Back Stretch

(Continued from Page 6)

maries since the above we note where the pacer Crusader Chief, owned by P. J. Cadegan and driven by Worrell Lewis, vanquished a rather good field, winning the first heat of the Junior Free For All in 2:11 4/5 and was third in the second. Globe Trotter (Mauger) was 3-1, Ohio Hal (Moffatt) 2-4, Cyclonic (Vickers) 5-2 and Ensign Joe (McQuarrie) 4-5. Globe Trotter is owned by Harry Hirsch, Sydney. The trotter Brendon's Boy, owned by Cyril McQueen of Sydney and driven by Worrell Lewis, won Race No. 5 from five others in 2:22 1/5.

In the latest issue of the Canadian Sportsman we see where that good race mare Colleen Scott p. 2.08 1/4, t. 2.08 1/4, by Scotland 1.59 1/4, is offered for sale and the ad states that she is in foal to The Diplomat 2:01 1/5. Her present owner is E. R. Macklin, Burlington, Ont. Colleen Scott's last appearance in the Maritimes was in 1946 when she took part in eight races and had winning brackets in all but one of them. Many will remember this one — Aug. 13, 1946, Charlottetown — Colleen Scott (Harrison) 2-1-1, Joe Direct (Baxter) 1-2-2, Peter Brook 2nd (E. Sample) 2-3-5, The Baker (Mehan) 4-4-3, Alycane 6-6-4, 2:11 1/2, Henley 5-5-6. Time, 2:09 1/4, 2:11 1/2, 2:10 1/4. She was then owned by W. G. Stewart, New Glasgow, N.S. and was sold the following spring to the Pine Ridge Stable of London, Ont.

Claude MacArthur of Shediac, N.B., is the new owner of the six-year-old pacer Buddy Clegg 2:16 2/5 by Abner T. Clegg. Mr. MacArthur is the brother of the famous hockey player Hymie MacArthur, whose brilliant rushes with the puck are still remembered by those who witnessed the Big Four games in 1932-33. Claude and his brother are no novices with horses. From time to time they pick up a likely prospect that needs some care, grow new feet and improve the physical condition of the animal so that they have a race prospect. In Buddy Clegg they have a horse with intense speed as those who watched him perform last season will agree. The writer had him up to a mile in 2:19 2/5 with the last half in 1:07 1/5 and lots of eighths close to 15 seconds with one eighth in 14 3/5. Our best wishes for success go with him.

Commander George Buntain and Mrs. Buntain left yesterday for Lexington, Kentucky, where they will take in the famous trots next week and the following week, also the auction sales at Tattersalls where the get of Walnut Hall Farm, Walnut Hall Stud, Gainesway Farm, Castleton Farm and other great speed nurseries will be auctioned as well as consignments of race horses with records. With the fast futurity colts that have been racing this season in the two year old and three year old events and the many good aged trotters and pacers, this year's Lexington trots should pretty nearly equal anything that has ever gone before. George is contemplating buying a yearling or two-year-old if he sees something that takes his eye.

Good prices are being paid for what looks to be a stake winner. Recently Miss Mamie by Palachuk won in 2:06 2/5 and back in 2:06 over a half-mile track. That led to her sale to Paul Wixom, Gene Acres Farm, for \$10,000. She was turned over to the Wisconsin trainer Art Shaw for further racing and will be staked next year. Palachuk was purchased as a colt, given his training and brought up to a mile better than 2:10 by the late Raoul Potvin of Montreal. The writer saw him race over Richelieu Park, winning from a good field in 2:12 1/2.

For the first time no American owned horses or horses of American origin were starters in the Prix D'Europe at Versailles, France. The winner was Cyrie Volo and the purse was one million francs. It sounds like a terrific

Bob Feller Award Winner

NEW YORK, Sept. 21—(AP)—Bob Feller, big gun of Cleveland Indians pitching staff, today was named the August winner in the Hockok Pro Athlete of the Year Poll.

Feller, first baseball player to qualify this year for the top prize, nosed out light heavyweight champion Joey Maxim for the month's award. Bobby received 40 first place votes and 181 points (on a 3-2-1 basis). Maxim, who retained his crown by defeating Bobby Murphy, garnered 33 first places and 168 points.

rific amount but reduced to American money would equal about \$3,000.

