DeValera's Troops Break the Truce 3 Soldiers Killed

(Special to The Guardian)
DUBLIN, May 5.—A Free State force was ambushed by Republican rebels at Newton, Cunningham two hours after the Irish truce was declared. Three loyal soldiers were killed to death and four wounded. This action of the DeValerites has stirred up tremendous feeling against the insurgents.

Two Killed in Gun Battle

CANTON, O., May 5.—One member of a sheriff's posse and one gunman were probably fatally wounded today in a battle between the posse and four gunmen about five miles north of here. The battle, which lasted more than an hour, followed the kidnapping of a motorcycle policeman by the gunman when he attempted to arrest them. All were subdued and captured.

THEATRE MANAGER TIED UP AND ROBBED IN HIS OFFICE

MONTREAL, May 5.—While he was alone in his office last night, Eugene LeFebvre, manager of the Plaza Theatre, corner of St. Hubert and Beaubien streets, was suddenly attacked by two armed men who, after tying him up and gagging him at the point of a revolver, stole \$350 from the theatre safe. The assailants were unmasked and entered the office boldly by the door.

town Summer Resorts Company have a desirable opening for a capable woman or married couple to manage their dining hall at Holland Cove during the summer. Apply Robert Cotton at Maritime Stationers.

BELL GOVERNMENT SQUIRMS UNDER HAMMER BLOWS

Mr. Murdoch Kennedy in the Budget Debate Hits Right and Left in his Charges Against the Bell Administration and Produces Sensational Documents Backed by Facts and Figures.

PROVINCIAL LEGISLATURE
April 26. Afternoon Session
Mr. Murdoch Kennedy, continuing the budget debate, congratulated the hon. member for Belfast, the Editor of the Patriot, upon his very interesting discourses. "He did fine. But when one takes this discourse and compares it with some statements the same hon. gentleman was making in 1919, it will be found that they don't go very well together. He says the deficit has been away up, year after year, in this province. That might be, and I have no doubt at all that there have been deficits; but my hon. friend knows very well from what source those deficits came! He must not forget that when he is figuring them up. He knows also or he ought to know, where the surpluses came from one three different occasions—not the kind that our hon. friends have been making attempts to show for the last two sessions, and which have turned out to be deficits instead. They made indeed—to show that these deficits were bona fide surpluses, and, of course, they cannot be blamed for trying to make a good showing out of a bad case. And it must be admitted that it is very pleasing to listen to the last speaker. There is no speaker in the House who there is this about it: Somebody was proposing to be a second Sir Louis—it appears so by the way he delivered his speech. They are very much alike—excepting the way they do business afterwards. The voice and speech are all right, but the business part of it is still wrong. (Laughter.)

The Great Question.
The great question in this province today is to find out how the financial condition stands. It must be remembered that we are practically one large farming community. There are no mills or mines. It is from the farm we get our living. That is where the editor of the Patriot gets his living; because there is practically no other source of livelihood, but the top six inches of the soil.
Hon. Mr. Cox: What about the fisheries?
Mr. Kennedy: I was going to speak about that later. The burning question is the financial condition of the province. Probably the editor of the Patriot will be able to tell the people just exactly the position we stand in. He said in one of his reports that he could swear by his statements, and that is just exactly what we want. What is the position of the province today financially? I remember, a little while ago, I had some expert advice with my hon. friend in different parts of the country. The hon. gentleman knew very well all the

facts.
*WANTED—MAID FOR HOUSE-
work. Apply 147 Elm Avenue.
*WANTED—MAID FOR GEN-
eral housework. Family of three. Apply Mrs. Noel DeBlois, 21 Water St.
*FOR SALE — TWENTY-FIVE
acres of land at Wheatley River. Apply to McLean & McKinnon, Solicitors & etc., etc.

JOBBERS OR AGENTS WANTED

ONE HUNDRED DOLLARS PAID
for evidence which would convict the author of slanderous statements, jeopardizing my moral character. Matilda Hawkins, 44 Longworth Avenue, Charlotte town.

SALESMEN—WE HAVE OPEN-
ings for two men anxious to learn Salesmanship. National concern, good earnings, permanent, opportunity for advancement. Apply after 2 p.m. to office No. 2 Bank of Nova Scotia building.

