Judging from the large number who have already been enrolled as members, and from the apparent interest taken in the movement, the Catholic Literary Institute promises to be one of the first organizations of our city.

LOCAL AND OTHER ITEMS.

A Change.—Cream will be received at the Central Creamery in Charlottetown, on Tuesday's and Friday's, in order to accommodate farmers coming to market.

The New Cathedral. — Mr. F. X Burlinguet, of Quebec, has been engaged to make plans and specifications for the proposed new Roman Catholic cathedral. The plans will be here in the course of a few weeks, and as soon thereafter as possible tenders will be called for the erection of the basement and outside of the structure. Work will be commenced early in the spring and prosecuted with all despatch.

After the Championship.—John L. Sullivan thinks he will lay claim to the pugilistic championship in view of Corbett abandoning his title. Sullivan was at Ho Springs at the time of the Corbett-Fitzsimmons fiasco. He was engaged by the New York World to tell what he thought about the fight. For these services he was to ge $1,700.

We call the attention of our readers to the announcement of the Rev. G. M. Campbell's lecture to be delivered in the hall at Clifton, New London, on the evening of Monday, the 16th inst,, intituled, 'The White City, or a trip to the World's Fair." Many of the leading features of the great exhibition will come under review. Special mention will be made of the great parliament of religions. No one should miss this opportunity of hearing the rev. gentleman's eloquent portrayal of the subject matter in hand, as a rare treat is in store for those who attend. dw

Journalistic Enterprise. — The St. John Globe has issued a trade edition of 16 pages. The number is printed on good paper from clear type, and gives one an excellent idea of the growth, progress and prosperity of the industries of that city. As the Sun remarks: If the glowing and sanguine account of the condition of the city under the National Policy seems to conflict with the Globe's editorial utterances it can only be said that the articles in the trade edition were written by reporters after personal investigation. They are naturally more likely to be correct than an account derived from a grit inner consciousness.

is effected by using perfume from an atomizer. It prevents waste and distributes the perfume as a fine spray, making it go further than when used direct from the bottle. Then a nice atomizer makes a most acceptable XMAS PRESENT. We have them from 25 cents to $2.25. Can we show them to you?

GENTLEMEN!

It matters not what you are accustomed to paying, or what you have been used to paying for your

Collars, Cuffs & Shirts,

for it is a well known fact that every article purchased in our Gents' Furnishing Department is money saved.

Take, for instance, Collars, Cuffs and Shirts. We sell the best 4-ply Linen Collars, one dozen different styles, at the exceptional low price of 15c. each or $1.75 per dozen, and the best quality 5-ply Cuffs at 22c. a pair or $1.25 per half dozen pairs.

We show a White Shirt at $1.10—can't be bought elsewhere less than $1.45—and good enough for a king.

When you don't care what you pay, then we have no interest in you. But it is to your own interest to look us up for low prices on Underwear. We have all grades, but we have a stunner in a fine Shetland all-wool Suit at $1.30, worth $2, and then we call your attention to warm, winter lined Gloves. Selling the best Kid lined Gloves at these ridiculous prices, 79c for gloves worth $1, and 98c. for extra quality, worth $1.25, or Buck Lined and other best makes at prices like $1.09, that we ought to get $1.45 for.

WEEKS' REASON FOR SELLING SO CHEAP is we want to keep all hands busy and sell stacks of goods. Nearly everything that comes into the People's Store is direct from the manufacturers, bought for spot cash.

We have an IMMENSE LADIES' TRADE, and although the ladies do lots of buying for the gentlemen, we are after the gentlemen that buy their own furnishings. Now compare these low prices with what you have paid before, or drop in and we will be pleased to show you the goods.

Best 4-ply Linen Collars 15c. each or $1.75 per dozen.

Best 4-ply Cuffs 22c. a pair or $1.25 per half dozen pairs.

Fine Scotch Shetland Wool Undercloth-ing, $1.30 a suit, worth $2.00.

Extra fine quality White Shirts $1.10, worth $1.45.

THE EVANGELISTIC SERVICES.

Last night's service in the Methodist Church took a new turn, and was converted into a rousing temperance meeting. After prayer by the Revs. Mr. Crossley and D. H. Lodge, Mr. Crossley sang the solo "Save the Boy," which was well received by the immense audience assembled.

On the platform were the Revs. Campbell, Corey, Kirby, Sutherland, Hamlyn, Lodge and Elder Stevenson.

