

The People Who Bring You

# FRESH DAIRY FOODS

Put Quality Control First at...

The people at Dominion apply a strict policy of quality control for all merchandise purchased for you. This guarantees you absolute freshness and the most value for your dollar—especially for dairy products. Fresh eggs come to Dominion carefully processed from Canada's finest poultry farms. Then they are processed again by Dominion Quality Control experts—each egg being individually inspected. Butter, cheese and milk go through the same strict inspection process and are kept under constant refrigerated control from source to store. Because of this expert care Dominion can confidently offer you the freshest dairy products available anywhere.

Variety is a highlight at Dominion too. Among Dominion's many famous brands the world of cheese is particularly tempting. As well as processed cheese and cheese dips you'll find famous Canadian Cheddar, bright red Gouda from Holland, pungent Limberger from Germany, tasty Camembert from France... exotic cheeses from around the world.

For quality and everyday low prices switch to Dominion today. Your family will enjoy the difference... and you pay no more for Dominion freshness!

**JUNE IS DAIRY MONTH AT DOMINION!**
