all. We vote for having the country advertised in every possible way; and although the advertisements may contain some bunkum, like patent medicine literary clap-traps, there will be scraps of truth at the bottom, and we shall find in the long run that the advertisements pay. Put aside, then, we beseech thee, Mr. Currie, all little spite and envy when you see a dashing article on our local affairs in a Colonial or British journal. Don't stop to estimate its merits by the consideration that it may have been written by a person not quite so influential as yourself, and by long odds not nearly so good looking.

ANOTHER VOICE FROM ABROAD.

The Halifax *Reporter*, of a late date, in reviewing the political affairs of the several British American Provinces, takes a very just and impartial view of the unhappy position in which this Island has been placed by "fanatics and unscrupulous politicians" under the countenance and direction of the Government. The *Reporter* is an excellent and influential journal, and quite independent in its political opinions. We suppose the "fanatics and unscrupulous politicians" who write for the *Monitor*, *Islander*, and *Protestant* will say that the remarks in the *Reporter* were either written here, or written at the request of parties here. This is the only way the "fanatics," &c., can meet the arguments of the able journalists in the other Provinces.

"A few words as to the little colony of Prince Edward Island, where we regret to see so much ill-feeling and discord prevail. None of the Colonies appear more adapted to afford a life of peace and plenty to its people than this little Island, with its fertile plains and valleys, which return so rich a harvest to the agriculturist. With regret do we see a people who should cultivate kindly feeling and charity towards each other, displaying all the worst passions of humanity, and making themselves the tools of mere fanatics, who have lit the torch of religious discord. A few politicians—apt pupils of the proscriptionists who raised so much excitement in Nova Scotia—have been busily engaged for months in arousing the religious prejudices of the Protestants against the Catholics. At the recent elections all party principles were set aside for the cry of Protestant *vs* Catholic. The people were told—as in Nova Scotia—that their liberties were endangered unless every Protestant came up to the polls and voted the Protestant ticket. The presses of the Government teemed with articles of the most unpardonable character—defamatory of the institutions of a large body of the people of the Island. Yet the Catholics, as far as we can see, did nothing to afford even the shadow of a pretext for the course pursued by the party in power. The Catholics, numbering nearly thirty-five thousand persons, mostly all supporters of the Liberal party, never enjoyed a share in the Government equal to what their numbers and influences perhaps entitled them to; and yet they were abused and denounced. The Government party, however, succeeded, by this unprincipled means, in obtaining a large majority; but not content with the victory, they have sought to perpetuate the excitement they created. They succeeded in the late session of the Legislature in passing a bill for the incorporation of Orange, Lodges which has, as might be expected, embittered the bad feelings already in existence to a very large extent. The Catholics and Liberal Protestants are signing a petition, asking the British Government to refuse its consent to the bill, and we have every belief they will be successful, for the Imperial policy is well known to be opposed to all measures which tend to arouse religious prejudices in any part of the empire. We hope fervently that the intelligent men of the Island will make an effort to throw off the ill-feeling which a few fanatics and unscrupulous politicians have succeeded in arousing, and will cultivate those kindly feelings among all classes, without which no community can ever be happy or prosperous. Every man of sense must see the evil consequences that will result from making religion a mere stalking horse for the use of politicians, who are ever ready to sacrifice even the most sacred things at the altar of their own aggrandizement."

A POETIC GEM.

We commend to our readers the beautiful and spirit-stirring "Lines on Poland," which are printed on our first page. They will be readily remembered as the production of Thomas Campbell, author of the "Pleasures of Hope," who ardently loved Poland, and admired the genius and valour of her sons. Poland's condition to-day is nearly the same as it was on the memorable occasion when these lines were written. Perhaps her prospects are somewhat brighter. But fear of the Autocrat is apparently as strong as it was, on the part of certain European powers, when the Poles made their last great struggle for freedom. It is true, there is a good deal of sympathy, "moral support," and all that sort of thing, manifested; but mere "moral support" will not blunt the Cossack lances, and stay the sanguinary deluge by which the fair fields of Poland are overrun. For still

"Oppression that has belted half the globe,
 Far as his knout could reach or dagger probe,
 Holds reeking o'er our brother freemen slain
 That dagger—shakes it at us in disdain;
 Talks big to Freedom's states of Poland's thrall,
 And trampling one, contemns them one and all."

There is not only great energy but great beauty in the following couplet. Let us hope that other countries as well as Poland will merit its application:

"States caring not what Freedom's price may be,
 May late or soon, but must at last be free."

A new Cathedral is about to be erected in Havanah, built wholly of iron, the estimated cost of which is one million dollars.

THE CIVIL WAR IN THE STATES.

NEWS BY TELEGRAPH.

St. John, June 1st (evening).

