Pine Hill College.

CLOSING EXERCISES OF A SUCCESSFUL YEAR—DEGREE OF D. D. CONFERRED ON REV. JOHN MORTON—THE GRADUATES.

(Halifax Herald, May 1st.)

The closing exercises of 1889-90 session of the Pine Hill Theological College took place at St. Matthew's Church last evening. There was a large audience, among those present from a distance being a large number of clergy from P. E. I. There were Revs. Jas. Carruthers, W. P. Archibald, Geo. McMillan, W. M. Tufts, from N. B. Revs. Dr. Macrae, J. M. Robinson, L. G. McNeill, Neil McKay, Thos. Stewart, from Pictou county; Revs. Forbes, Faulkner, McCurdy, Dr. Patterson, McLean, Scott, Carson, Dr. McLeod, Rev. J. K. Munroe, of Antigonish; E. D. Miller, of Lunenburg; Thos. Sedgewick, Tatamagouche; Dr. McGregor, of Amherst; Rev. James Sinclair, J. McGillivray, E. Smith, E. Grant, J. H. Chase, James McLean, and E. Ross, of Colchester county; Rev. D. McDonald, of Cape Breton.

Rev. Dr. Burns presided. The devotional exercises were conducted by Revs. Joseph McLean and A. Faulkner.

The report read by the Rev. Dr. Currie, Secretary of the Senate, showed that 31 students had been in attendance, 17 of whom were juniors. The list of graduates for the present year is as follows:—

Daniel McD. Clarke, B. A., Pictou Co. George M. Johnson, B. A., Stewiacke. John A. Matheson, B. A., Bouleardois, C. B.

Charles McKay, Scotland. Ambrose W. McLeod, B. A., P. E. I. Fred. W. Murray, New Brunswick. F. S. Coffin, B. A., P. E. I.

These received their diplomas in due form. The Rev. John Calder, B. A., and Mr. John A. Matheson, B. A., having passed a highly creditable examination received the degree of B. D. The report went on to say that the increase of students had rendered an enlargement of the college building necessary, and that this work would probably be commenced immediately.

The bursary fund has now a capital sum of \$10,000; having been increased by a legacy of \$1,000 lately reported. Reference was made to the munificent bequest of the late Mr. P. Ross, by which it is expected that the funds of the college shall at some future time be greatly increased, and the study of elocution and sacred music especially encouraged. In this connection reference was made to special benefit received by some of the students from the instruction of Miss McGarry, whose services in the absence of an instructor provided by the senate, had been engaged by the students themselves. The report breathed throughout a hopeful tone, and indicated an undiminished interest in this part of the varied and extended work of the Presbyterian church. After the report and conferring of the degrees, one of which was the conferring of the degree of doctor of divinity on the Rev. John Morton, Trinidad, the valedictory was delivered by Mr. Ambrose McLeod, of P. E. I., and replied to by Rev. Allan Simpson. The Rev. L. McNeill, of St. John, followed, reading an admirable paper on the "Expectation of the Ministry." After singing a hymn, Rev. R. Laing pronounced the benediction.

No More Bars.

ON AND AFTER MAY 1ST LIQUORS MUST NOT BE SOLD OVER BARS IN BOSTON.

A Boston despatch reports that after May 1st, the sale of intoxicating liquors over bars must be stopped in Boston. This order had been expected for some time, but it was hoped, not only by the police commissioners but also by the saloon keepers, that the law requiring liquors to be sold with food would be repealed, but it was not. A bill for repeal of the law was rejected in the Senate a few days ago by two votes, and with the idea probably that there was no further hope of a modification, the police commissioners have given notice to saloon keepers to remove their bars within twenty days. The enforcement of the law will work a serious injury to almost every saloon keeper in the city. The hotels can more readily adapt themselves to the new condition than the saloons, having more room to set tables. Hotel men and saloon keepers naturally protest, and the former are of the opinion that the enforcement of the new law will work injury to the hotel business.

Beef Away Up.

The Halifax Herald reports that the butchers of that city met recently at the Lyceum to consider the state of their business in view of the rapid increasing price of beef. A number of calculations were made and fully discussed with a view to clearly understanding the true position of their business, and it was clearly demonstrated that at the present selling prices, the first cost cannot be made out of the business. A number of prices were submitted and discussed, and it was finally resolved to raise the price of prime joints to the following figures: Steak, 18 cents, roast; 17 cents for best cuts. These figures to stand only as circumstances will from time to time permit. It was decided that an actual detailed statement will be published in the press. From all of which it appears that the butchers of Halifax have entered into a combine.

