolfville; the Annapolis County Exhibition at Lawrenceton; and the Lunenburg County Fair at Bridge-water.

The assembly team uses the standard type army jeep for their speedy demonstration, and on completion of their exhibit, drive away with the vehicle to prove their ability.