The Cincinnati Commercial has particulars of Gen. Grants' operations to the 22nd ult. The army was confident of an easy victory when it marched upon Vicksburg, but the rear defences proved most formidable, consisting of a chain of forts connected by deep entrenchments extending for miles. In an assault the army lost about 2000.

Officers are of opinion that another assault will not be ordered, but that a regular siege will be resorted to.

No serious apprehensions are entertained of an attack in the rear of Grant.

Grant is reported to have taken 8,400 prisoners and 84 pieces of artillery.

It is believed that the report of the arrival of Bank's forces at Warrenton is true.

It is also confirmed that Pemberton offered to surrender Vicksburg on terms.

A special despatch to the Louisville Journal states that Marmaduke has captured Helena, Arkansas, and a negro regiment, who, with their white officers, will be hung.

St. John, June 2.

The investment of Vicksburg is so close that beseigers and besieged are a few feet of each other within their works.

Grant is reported to be quite confident.

Two blockade runners attempting to leave Charleston Harbour on the night of the 20th were sunk—both had heavy cargoes on board.

A correspondent of the New York Commercial writes from Washington that the reported advance of Lee's army is based on a transfer of a single Confederate division to Culpepper, and that Stuart is preparing for an extensive cavalry raid in Maryland and Pennsylvania.

A letter from General Hunter to Jefferson Davis is published threatening to hang Confederate soldiers and slave holders in retaliation for negro soldiers hung.

The French trenched and assaulted the strongest work at Puebla on the 17th ult. General Ortega surrendered his command of seventeen thousand unconditionally.

One French division started for Mexico on the 20th.

June 3.

Official advices from Vicksburg of 26th ult. indicate no change of affairs. The Federal prospects are encouraging. The Federal gunboat Cincinnati was sunk by the Vicksburg batteries on the 26th ult.

A Richmond telegraphic despatch says that Gen. Banks crossed his army at Bayou Sara, ten miles above Port Hudson, to get behind that position and take it by a land attack.

The Charleston Courier reports the steamer Eagle, from Nassau, has been captured by a Federal cruiser; and also reports that the movements of Gen. Lee's army continued. No alarm exists in the Army of the Potomac concerning these movements.

The New Orleans Era learns that the Mobile authorities have summoned the people to rally *en masse* for the defence of that city, indicating that it is threatened by a Federal force.

It is reported that Sam Houston will run for Governor of Texas, with a design of joining the Republic anticipated.

TO CORRESPONDENTS.

The letter signed "A Protestant," on the laying of the corner stone of the new Wesleyan Chapel, is very well written; but there are some expressions in it which we think would be better out. The author has not, however, given us his name in order that we might communicate with him, and we do not feel at liberty to make alterations in a composition which betrays a master's hand. We thought that every intelligent correspondent knew that it is an almost invariable rule with editors to entertain no communications unless the names of the writers are given in confidence.

"So mote it be," in reference to the remarks of the *Monitor* on Mr. Lawson's signature to the Orange Bill Petition, will appear in our next.

☞ We are indebted to McLellan's Express, St. John, N. B., for a Boston paper of Thursday last. There is a great deal of war news in it, but nothing to show that there has been any material change in the operations before Vicksburg, still the great point of attraction. The city still holds out bravely, and looks hopefully to the raising of the siege.

Telegrams in the St. John papers as late as Friday last contain no news, and are therefore not worth copying.

Drowned.—Mr. Charles Hubbard (formerly in the employ of W. B. Dean, Esqr., of this city) was accidentally drowned in Cascumpec Harbor a few days since. We learn that he was proceeding down the harbor in an open boat, having just pushed her off from the wharf, and while endeavouring to reach his hat, which had fallen into the water, he fell overboard and was drowned.—*R. W.*

Arrivals at the Franklin House.—William S. Caie, Esq., Richibucto; Charles H. Wright, St. John; Hugh Cochrane, Montreal; T. A. Daniels, Worcester, Mass., Agent for Mowing Machine Company; J. T. Nesbitt, Montreal, Ship Builder; Oliver Jones, Esq., Moncton, President Westmorland Bank; Abner Jones, Moncton, N. B.

SPECIAL NOTICES.

MEDICAL ASSISTANCE

is secured to all who suffer pain, by the use of Radway's Ready Relief. The moment it is applied externally, or a teaspoonful in a wine glass of water taken internally, the most severe pains cease. In attacks of Headache, Toothache, Diarrhœa, Pain in the Bowels, or Rheumatism, Neuralgia, Sore Throat, or any affection where pain is experienced, relief is instantly afforded. Its continued use will rapidly cure the disease.

