

Local and Other Items.

THE CENTURY MAGAZINE for May has been received.

THE ROADS.—Considering the time of year and the unusually wet fall, the roads, generally, throughout the country are, this spring, in excellent condition.

HAYDN QUARTET.—The Boston Folio thus refers to the Haydn Quartet: "The Haydn Quartet displayed a volume and richness in its voice that is unsurpassed here. It is, without doubt, the finest combination of male voices in the city."

REWARD.—As will be seen on reference to our advertising columns, Messrs. Norton & Fennell offer a reward of \$10 for information that will lead to the conviction of the person or persons who broke the large grindstone in front of their store last evening. It is hoped that they will be able to find out and punish the guilty person.

AGAIN DEFEATED.—The Scott Act suffered a severe reverse in Brockville, Ont., a few days ago, the repeal majority being 1,258. The temperance people in the counties recently contested, are now considering the adoption of a stringent liquor law. The Act is now only in force in Ontario, in the counties of Middlesex, Oxford, Lambton and Elgin, and in three of these a contest takes place on the 9th inst.

DENTISTRY.—Mr. H. Bruce Findley, a graduate of the Philadelphia Dental College, has opened an office for the practice of his profession in Macdonald's building, Queen Street, (formerly Herald office) where he will be pleased to have a call from persons needing his services. His office is nicely furnished, and his appliances are all of the latest and most approved pattern. He guarantees satisfaction in every instance. See his card in another column.

CHANGED HIS MIND.—Advices from Fredericton state that Mr. Thomas Dunphy, a well-known resident of that place, attempted suicide there recently. To a woman who attempted to dissuade him from his intentions he replied that he was a good Baptist and wanted to die as such, and jumped into the swift current. The cold water changed his faith, for on rising he caught hold of the boom and told the woman he had changed his mind and that she had better call some help. Help was soon on hand and Mr. Dunphy was rescued.

AGAINST BABY SHOWS.—Archbishop Fabre has declared against baby shows. His organ says: "A strange project, assuredly, would be that of a baby show in Montreal. We simply, for the moment, mention the announcement of this ridiculous and anti-Christian competition, convinced as we are that public sentiment, the piety of the mothers and the respect they have for their children will be enough to make it impossible. True, the thing has been done elsewhere; but have we nothing else to do but to imitate the faults of a civilization having a tendency to revive pagan customs?"

A CASE IN POINT.—A few weeks ago the New Glasgow Enterprise noted an enquiry from a prominent gentleman connected with the New York produce exchange for samples of Nova Scotia homespun. Specimens of the Oxford mills were forwarded by one of the Enterprise advertisers. The keen-eyed managers of the Charlottetown Woolen Mill saw the paragraph, clipped it out, and forwarded it with samples of their goods to the secretary of the New York produce exchange, with a request for his patronage. The gentleman was so pleased with the push of the Charlottetown people and the handsome samples sent him, that he ordered six suits of homespun from the two mills. This will be an excellent advertisement for Nova Scotia woollens among the 3,000 members of the exchange and may result in making Nova Scotia tweeds fashionable in New York. Advertising and push pay every time.—Exchange.

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural quiet sleep by relieving the child from pain; and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind. [April 1 '88]

Personal.

Mr. J. S. McLaren, Inspector of Customs, St. John, N. B., is at the Hotel Davies.

Messrs. Welsh and Perry, M. P's., have returned from Ottawa. Mr. Davies is expected to-morrow evening.

Mr. Frank Ross, representing Shorey & Co., Montreal, is at the Hotel Davies. He came to assist Mr. Cross the regular representative of the firm, who has been ill for several weeks past.

The New York Epoch tells a little story illustrating how distinguished moralists frequently reciprocate favors. Showman Barnum entered the church of the Messiah, of which Rev. Robert Collyer is pastor, and quietly took a back seat. The preacher saw him, and said in a loud voice: "I see P. T. Barnum in a back pew in this church, and I invite him to come forward and take a seat in my family pew. Mr. Barnum always gives me a good seat in his circus, and I want to give him as good in my church. Mr. Barnum was surprised at this public invitation, but, of course, he accepted it.

