New Brunswick and the Centennial Exhibition.

THE New Brunswick papers labor under a mistake which it may be as well to correct at once. That the stock-raisers of this Province are disposed to regard with favor the Centennial Exhibition in honor of St. John—a City to which the people of this Island are attached by the strongest ties - is undoubtedly true; but that the *Patriot* newspaper is in any sense or degree an exponent of their views and feelings with respect to the prize list is a ridiculous error. The prize list is protested against by Judge Hensley, Senator Haythorne, Hon Donald Ferguson, C. C. Gardiner, Henry Longworth, Patrick Blake, Dr. Jenkins, and many others; and we know no one who has a word to say in its favor. In fact, the St. John *Telegraph* itself is unable to defend it, either as to the classification of stock or to the prizes offered;—but pleads plaintively "the subject of ways and means" and appeals to "public spirit."

Now, we feel certain that the exceeding smallness of the prizes offered will not influence the action of our stockraisers half so much as the senseless classification of animals. Indeed, we are quite safe in saying that if the Exhibition Commissioners had not a single dollar to expend in prizes, but had made a proper classification of the different breeds of animals, and had offered medals, or cards of merit, or other marks of distinction for the best animals in each division, this Island would be well represented at the Centennial Exhibition.

But, what are the facts? The Dominion Parliament has granted $10,000—$5,000 more than to any previous Exhibition—for the express purpose of promoting competition by handsome prizes. The Province of New Brunswick and the City of St. John have both given large sums in aid of the Exhibition in order that there may be a representation alike worthy of Canada and of the important event to be celebrated on the occasion. Yet the prizes offered are more insignificant than those of many County fairs in Ontario, and the classification is such that the choicest animals must necessarily be left out of the list of winners.

It is said that the Centennial Exhibition may, as that of Halifax, result in a loss, and that the prizes have, on that account, been curtailed. This is not likely. Halifax actually lost only about $5,000; and that was, five times over, made up to its citizens by the trade which the Exhibition brought to the city. With a good, attractive, well arranged Prize List, the Centennial Exhibition would certainly have been more than self-sustaining; and the citizens of St. John would have all the advantages resulting from thousands of visitors crowding into the city, day after day, so long as the Exhibition was open to the public.

That the Prize List has been so badly bungled is to THE EXAMINER, and we believe, to the people of all the Maritime Provinces, a matter alike of great surprise and sincere regret. We have looked forward to the Centennial Exhibition with the most kindly anticipations; and even yet we are not without hope that the Prize List may be reconsidered—that a generous public spirit, and not a mean, craven spirit, may yet govern the councils of the Commissioners, and that even yet it may prove a grand success.

The Recent Appeals.

WE publish in another column, the decisions of the Supreme Court of Canada, in the cases of Morris and others *vs.* The Liquidators of the Bank of Prince Edward Island and the Merchants Bank of Halifax *vs.* McNutt. In both cases the judgements of the Supreme Court of this Island have been reversed.

In the former case, the effect of the decision is to fix the liability of each Shareholder at $64.88 per share instead $80 as decided by Judge Peters. This will be a great boon to many an unfortunate Shareholder, while the loss to the depositor will be comparatively trifling when divided among so many and spread over such amounts.

The case of the Merchants Bank of Halifax *vs.* McNutt decides that a notice of dishonor of a Bill of Exchange may be properly given by posting the notes, although the party to whom it is addressed, resides in the same town. The law which for many years, has been inforce l in the other Provinces is now declared to be in force in this Island.

We do not of course, venture to state which are the more accurate decisions; but as mere laymen we must assume that the decisions of the Supreme Court Court of Canada are entitled to more weight than those of our own Court. It is to be regretted that suitors who are legally entitled to judgment in their favor are so often put to the trouble and expense of appealing to the Supreme Court of Canada. Our Judges should, in the interests of the public, if not for their own credit, give more study and consideration to the cases which come before them.

WE learn that the "Wanderers" Team, of Halifax, intend making a Provincial Cricket Tour this summer, and that they will, probablyf arrivein this city about the second week in July. The "Phœnix" Club must wake up, or they will be left.

A GRAND time may be expected at the Odd-