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup has been used by mothers for children teething for over fifty years with perfect success. It relieves the little sufferer at once; it produces natural quiet sleep by relieving the child from pain; and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle. **ap16 90dyoodwkyly**

LETTERS TO THE EDITOR.

The Railway West.

SIR.—We have another vindication of the truth of the old saying, "There's nothing that tells like the truth." My letter has evidently fetched fire, and I already feel that it has not been written in vain. The Superintendent denies that the cars are disgraced, etc.; and is profuse in his use of adjectives to characterize my statements untrue. If he had just possessed his soul in patience long enough to consult with any of his conductors running West, I trust, the letter we have been treated to would never have passed his secretary's desk. I have no quarrel with the Superintendent. I believe with you, Mr. Editor, that he is desirous of giving us all the facilities he can; but it is useless for him to say that the cars are other than I have described them. That they are the old cars that were first put on the road, he admits; that they may be washed out every day at Tignish or Charlottetown, we admit; but the fact remains all the same that they are simply disgraceful. It ought to be beneath Superintendent Unsworth to take advantage of a simple figure to give the lie to a complaint made in the public interest. I should have written No. 3 for No. 1, and spoken of the summer service the matter under consideration, and the only one that could reasonably come up now. Will the Superintendent deny that the condition of the second-class passenger car that was otherwise than described? I refer you, sir, to any conductor on the line or to the travelling public for the verification of my statement. The man who is not ashamed to compel our poor but respectable female travellers to take passage in a car together with smokers, blasphemers and drunken Indians (and I have time and again witnessed such an anomaly) is not likely to scruple at characterizing any statement I, or any one else, may make as "notoriously untrue." I have merely given the facts. Let whoever feels so inclined, verify them.

The Superintendent becomes sarcastic towards the close of his communication. Although probably well enough qualified to rehash every Spring the ordinary Time Table, I don't think that even his most enthusiastic admirers would consider him so far removed from the common by his genius as to be above taking a little more assistance than his ordinary staff afford. And possibly a more gentlemanly spirit than his letter and its pendant breathe, would better befitted one of the first public officers in the Province. WESTERN PUBLIC.

Summerside Notes.

Trade has been quite active here since opening of navigation, and several of our enterprising citizens have new dwelling houses in course of erection, amongst whom I may mention, William Stewart, Esq., and our popular Stipendiary Magistrate, Neil McQuarrie, Esq.

Mr. Pierce Doyle is also erecting a large and commodious dwelling at Egmont Bay, where he intends in future to reside, in order that he may the more successfully prosecute his farming interests. In addition to the valuable property of which Mr. Doyle is owner in Summerside, he has secured six hundred acres of land at Egmont Bay, and he intends to make of this a model farm for Prince County. Summerside loses, therefore, in the person of Mr. Doyle, an active and energetic citizen; but he feels that after the turmoil of an active life in the town, the seclusion and calm of a quiet life in the country, viewing his broad acres, will be beneficial to his health.

The Frank C. Batt has resumed the Summerside-Bedford route, and is giving entire satisfaction under her new management.

The schooner Avenger is loading here at present for West Indies, and the Island steamers are taking a large quantity of exports daily from this port.

The Item Passed.

In the House of Commons, a few days ago, the item of \$1,500 to assist in the erection of buildings in connection with the school for Indian girls to be conducted under the auspices of the Church of England at Yale, British Columbia, Mr. McMillen took objection to the Government aiding denominational schools. He claimed that the first thing the House knew the Roman Catholics, the Presbyterians, the Methodists, would be looking for the same kind of grants.

Hon. Mr. Dewdney stated that the hon. gentleman opposite did not object to the grant to an Indian school under the auspices of the Methodist body a day or two ago.

Mr. Mills hinted that Col. O'Brien could not vote for this appropriation after the stand he had taken on the Jesuits' estate matter.

Col. O'Brien retorted that the cases were not on the same plane, because in the North-west there were schools that were intended to convert pagan Indians to Christianity. The item passed.