A TRUE DISCOVERY,

Discovered at last. An Extraordinary Medicine. For the cure of Scrofula, Fever Sores, Ulcers, Sore Head, Bad Legs, and all skin diseases, Dr. Radway's Cleansing Syrup, called Renovating Resolvent, is superior to all Sarsaparillas in use. One to six bottles will cure the worst cases. Dose, only a dessert spoonful three times per day.

Harvey Sickler, Esq., the able editor of the *Trunkhannock* (Pa.) *Democrat*, publishes the following in his issue of 30th Oct 1861:

"We deem it due to Messrs. J. C. Ayer & Co., and the public, to make known our experience with the use of their Ext. Sarsaparilla in our family, by stating the circumstances under which it was taken and its effects.

"When our only child, now in his third year, was about eight months old, a sore appeared first in small pimples on his forehead over his nose. These rapidly increased, and uniting formed a loathsome virulent sore which finally spread over his forehead and face, not even excepting his eyelids, which become so swollen that his eyes were closed. We called a skilful physician who administered the usually prescribed remedies. A solution of nitrate of silver was applied until the mass of corruption which covered his entire face turned jet black. The sore again and again burst through the scorched and artificial skin formed by the solution. Meanwhile many remedies were employed without any apparent benefit. For fifteen days and nights he was constantly held by his parents to keep him from tearing open with his hands the corrupt mass which covered his face.

"Everything having failed, we were induced by the high recommendations of Ayer's Sarsaparilla for the cure of Scrofulous disease to give it a trial. In his treatise on Scrofula, Dr. Ayer directs a mild solution of Iodine of Potash to be used as a wash while taking the Sarsaparilla, and it was faithfully applied.

"Before one Bottle of Sarsaparilla had been given the sore had lost much of its virulence, and commenced to heal. Another bottle effected an entire cure, and the general prediction that the child must die was contradicted. His eyelashes, which came out, grew again, and his face is left without a scar, as smooth as anybody's. It is unnecessary for me to state in how high esteem we hold Ayer's Sarsaparilla.

Holloway's Ointment and Pills—No eruptions.—Cold winds, heated rooms, and disordered stomachs, display their deleterious effects upon the human skin. Roughness, irritation, eruptions about the mouth and nose, cracked lips, and chapped hands, are readily cured by the application of Holloway's Ointment, which renders the skin soft and healthy. This Ointment is the best corrective of the red spots, dry patches, and irritable pimples incident to tender skins; it saves all the torments of such affections, and spares their unsightly blemishes, which are not slight or questionable advantages. Holloway's Ointment never disagrees with the most sensitive skin. Ladies may use it with implicit confidence; they will find it exercises a demulent influence whilst operating as a thoroughly detergent agent.

An Extraordinary Medicine!

DR. RADWAY'S
CLEANSING SYRUP,
CALLED
Radway's Renovating Resolvent
Is composed of Extracts prepared in Vacuo.

OF NEWLY DISCOVERED MEDICINAL BARKS, ROOTS, HERBS, PLANTS, GUMS, AND HEALING BALSAM, SUPERIOR TO ALL PREPARATIONS OF SARSAPARILLA IN GENERAL USE.

One teaspoonful of this pleasant and strengthening cleansing syrup will impart immediate strength and vigor to the weak and feeble system, and do more good as a healthy tonic than a wine glass of the most popular bitters and blood purifiers in use.

ITS PRIMARY ACTION—PURIFIES THE BLOOD, STRENGTHENS THE SYSTEM, CREATES A HEALTHY APPETITE, RESOLVES AWAY DISEASED DEPOSITS SEATED IN THE GLANDS, JOINTS, BONES, LIVER, SPLEEN, KIDNEYS AND SPINE.

IT RAPIDLY CURES

All Chronic affections, Scrofula, Syphillis, Salt Rheum, Tumors, Ulcers, Swelling of the Glands, Chronic Rheumatism, Gout, Dyspepsia, Caries of the Bones, Rickets, Nodes, Strumerous Discharges from the Ears, Eyes, &c., Sore Head, Scald Head, Sore Legs, and

ALL SKIN ERUPTIONS,

Humors and Sores of all kinds. ONE TO SIX BOTTLES will effect a perfect cure.

A Guarantee.—One to six bottles of Dr. Radway's Cleansing Syrup—called RADWAY'S RENOVATING RESOLVENT—will cure the worst cases of Skin Diseases, Secondary Syphilis, Fever Sores, Ulcers, or Scorbutic Eruptions, that can be produced. The Syrup is highly concentrated, exceedingly powerful, two teaspoonfuls being a full dose. It is entirely vegetable, and the most elegant medicinal preparation made.

ITS BEAUTIFYING INFLUENCE.