The address of Rev. Mr. Sutherland was a powerful appeal to the audience to do their duty on the great question of temperance and civic reform. The address dealt with the principle "that all members of Christain Churches are sent into the world for the express purpose of enlightening social sentiment and purifying the moral mind." Dr. Arnold said the Christain Church is an institution the object of which is to make the earth like heaven, man like Christ, and the Kingdom of this world the Kingdom of our Lord and Saviour Jesus Christ." The Sermon on the Mount calls the Christain light and and salt—the function of salt is to preserve and of light to guide. The time for talking is past, and the time for action has come. Let us grasp this principle and become lights to guide the social sentiment, and salt to preserve and strengthen all goodness. Apply this to this city and we must become 1. Defensive, and 2. Offensive. We must protect and fight. Carry the war into the enemy's camp. Either the church must go down or the liquor business must go down. W. M. Gladstone has said that the government should so legislate as to make it easy to do right and hard to do wrong. This curse is a foe to trade, and to the social and religious interests of the community. It fosters vice and weakens virtue. This meeting is to rouse you as citizens to the needs of our city for earnest work on these lines. A pledge card was introduced lookings towards the formation of a citizen's league and signed by between three and four hundred men over eighteen years of age.

Mr. Crossley sang "Canada shall be Free," a temperance song, after which he spoke on the general subject of temperance, taking as a text Ps. 51—14. He advised members of secret societies to stick to their principles and faith in the fatherhood of God and the brotherhood of man Then they would become true Christians and true temperance workers. He said there is guilt somewhere. Some 60,000 drunkards are going down to death every year. There is responsibility somewhere, and we must not saddle it upon governments, or councils, or churches, but see if we are not personally responsible for this traffic. He was glad we had the Canada Temperance Act here in our city, but it was of little use, except it was thoroughly enforced. There are some strongholds behind which the traffic is entrenched.

1. There is the folly of man. A bird would be called silly for going directly in to the exposed traps, particularly when other birds had been caught. But what a consummate fool man is to get into this trap when he sees so many caught and destroyed by it.

2. The license law. It is an outrage on law to license liquor. If the business is wrong it should not be license1—if right it should not be restricted. But the very fact of its restriction proves it is not right.

3. Supposed financial interest. Some go into the business to make money, but did you ever notice that money made by this business never goes down to the third or fourth generation. It is a loss and not a gain to the finances of the country to have anything to do with the business.

4. Social question—thank God this has very much changed, and now very few have the whiskey jug at a barn raising or the wine bottle on the side table.

5. Appetite. Some say they do not drink because they like it. But the general reason is because it is liked that men drink. How easily this habit and taste is formed even after persons become old men. No man who drinks is entrusted with responsible places on railroads or other positions.

6. What Dr. Ryckman calls the cussedness of man. This word is not in classics, but in men. There are forces in operation to overthrow this traffic:

1. The W. C. T. U.
2. Temperance societies.
3. Individual total abstainers and advocates of prohibition.
4. Political and municipal bodies.

Besides the home, the church, the schools, &c. Every member of a church should be a pledged temperance man and woman. Now is your time to take your stand for civic reform and become a member of the citizen's league.

Mr. Hunter spoke very strongly and made one of his most effective addresses in this city. He spoke on the following rules:

1. Make your peace with God.
2. Get your life insured.
3. Make your will and save trouble to your heirs.

Do not forget the girls in your will, do not forget the church in your will.

Our space will not permit of an outline of this address. Hard thusts were made at individual members of societies and some hard words against the Citizen's Club of this city. His text he said was the three xxx's, and he remarked that all who drank would be,—

1. Out of health.
2. Out of money.
3. Out of a good name.
4. Out of a home.
5. Out of heaven.

For over the gates of that city in letters of fire were written the words, "No drunkard can enter the kingdom of heaven." The after meeting was excellent and many more expressed a desire to lead a new life.

NOTES FROM GLENFINNAN.

The farmers here have the most of their potatoes on hand.

Our roads have been in a fearful state. Sherry's bridge was recently rebuilt, so some people would say. The facts are that the Speaker got a foreman and hired a crew to do the work, some to pay old debts. David Macdonald got the scantling, this red-hearted stuff. But the timber taken out was as good as what was put in. It was all right, however. The supervisor, it is said, never saw it. The Speaker it is stated did all the business. His Honor hauled the plank from Hickey's wharf, his servant man and his horses being on hand for that purpose.

Glenfinnan School District has been cut in three pieces by order of the Grits. A school has been formed at Pownal settlement with 15 scholars. It is said this is the serpentine school boundary, the way it is formed. There are only 1200 acres of land to it.

Tom and John were brushing and claying Pawtucket road the other day; people would like to know at what price. What a time this is for road making?