MAN OR WOMAN TO DISTRI-
bute well known line household necessities; tremendous demand; territory arranged, work pleasant; pay liberal even for spare time; experience or capital unnecessary. Bradley Company, Brantford, Ontario.

Increased Revenue.
"While we were doing business for the province we did not have very much money to work with. The total receipts coming in were only \$500,000; but the revenue of our friends at the present time is \$897,000—a difference of over \$397,000. Where did they get this additional revenue? I guess the people know all right! The Premier says very eloquently that he will go back to the country and tell them: "Well, we gave you good government, didn't we?" But he knows they won't swallow that. They will remember the line and cry about "the tax-doubblers and tax-treblers" raised by my hon. friends against the Arsenault Government. Can you go back, Mr. Premier, and tell the people you never raised the taxes? What confidence will they have in you when you do go back? Will they have any at all? No, friend; no!

The Arsenault Government doomed! Taxes on land to be doubled! How are we to raise

Exchange Rates
Rise to 4.44 1-4
(Special to The Guardian)
NEW YORK, May 5.—Exchange rates on London today rose to 4.44 1-4 for demand bills the highest price since 1919. The strength was attributed to extensive buying of bills here and in the London market to meet cotton and grain payments.

Yes, exactly. That's it! The farmer must pay up look pleasant, and not only the farmer, but the other fellow must pay up and look pleasant, too! I think the Commissioner of Agriculture said that the farmers of this province were not complaining about the taxes, but he will find pretty soon that they are complaining and complaining very sorely. The Commissioner contends that they have not increased the taxes on the farm land, but how can this be when the Conservative tax was one-fifth of one per cent. on farm lands?
Mr. Hessian: Plus war and health tax.
Mr. Kennedy: Yes, and after our friends came in they did away with this and they made it one-half of one per cent. I want to clear this matter up, so that the farming people will understand the position exactly. Three years ago an ordinary farm worth about \$5,000 paid a tax under our system of one-fifth of one per cent. (\$10). Under the present system, leaving the farm at the same value, the tax would be \$25—a difference of \$15. But our friends were not satisfied even with that. They were bound to get more taxes out of the farm lands of the province, and they did it. Besides collecting this additional tax they said: "This farm is not valued high enough," so they put valuers to work over the province from Tignish to Souris, and added about \$2,000 to this \$5,000 farm property. Half of 1 per cent. of that gave another \$10 tax—\$35 in all, where my friend's satisfied even with that? Were they satisfied even with that? They figured that the average farm would have a father and two sons living on it, and they went to work and collected a poll tax from each of them—\$9 more! \$44 against \$10! But that is not all. I could keep on going, Mr. Speaker, so far as tax increase is concerned; and there is not one hon. member who can deny any of my statements.

Putting the Screws on.
They say it is the wealth of the country that is taking the tax off. I don't know much about the "wealth" part of it, but I know that so far as the business people are concerned, it staggers the best of them to meet their demands. And what have they done with the taxes they have collected. They have put the screws on everybody—on the farmer, the business people, the banks, the insurance people, the Express companies, the brokers, and everyone else they could get their hands on, until from 1919 to 1921 the taxation increase amounts to \$253,652.42. Where is the money? The money is gone. Squandered? Boasted? (Laughter from the Government members.) My hon. friend the Commissioner of Public Works knows very well that it was boozed. If I ask my hon. friend the Premier (though he will not like to hear it; he will dig into his hole some place)—How would he like to meet us at one of those country meetings? We will invite him and the Commissioner of Agriculture some place—Trylon, for instance. The Commissioner has been there before. But I am very doubtful if they would get a hearing any place, and I would be very sorry to invite them out if they would not be permitted to speak. But that is the condition of affairs right in this province today, and I think I know the feeling of the people. Is it any wonder? That \$390,000 added to what they had already and that money squandered and gone; and then going to work and borrowing more money? Is it any wonder the tax-payers are sore over this business? As I already pointed out to my hon. friend from Belfast—when he went away, away, away back with the mapping of it, I am quite willing to give him credit, but so far as I understand, and so far as the people understand, I don't think either he or the government had very much to do with it. They had a capable man doing that work—one of the best men that we have in the province—Mr. P. G. Clark. After doing this work Mr. Clark applied for one of the projects last year and simply because he did not ring in nice with the Commissioner, or because he was not a friend of the Premier or some connection, he had to go without it.