One teaspoonful three times per day, half an hour after each meal, will impart a beautiful clearness to the skin, dazzling brightness to the eyes, sweetness to the breath, regular and healthful appearance to the nails. Persons afflicted with Pimples, Blothes, Pustules, Tetters, and other marks of disfigurement, may rid themselves of these offensive visitations in three or four days. In all ordinary skin diseases, one bottle will secure a cure.

ITS GREAT SUPERIORITY.

We have hundreds of certificates of eminent persons, where from one to six bottles have cured the worst forms of chronic diseases. Persons whose bodies have been a mass of running sores for years, Tumors, Ulcers, Fever Sores, Scrofula, Opthalmia, &c., and never to our knowledge has it required over six bottles to effect a cure.

ITS WONDERFUL POWER.

As an evidence of the wonderful power of this medicine over the system charged with disease, we present the cure of Mrs. Jackson, who for FORTY YEARS, as her husband states, since her birth (and the lady is upwards of 40,) has been afflicted with Scrofula, two bottles only of the Renovating Resolvent completed her cure. Mr. Jackson is a trustworthy witness; he is Postmaster at Annin Creek, Pa. Our readers, by writing to Mr. Jackson, will receive a full statement of facts. Read his letter:

Annin Creek, Pa., Jan 2d, 1863.

Doctor Radway;—My wife, aged over 40 years, has been afflicted with Scrofula from her infancy. In 1855, she suffered severely from Sore Eyes, Rheumatism, Liver Complaint and General Debility. She was confined to her bed most of the time, for eighteen months, during which time I employed six doctors; she continued to grow worse in this condition. She commenced the use of Dr Radway's Cleansing Syrup or Renovating Resolvent; the use of two bottles cured her. I formerly resided in Steuben Co., N. Y., but am now the Postmaster at Annin Creek, McKeen Co., Pa.

The Liverpool and London
FIRE AND LIFE
INSURANCE COMPANY.

THE Agent for the above first class English Fire Insurance Company begs to call the attention of the public to the advantages offered by this Company, in respect to the security to the assured, and promptness to pay losses, which, without disparaging other Companies, may be safely asserted to be superior to those afforded by any other Company in the Island. The Liverpool and London F. & L. Insurance Company has been in successful operation since 1836, with agencies all over the world, and has paid in losses about two millions and a quarter sterling. Its subscribed capital is £2,000,000 sterling, and its invested funds alone amount to £1,312,000 stg.; and the fire premiums for 1861 amount to £360,130 19s 9d; and in addition to this very large capital, the Company, having been established before the recent Limited Liability Act, the individual fortunes of each of the shareholders, comprising some of the wealthiest merchants in Liverpool and London, are liable for the losses, should the whole of the capital be swept away. In this respect it differs, it is believed, from any other Company established here.

And lastly, the Agent being appointed by Power of Attorney directly from England, is authorised to draw Bills the moment a loss occurs, and without referring to the Home Company, to the extent of one thousand pounds sterling.

With these superior advantages, the Company is not disposed (though it might be well justified) to ask a higher rate of premium than other English Companies, which do not present the same advantageous features, and the Agent has been advised that an uniform rate has been agreed upon by the Directors of this Company and the "Queen's," and that the Agents here should, in this respect, "act in concert."

Agent of the Liverpool and London
Nov. 10, 1862 Fire Insurance Company.

[Extracts from Newspapers.]

On reference to a return made to Parliament, and ordered by the House of Commons to be printed, 7th June, 1861, it will be seen that the increase of Duty for the year, paid by the "QUEEN," was £2500, being upwards of £1000 more than paid by any other office ever yet established in this City.

[From Gore's General Advertiser, Oct. 24, 1861.]

"Indeed, we believe that we are perfectly justified in saying that no other Company, within the same period, ever attained so large an income in either the Fire or Life Departments as the Queen Insurance Company. In making this statement, we make no exception even in favor of our older local companies, namely, the Liverpool and London, the Royal, and the Lancashire Insurance Companies."

[From the Civil Service Gazette, Nov. 2, 1861.]

"Among these important institutions stands eminent for its solidity, as well as for its success, 'the Queen Insurance Company,' which last week held its annual meeting of proprietors in Liverpool. A reference to the ample report in another page will fully satisfy every reader of the signal progress made by this association since its foundation. Such success is, indeed, rarely attained; and it attests at once the excellence of its management, and the public confidence in its constitution."

[From the Liverpool Mercury, Nov. 2, 1861.]

"It must be gratifying to the public generally, and especially to the proprietors, to find that its income during the past three years has increased at the rate of £20,000 per annum. We believe that no other Company, within the same short period, ever attained so large an increase either in the Fire or Life Department. This speaks highly for the activity and zeal of the management, while the promptness with which all the claims, arising out of the late disastrous fire in London were met testifies to their financial ability and the care and prudence which marked the investment of these funds."
