JANUARY 5th.

This Evening.
We are offering this evening astonishing bargains in Hosiery. Call and see them. The yarn alone would cost you more money than we offer good black cashmere hose for.

What to Wear.—Feathers are more used in Millinery than for a long time past, long feathers encircle the crown and indeed almost cover some of the face, but what feathers are to be bought ready for edging the brims of hats.

Weldon's Dressmaker.—This season, as hat cloth dresses decidedly take the lead, and are combined with silk in the Dinobore style for day-wear, whilst for evening Directoire coats of fancy laces or striped silks, are worn over lace skirts.

Having secured a genuine bargain in Ladies' Cashmere Gloves, we will offer the same this evening at a price never before heard of in the city.
BEER BROS.

Remember our offering of Children's Ulsters, Dresses and Skirts at 1/2 off usual prices. We are determined to make a complete clearance before taking stock.
BEER BROS.

Weldon's Dressmaker.—The Empire and Directoire styles are steadily increasing in popularity and will, without doubt, gain still greater favor as the season advances, especially the latter which is so well suited to the heavy and handsome goods now shown, while the Empire style is so pretty for delicate and soft fabrics intended for party and theatre wear.

We have still a small quantity of the new and handsome tinsel trimmings for dresses in stock. Ladies retreating this winter and leading trimmings—will do well to secure them at once.
BEER BROS.

Ordered Dress Goods promise to be the leading thing in next spring. Ladies who ordered this line from us last fall will be one season ahead of their friends. No effort will be spared to secure for our customers the most correct and becoming styles in fashionable Dress Goods.

Beauty

Is desired and admired by all. Among the things which may best be done to enhance personal beauty is the daily use of Ayer's Hair Vigor. No matter what the color of the hair, this preparation gives it a lustre and pliancy that adds greatly to its charm. Should the hair be thin, harsh, dry, or turning gray, Ayer's Hair Vigor will restore the color, bring out a new growth, and render the old soft and shiny. For keeping the scalp clean, cool, and healthy, there is no better preparation in the market.

"I am free to confess that a trial of Ayer's Hair Vigor has convinced me that it is a genuine article. Its use has not only restored the hair of my wife and daughter to be

but it has given my rather unmanageable hair a length and appearance."—R. Britton, Oakland, Ohio.

"My hair was coming out (without any assistance from my wife, either). I tried Ayer's Hair Vigor, using only one bottle, and I now have as fine a head of hair as any one could wish for."
—E. T. Schmitt, Dickson, Tenn.

"I have used Ayer's Hair Vigor in my family for a number of years, and regard it as the best hair preparation I know of. It keeps the scalp clean, the hair soft and lively, and preserves the original color. My wife has used it for a long time with most satisfactory results."—Benjamin M. Johnson, M. D., Thomas Hill, Mo.

"My hair was becoming harsh and dry, but after using half a bottle of Ayer's Hair Vigor it grew black and glossy. I cannot express the joy and gratitude I feel."
—Mabel C. Hardy, Delavan, Ill.

Local and Other Items.

The Latest.—What day of the week did Christmas fall on last year?

MAILS ARRIVED FROM GEORGETOWN BY THE REGULAR TRAIN THIS FORENOON.

THE STANLEY LEFT GEORGETOWN FOR PICTOU AT THE USUAL HOUR THIS MORNING, AND WILL RETURN THIS EVENING.

CHURCH OPENING.—The Presbyterian Church, at Cardigan, will be opened tomorrow, Rev. James Carruthers officiating.

THE MAIL.—The mail which came over to-day remains at Georgetown until Monday. A special train has not yet been provided.

MARRIED.—The Summerside Farmer reports that Mr. James Lee, of the Black Road, lost a very fine Royal Harry mare, rising four on Monday last. Rupture was the cause of death.

WEDDING PRESENTS.—It is not the proper thing now to exhibit wedding presents except to immediate relatives and intimate friends of the family. At a recent fashionable wedding in Washington the presents, though known to have been numerous and costly, were not displayed at all.

HOLIDAY GIFTS.—The popular pastor of Richmond Bay West Presbyterian congregation—Rev. Thomas Corbett—was the recipient of a nice fur coat on Christmas eve presented to him by his people. Not was Mrs. Corbett forgotten. Her Near's gift from the same source was a nice fur cape and muff.—Farmer.

MACKENZIE CAPTAIN.—Captain Lemarstre and some of the crew of the mail steamer Beaver, which has just returned from the Magdalen Islands and Pictou, have arrived at Quebec. Captain Lemarstre reports that the fall catches of mackerel at the islands were very abundant and the inhabitants are consequently in a prosperous condition.

HIS CONSCIENCE SMOTE HIM.—A wealthy widower at Princeton, Ind., named Johnson, who was married on Christmas Day, hanged himself a few nights later. He left a note saying he had broken his promise, not to marry again, given to his first wife on her death-bed, and could not endure the reproaches of his conscience.

EXTREMISM.—Progressive journalism has expounded in English the "Newcastle Chronicle, on a recent day, when it appeared with two blank pages in its leading columns, explained: "We are momentarily expecting Mr. Bright to die, and we leave these open spaces as typographical graves, in which to insert the news without the loss of a moment."

CRIMINAL LAWS.—A Berlin despatch says that at the instance of leading German authorities in criminal law, eminent legal men of nearly all countries have agreed to form an international society with the object of the practical improvement of criminal laws. The movement awaits the adherence of only English and American lawyers, the reasons for whose hesitation is unknown.