Mr. Nash: I think it suits.
Mr. Kennedy: He thinks it suits! HE thinks! Even the galleries listened to my hon. friend this afternoon, but next to that what con-

Quebec Elections Likely in June

(Special to The Guardian)
QUEBEC, May 5.—It is now practically certain that there will be general provincial elections in the month of June.
In political circles here everything points in that direction, and while there has been no official pronouncement of any kind, it is admitted by strong Liberals who generally share the cabinet secrets that the Tacheau government will appeal to the people in the month of June.

No Violation of
Versailles Pact
(Special to The Guardian)
PARIS, May 5.—In a long note communicated to the German government tonight, the reparations commission fails to find any immediate violation of the treaty of Versailles in the provision of the Russo-German Rapallo treaty, but reserves to itself the right to examine closely the application of the treaty and to make any action necessary to protect the Allied lion on all German resources.
The decision was sent to all the Allied governments and a copy was telegraphed to the British prime minister at Genoa.
The commission asks Germany to confirm in unmistakable language the assumption of the commission that Germany has no intention of renouncing rights, which have been, or should be transferred by Germany to the commission under Article 260 of the Versailles treaty.
Explicit assurance from Germany are also requested that the Rapallo treaty contemplates no new charges against the German budget in connection with compensation for its nationals or for the reconstruction of Russia. Germany is further asked to make clear that the German property in Russia is given up by the Rapallo treaty, which is privately owned, and not state property.

Hamid Bey Denies Italian Treaty

CONSTANTINOPLE, May 5.—Hamid Bey, Turkish Nationalist representative here, today officially denied reports emanating from London that an agreement had been signed between the Italian and Ankara Governments. He also denied a report that the Ankara government was a party to the Russo-German treaty, signed at Rapallo, Easter Sunday.
Rizkar Nour, one of the signatories of the treaty between Turkey and Soviet Russia, is proceeding to Moscow at the head of an important mission for the purpose of negotiating, it was reported today, an agreement for the reconstruction of Anatolia with Russian and German capital.

SHOT AND KILLED SCHOOL TEACHER

NORTHWOOD, IOWA, May 5.—Irvin Benker, 21 years old, farmer, yesterday shot and killed his sweetheart, Miss Rebecca Nelson, country school teacher, as she stood in the door of her school house, four miles west of Monley, because, he said, she had hit him after their wedding date had been set. Pupils scrambled pell-mell through the windows. Benker declared he had been drinking "moonshine" liquor.

Mr. Clarkin Appointed Div. Freight Agent

It has been officially announced by the Department of Railways that Mr. P. W. Clarkin, of this city, has been appointed Division Freight Agent.
He has been acting in that position since October last, when Mr. Alexander MacDonald, his predecessor, retired under the President's plan.
Mr. MacDonald is a veteran railway man having been in the service since April 1st, 1881, when he was appointed Chief Clerk of the Superintendent.
He was Superintendent from 1894 to 1896 and in the latter year, when Mr. G. A. Sharp became Superintendent, Mr. MacDonald reverted to his former position as Chief Clerk.
In 1913 he was appointed Division Freight Agent.
Mr. MacDonald before entering the railway service was on the staff of the "Island Argus," then managed by the late Hon. J. H. Flechter. He was an able writer and a most capable all round newspaper man.
As a railway official he was both competent and courteous and retires with a splendid record.
He is one of our best citizens and held in the highest respect by all our people.
Mr. Clarkin has had 26 years experience in railway work, starting as relieving agent in 1896. He was subsequently assistant agent at Charlottetown, agent at Mt. Stewart and later in charge of the winter steamer service at George town and Charlottetown.
In 1913 he was appointed Chief Clerk in the Division Freight Department in October, 1921. Acting Division Agent. On the first of this month his position was made permanent.
Mr. Clarkin has well earned his promotion to the above responsible position and hearty congratulations are in order.

The Western Road.