We notice in the summaries of Truro Raceway that Johnny Conroy is holding up his driver's average. At the night session of September 15th he drove O.K. Volo to a win in the first race in 2:12 4/5 and repeated in the 4th dash with the same horse in the same time. He also drove Westphal Girl to a new record of 2:17 4/5 in the second race and Tiny Budlong won the 7th race for him also. The same night Clayton MacLeod won the 6th race with Iola Henley in 2:09 2/5 and the 9th race with her in 2:08 3/5. It will be remembered that Iola Henley paced in 2:08 1/5 at the night race meeting of July 21st, displacing the previous track record of 2:08 1/4 set up by Rhea Mae 2:04 1/4 (J. O'Brien) Sept. 1, 1943, and Lew McKinney 2:02 1/4 (C. Clark) Sept. 13, 1944.

The following wire from our good friend Jim Calkin gives the results of the night races held at Woodstock last Wednesday night: Mr. McGee reduced his record to 2:16 in a double win. Richard Budlong was a double winner of the fast class, best time 2:13 2/5. Other wins were Charming Guy, Anchors Aweigh, P. E. I. Budlong and Bonnie H. Mr. McGee is owned and was driven by J. H. De Witt.

Our good friend George R. MacDonald, Boston, Mass., was a spectator at the night races at Foxboro this week and was pleased to see our mutual friend Dannie Steele win the 2:14 trot for three-year-olds and up, with New Hope in 2:13. In the 2:13 pace Abner Britton was second in the one and one-sixteenth mile in 2:19 1/5. Glad to have your news from time to time, George, and thanks a lot.

Last Saturday night's races at the Charlottetown Raceway had particular interest for the writer in that a favorite race mare with me, Babe Britton, was just beaten by a nose in the 4th dash by Nell Kalmuck (W. Kelly) and won the 8th dash from Lela Budlong (Collins) Feather Duster (L. Kelly) and three others, in 2:13 3/5. Babe had been racing in rather hard luck this season but Len O'Meara had the winning combination and our congratulations to him and to owner George Thompson—a real good sportsman. Another favorite of mine, the 15-year-old trotter Baron (C. Smith) was 3rd in the second dash to Milldale (W. Kelly), Jimmie A. (C. O'Brien) in 2:15 3/5 and won the 6th dash in 2:15 with Milldale 2nd, six other starters. Baron has responded wonderfully to driver Smith's new method of training, which consists of large quantities of "Doctor Green" (grass), interspersed with leads through a nearby stream. About an hour and a half to two hours are spent every day by Cyril in this occupation and Baron is raced just once a week with that preparation. Another horse that is going through practically the same regime and has lowered his record is Dean Swift, owned by Commander G. H. Buntain. The day following the race he is taken across the river to Well McNeill's and given pasture exercise daily until brought in for the next event.

Other winners last Saturday night included Marion E. (W. Kelly) winner of race no. 1 in 2:18 and Dot Budlong (Nicholson) winner of the 5th race in 2:18 1/5. As far as I can recall this is the first time either of these pacers has ever appeared in the winning column. Marion E. is owned by Cliff Ellis, O'Leary, and Dot Budlong by Murdock Nicholson. In the 3rd and 7th races New Look, owned and driven by James McGregor, won, showing his real pre-season form by pacing in 2:13 and 2:13 2/5. The racing season here is rapidly drawing to a close and we understand there will only be three more meets, so fans, take advantage of the opportunity to see one of these tonight. The program is an even better one we believe, than last Saturday night.

Hunters Corner

and Natural Resources.

Stirling MacKay, Charlottetown, had the contract of constructing this dam and made a good job of it. This is no pint-sized project but ranks with the biggest dams in the Province and is located on a top ranking trout river. Investigating officers discovered that someone had washed potato spraying equipment on a bridge spanning the stream above the newly constructed dam. The dried residue of arsenate of lead and other ingredients used in spray mixture, found adhering to the bridge structure.

It is understood that dead trout have been observed floating down the by-pass on this dam and the total number of fish killed is only a guess at the best. However, it is felt that the number actually counted constitutes only a small percentage of the total. It's passing strange that just as sportsmen feel we are beginning to get somewhere in our dam building and wildlife conservation project, someone has to pull a stunt like this. The sixty-five dollar question uppermost in the minds of trout fishermen is: What action is contemplated by enforcement authorities to combat this menace of pollution?

A few days ago I took a peek at the beautiful trout and salmon pool below the old power dam on the Montague River at Valleyfield. This well known pool is filled to the brim with silt from the gravel washing plant located on the stream above. If it's not starch residue it's gravel; if it's not poisonous spray material it's sawdust... where or when is this distressing situation going to end?

The sawdust situation is grim at the present moment. I know a mill where the owner allows no fishing on the dam above or the stream below... just lets everything take its course in the line of sawdust. Just what he hopes to achieve

to see one of these tonight. The program is an even better one we believe, than last Saturday night.

