## Deal yourself a winning hand...

**P**repare yourself for success in today's highly competitive world as an RIA Management Accountant.

With your degree and the RIA designation you will have the professional edge in the job market.

You will be entering a profession that cannot supply RIAs fast enough to keep up with the demand from business and government... a need that is projected to continue through this decade and beyond.

RIAs are in demand because of their unique training in management as well as accounting. They have expertise in strate-

gic planning, budgeting, operations control and data analysis. RIAs move ahead quickly on the management team.

Over 55% of all RIAs hold senior positions in business, industry and government. Your job prospects will improve the day you start the RIA program because employers recognise the commitment you have made to obtaining professional qualifications.

What's more, the RIA program is flexible. You can work toward your degree and RIA designation at the same time. In fact, you may already qualify for advanced standing in the RIA program.

### The Society of Management Accountants

1649 Hollis St., Suite 901  
P.O. Box 543  
Halifax, N.S.  
B3J 2R7

Find out if you already have advanced standing in the RIA program.