And now let us look at this much talked of road work. I want to be fair about it. I will say that there is an improvement in one section of the province—the Western Road, but that work was started under the late government. If my hon. friend, the Commissioner of Public Works, had anything to do with the mapping of it, I am quite willing to give him credit, but so far as I understand, and so far as the people understand, I don't think either he or the government had very much to do with it. They had a capable man doing that work—one of the best men that we have in the province—Mr. P. G. Clark. After doing this work Mr. Clark applied for one of the projects last year and simply because he did not ring in nice with the Commissioner, or because he was not a friend of the Premier or some connection, he had to go without it.

Government May Cut Down Naval Estimates

(Special to The Guardian)
OTTAWA, ONT., May 5.—Liberal forces held caucus again this morning. The second in one week. Two subjects were under discussion, the Civil Service bonus and the Navy. At the caucus incidentally, emphasis was laid upon the need of secrecy regarding the deliberation of such gatherings and members were enjoined to maintain silence in respect thereto. It is however stated that the details of the bonus question will be worked out immediately and that an announcement will be made early next week. It is understood that the bonus will be continued in the lower grades of the service. Provisions of greater national importance is the naval question. There are well defined rumours that Hon. George P. Graham, Minister of Defence, proposed some very radical cuts in the estimates as brought down and it is even hinted that the Canadian navy may be practically disbanded, that the cruisers and destroyers given to Canada by the Imperial authorities may be tied to the docks to cease their journeyings and that the naval colleges at Esquimaux and Halifax may be at least temporarily closed down. The total militia estimates are \$2,701,180 but this amount was decided upon without the defence departments and whether or not the rumours above are true the amount will be considerably cut. It is further stated that the vote on militia for annual drill will be decreased from \$1,440,000 to \$1,000,000. The consensus of opinion amongst Liberal members is in favour of disarmament.

Rumored That Canadian Navy May be Disbanded. Appropriations for Militia Will be Cut Also. Liberal Caucuses Being Held and Silence Urged.

Manchurian
Soldiers in
Disorderly Flight
(Special to The Guardian)
CHANGHAI, May 5.—Wu Pei Fu has smashed the right flank of Chang Tsoolin's army north of Pekin and won an important victory. Thousands of the defeated Manchurian soldiers are in disorderly flight, many have vainly sought admission to Pekin. Fengtien troops bore the brunt of the central forces assault and were surrounded and cut off from the main body of Chang's army.

Govt. of Greece Paying Interest

(Special to The Guardian)
OTTAWA, May 5.—The Government of Greece has paid interest on the loan made by the Canadian Government in 1919 but no interest has been paid on a loan made at that time to Roumania. This information was given by the Minister of Finance in the House of Commons this afternoon. Greece owes at the present time for principal and interest \$7,520,473; while the amount due by Roumania is \$20,459,104. Of these amounts Roumania owes \$2,606,652 for interest; while Greece owes only \$196,424. The Government has taken steps to collect the moneys due, it was added by the Finance Minister.

Eviction of Striking Miners

UNIONTOWN, PA., May 5.—First evictions of striking miners and their families in the Fayette coke region took place today at the mine of the Amend Coal and Coke Company near here. A dozen families it was reported to the county authorities had been moved from company houses and their belongings set out in the road. This, it was stated, was the beginning of a movement by operating companies to reclaim houses now occupied by what they termed "undesirables."

Wild Parsnips Cause Death of Seven

LORINGTOWN, Ont., May 5.—Seven members of the Lacroix family, prominent residents of this town, died here yesterday under particularly tragic circumstances as a result of eating poison herbs, known as wild parsnips. Just where the herbs were obtained is not known, but it is believed that the children of the family dug them up along the banks of the Ottawa River. Deaths followed at intervals with in a space of four hours after the noon day meal. The dead are Joseph Lacroix, grandfather, aged 75 years, Napoleon Lacroix, aged 40 years, father of victims, Mrs. C. Lacroix, his wife, and four children aged 11, 10, 8 and six years, respectively. The only survivors are Gaston aged three years and Henri George aged 17 months. Gaston is seriously ill at the home of friends of the unfortunately family, but his recovery is expected. An inquest was opened here yesterday afternoon by Coroner Kirby and the verdict of accidental death due to strychnine poisoning was returned. Coroner Kirby issued an order for the burial of the victims. Funeral will take place today.