A NEW INDUSTRY.—It is not generally known, says the Halifax Chronicle, that a considerable quantity of spruce gum has been shipped within a year or so from this province to the United States. During the past month or so over a thousand pounds were shipped from Shubenacadie station. It brings a dollar a pound in the Boston market, it being chiefly used in the manufacture of the finer quality of rubber goods. The gum pickers get fifty cents a pound for it from the local buyers. It is one of the few things that the American tariff makers have forgotten to deal with and it is admitted freely.

THE HALIFAX.—The Halifax has made her last trip to the island for the season, and will make weekly trips between Halifax and Pictou, leaving here every Wednesday morning punctually. It was found practically impossible, with one steamer, and at this season of the year, to make the round trip to the eastward, receive full freights both ways, and run on passenger time from Halifax. Capt. Ellis took command of the Halifax yesterday, Capt. Hill remaining over the trip to complete arrangements for a sister ship to the Halifax, which has now become a necessity, to enable the company to do the business offering, "one steamer" not being able to do more than half of it.—Halifax Herald.

WHY STANLEY WANDERS.—A German paper says that Henry M. Stanley is wandering in Africa on account of a love affair. It is said that he became enamoured of a young English lady. The hero who faced such stupendous difficulties was too modest on any to tell her of his love, but confided it to her brother, requesting him to be his mediator. The English lady refused to take the initiative; she would neither decline or accept of the lover, who had not courage to "speak for himself," but promised to think over the problem. While she was thinking came the call to Stanley to march off to Africa for the liberation of Emin, and he went, leaving the English Calypso to her cogitations.

THAT BREACH OF PROMISE SUIT.—Referring to the breach of promise suit—Prince vs. Tremaine—the St. John Telegraph says: "A large batch of engagements, are in the hands of her lawyers, and the trial is expected to prove very interesting. In view of the fact that the young man has sought new ties. After the serving of the writ a letter was sent by the respondent to the young lady asking for an interview, but he was referred to the legal firm who act for her. They have also been placed in possession of a threatening letter received by Miss Prince, from some unknown source, but having a United States stamp on it with a Massachusetts postmark, and purporting to be written by a party there. It is signed by one name and at the bottom has a dagger. It threatens her with injury unless she desists from her prosecution of Tremaine, commencing with the suggestive words: 'We shed no blood.'"

Personal.

The Duchess of Cambridge pays a well-known vocalist \$4,000 a year to sing to her party.

Don't ridicule the poor man who supports ten or a dozen dogs. Perhaps that is the only way he has to keep pup.

For the monument of General Grant, which is estimated to cost half a million, only \$150,000 has so far been raised.

Captain Hill, of the steamer Halifax, is on a business trip to the Island. He will visit Summerside, Souris and Georgetown before leaving for home.

Hon. J. A. Chapleau is staying in Paris, and will shortly undergo an operation. It is expected that after about fourteen days rest he will be able to return to Canada for the opening of the Dominion Parliament.

On Christmas day, Mr. George W. Childs, it is said, distributed among the editors, reporters, correspondents, clerks, compositors, pressmen and other employes of the Philadelphia Ledger nearly \$40,000.

It is reported that the Emperor of Germany owes the recurrence of his ear malady solely to his own obstinacy in living in the marble palace at Potsdam in defiance of the advice of his physicians. He is now going to buy a villa at Reichenhall.

Mr. David M. Stone, of the New York Journal of Commerce, is perhaps as literally the editor of his paper as any newspaper man in the country. With a single exception, not an editorial that he has not written himself or carefully edited has gone into his journal during the last 29 years.

Emperor Francis Joseph and King Humbert of Italy have exchanged the most cordial of New Year's congratulations. The Emperor has sent an autograph letter to Emperor William expressing complete confidence in the maintenance of peace.

Edward Shannon, who celebrated his 100th birthday in Pittsfield, Mass., last week, sat up all night and dined full broad daylight. He has always used liquor and tobacco. But for such bad habits as these he would probably stand a chance of completing another century at least.

The London Chronicle's correspondent at Vienna says he hears that the Czarina's ailment is becoming like that from which her sister, the Duchess of Cumberland, suffered several months ago, that great anxiety prevails in the Imperial family, and that the family physician has advised the Czar to summon Prof. Leidenfrost, who cured the Duchess of Cumberland.

A SAD ENDING.—There was a terrible ending to the Christmas festivities at Austin, a village about fifteen miles south of Harrisonville, Mo., a few days ago. The Sabbath School gave a Christmas tree entertainment, and the young people gave a dramatic performance to wind up the evening. During the course of the performance the heavy villain sits by his own hand. The part was taken by Walter Webb, a well-to-do young farmer and when he made the supposed fatal blow he tripped and fell forward, the knife piercing his heart, and he died instantly.

Consumption Cured.

An old physician, retired from practice, having placed in his hands by an East India missionary, the formula of a simple vegetable remedy for the speedy and permanent cure of Consumption, Bronchitis, Catarrh, Asthma and all Throat and Lung Affections, also a positive and radical cure for Nervous Debility, and all Nervous Complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his suffering fellows. Actuated by this motive, and a desire to relieve human suffering, I will send, free of charge, to all who desire it, the receipt in German, French or English, with full directions for preparing and using. Sent by mail by addressing with stamp, naming this paper, F. A. NIXON, 449 Power's Block, Rochester, N. Y.