Says the Montreal Star: Some very important changes in the staff of the Canadian Pacific Railway are on the tapis, and will be carried into effect between now and May 5. It is stated that Mr. Van Horns will resign from the general-managership, retaining, however, the presidency of the road. The names of Mr. Wm. White, Western superintendent, and of Mr. T. G. Shaughnessy are mentioned as probable successors. Other changes in the divisional superintendents are also spoken of. Mr. Tuttle, who leaves on the first of May, to assume his new position in New York, will, it is understood, be succeeded by Mr. McNicoll, General Passenger Agent, under the supervision of Mr. Olds, General Traffic Manager. A good deal of gossip is being indulged in amongst railway men regarding these changes, and it is whispered that the directors favor the appointment of a Canadian, rather than an American, to the general-managership. The rival claims of Canadians versus Americans are also forming a fruitful topic of conversation in certain circles, and it is rumored that quite an amount of wire pulling is going on. Mr. Wm. White is in the city to-day, and has had a conference with the General Manager. Mr. White was formerly superintendent of the Ontario and Quebec division.

SPECIAL DESPATCHES TO THE EXAMINER.

DOMINION PARLIAMENT

Debates and Proceedings.

OTTAWA, May 1.

The House met at 11 o'clock this morning. When the House went into committee of ways and means, Mr. Mulock asked what action the Government proposed to take on the application of Ontario millers for an increase in duty on flour.

The Speaker ruled the question out of order. Mr. Jones, of Halifax, pitched into Sir John for letting members go home early, charging that it was done with a party bias.

Sir John said he had consented to the early departure in but two cases—Mr. Yeo, of P. E. Island, and another Opposition member. The statement was corroborated by Mr. Trow, chief opposition whip, who said there had been no departure from the usual practice and that his consent had been obtained before the full sessional allowance was paid the departing members.

Messrs. Cartwright, Lovitt, Mulock and Jones thereupon pounced on Mr. Trow and said it was outrageous that the Liberals should be hustled round at the mere will of their whips.

This afternoon the order paper was cleared off and the House devoted itself to questions and answers.

Sir John intimated that the next parliament would meet early in January.

The Washington Centennial.

NEW YORK, May 1.

The great event of to-day, and the last in the series of centennial celebrations to commemorate the inauguration of Washington, was the civic parade designed to illustrate the industrial progress of the country during its century of national life. The weather was clear and cool. From a very early hour crowds began to gather along the line of march, and before the hour arrived for the parade to move, every available seat had been preempted, and windows and doors as well as the sidewalks were filled with spectators. The parade was under the management of General Daniel Butterfield as chief marshal, and the smoothness with which the programme was carried out showed the excellent result of his careful attention to details during the elaborate preparations which he had been making for weeks past. 80,000 men were in line. President Harrison and party will leave for Washington at five o'clock this afternoon from Jersey City.

Fishing Schooner Missing

GLOUCESTER, Mass., May 1.

The schr. Shilop sailed from this port on a fishing trip to the Georges on March 25, since when she has not been heard from. Her owners to-day have given her up as lost. She carried a crew of 14 men, 12 of whom were Nova Scotians and 2 P. E. Islanders, named Martin S. John and Benj. Dixon. The Shilop was built here in 1834.

The Queen's Birthday.

MONTREAL, May 1.

The Queen's Birthday will probably be celebrated with greater eclat this year in Montreal than for a long time past. The contemplated visit to Montreal of the Queen's Own of Toronto and the Foot Guards of Ottawa, is looked forward to with the greatest possible pleasure by soldier and civilian alike. The visiting soldiers will be grandly welcomed, and a real soldier's field day indulged in.

Six Months' Hoist.

OTTAWA, May 1.

The Short Line Bill was given the six months' hoist in the Senate to-night, by 22 to 11.

At St. Andrew's, on April 25th, after an illness of five days, of inflammation of the lungs, Gabriel McDonald, in the 81st year of his age. Deceased was a man of upright character, a good neighbor, and a kind and loving husband and father. If you want a good pair of boots or shoes at a low price, McEachen, the cheap boot and shoe man, will be glad to see you call at his store.

Workmen, attention! We want your trade in the boot and shoe line. You have already heard of McEachen, the cheap boot and shoe man; he is the only man in the city that will give solid leather boots at the price you pay for shoddy ones.

Boston has resolved to reduce the number of her saloons from 2,280 to 780. The temperance and the prohibition currents seem to run in different directions in the Hub.