They are still whooping it up at the Sydney Raceway and last Tuesday night Jimmie Given drove his Bud Kalmuck to a win in the 1st and 4th classified trots, time 2:12 2/5, which is a new record for Bud Kalmuck, and most surprising of all he headed Cobblestone (W. Lewis) that was 4-2 and three other good trotters. Races 2 and 6 were won by Mae Harvester, owned by Lloyd McQuillan, Sydney, and driven by J. MacDonnell, best time 2:16 4/5. Other straight heat winners were races 3 and 7, won by Billy P. C. Parker, owned and driven by James Given, Halifax, best time 2:13, which we believe is a new record for Billy. Races 5 and 8 were won by Mary A. Raemore, owned and driven by Don Ratchford, North Sydney, best time 2:18 2/5. There was a bad spill in the first heat of Race No. 3 which resulted in Jacob Withrow crashing heavily to the track, his sulky being smashed but driver Fraser uninjured. Sulkeys of other horses were broken in the melee.

PHILADELPHIA, Sept. 20—(AP)—The Pennsylvania State Athletic Commission said today it will recognize the winner of Monday night's Harold Johnson-Archie Moore bout as the logical contender for Joey Maxim's light heavyweight title.

ATTENTION RIFLEMEN

The City Championship Match will be shot on Saturday, September 22, beginning at 1 o'clock. The first range will close at 2.30. The match is open to all members of the Provincial Rifle Association. One hundred dollars in prizes.

ATTENTION

ALL NAVAL AND EX-NAVAL PERSONNEL. All those wishing to attend the dedication service at St. Dunstan's University on Sunday, September 23rd are asked to meet at HMCS Queen Charlotte at 0900. Uniforms may be worn and transportation is provided.

The next of kin of deceased Naval Veterans are invited to be present at the dedication ceremonies. COMMANDING OFFICER.

NATIONAL HAT WEEK: OCT. 13-20 INCLUSIVE

Smart travellers prove...*

more people wear STETSON HATS than any other brand

* A recent, independent survey of hats worn by Canadian airline passengers at Canada's major airports showed that Stetson led the next brand many times over. At Edmonton it was nearly 4 to 1. Cosmopolitan travellers choose Stetson hats, because Stetson style, quality, and all those other things which represent value are standouts any place.

You'll be smart in the Stetson Wanderer \$15.95

Other Stetson hats from \$8.95

lève by prohibiting trout fishing is a moot question.

Not so long ago an acquaintance of mine, who has all the angles figured out and who is as quick on a comeback as was the late George Bernard Shaw, decided to sample the trout in the pool below this

mill. The owner has the reputation of being tough as they come. My friend had several nice trout when the owner suddenly appeared. He was stepping on the balls of his feet and fairly bristling with indignation.

He thundered: "Whatta you do-

ing with those trout?" "I'm wiping the sawdust from their eyes" was the calm reply. They say that 'a soft answer turneth away wrath', but in this instance there was a marked sulphurous taint in the air for several minutes. However, to quote a Court expression, there were: "No questions".

SEE YOUR FORD-MONARCH DEALER OR YOUR MERCURY-LINCOLN-METEOR DEALER

Your car NEEDS MORE THAN AN OIL CHANGE AND ANTI-FREEZE

Before the full force of winter's fury strikes, make sure that your car gets complete winterizing protection... not just an oil change and anti-freeze. Let your Ford-Monarch Dealer or your Mercury-Lincoln-Meteor Dealer give your car the protection it needs now with Complete 5-Way Winterizing Service—a thorough, step-by-step check-up and change-over service that will keep your car in top shape through the toughest weather. Drive in for this quick, economical Complete Winterizing by expert servicemen, trained in the latest factory-approved methods... using modern, factory-approved equipment... and making any necessary replacements with Genuine Ford Parts that are made right... to fit right... and last longer. Get Complete 5-Way Winterizing and be fully protected for cold weather driving.

Here's 5-Way PROTECTION

1. Flush cooling system—check connections—install Genuine Ford Permanent Type Anti-Freeze for dependable all-winter protection.
2. Inspect fuel system—check and service carburetor, fuel pump and all fuel lines and connections for greater economy.
3. Inspect ignition system—test and adjust distributor—clean sparkplugs—examine high-tension wiring—for easy starting.
4. Test electrical system—inspect and adjust voltage regulator—check battery and leads—check starter, generator.
5. Lubrication—drain crankcase and add winter grade oil—service transmission and differential and lubricate all chassis points.
